

ANNUAL REUNION OF CONFEDERATE VETS HELD FRIDAY

Mr. A. H. McDaniel Camp Commander—Twenty Present For Luncheon—Twelve Will Go To Charlotte

Rutherfordton, May 13.—The few remaining members of the fast thinning ranks of Confederate Veterans of this county met in annual session here Friday. Only twenty veterans of the War Between the States were present. The number of living soldiers in the county is possibly about twice this number, but age and infirmities prevented their attendance.

The annual meeting of The Rutherford Camp, Confederate Veterans, was held Friday morning. Officers for the ensuing year were elected as follows: commander, A. H. McDaniel, Forest City; lieutenant-commander, A. C. Higgins, Bostic; adjutant, O. C. Wain; chaplain, W. W. Womack, County.

At 11:30 Reno's Funmakers, who were playing here last week, furnished their band, which gave several selections for the veterans. Their orchestra played during the luncheon hour, and the old soldiers were greatly pleased with the selections played.

Luncheon was served by the Davis-Dickerson-Mills Chapter, United Daughters of the Confederacy, at The Lantern Tea Room. The Fred Williams Post, American Legion furnished lemonade, and The Wilson-Stamey Grocery Co., gave cigars. During the luncheon hour talks were made by Mr. R. S. Callahan, formerly of Company G, 16th Regiment, and Mr. L. C. Hardin. Dr. William Anderson, of Blacksburg, spoke in appreciation of the splendid services of the women of the Confederacy, and eulogized the sacrifices and hardships endured by these brave women in behalf of the Lost Cause. Mr. R. P. Greer, although not a veteran, was present and spoke briefly. Mr. D. F. Morrow gave each veteran present a copy of his "Then and Now". It was announced by the daughters of the Confederacy that a booklet will be published soon giving the history of the Rutherford men in the War Between the States.

Twenty veterans were present. They were J. M. Goode, R. S. Callahan, J. M. Taylor, E. D. Mauney, W. W. Womack, Jas. I. Harrill, C. S. Lynch, G. B. Guffey, A. H. McDaniel, W. M. Nanney, Robert H. Taylor, Isaac Hollifield, J. H. White-side, John G. Kennedy, S. L. Spratt, L. C. Hardin, A. C. Higgins, J. L.

Wright, Dr. Wm. Anderson, Aaron Wall. Mr. Aaron Wall, of near Henrietta was the oldest veteran present, being 91 years of age. He is the last surviving member of Company D, 16th Regiment, which was organized under the name of "Burnt Chimney Volunteers", at Forest City, and was the first company to leave the county. Mr. R. S. Callahan is the only surviving member of Company D, 16th Regiment which left the county two days after Company D. Captain H. D. Lee commanded Company D and Captain Champion T. N. Davis commanded Company G. It is said that Mr. J. L. Wright was the youngest veteran present, with Mr. Isaac Hollifield next.

A number of the veterans expressed their intention of attending the Confederate Reunion in Charlotte. Among those who expect to attend are: Messrs. J. M. Taylor, A. H. McDaniel, Isaac Hollifield, L. C. Hardin, J. M. Goode, R. S. Callahan, J. L. Wright, Aaron Wall, John G. Kennedy, J. H. Whiteside, J. I. Harrill and Robert H. Taylor.

Many of the veterans spent the day in Rutherfordton and could be seen sitting around in groups discussing the past. It was indeed a happy day for the surviving members of the Lost Cause.

MOUNTAIN PASTOR GETS \$5 PER YEAR

Albert Hudson Serves South Mountain People as Preacher for Small Salary

Albert Hudson is a natural born orator and felt a call to preach to the South Mountain people. He couldn't read and write when he felt the call to preach, but he began studying and soon overcame this handicap. Today he is serving a number of mountain churches and preaches a very creditable sermon. He is rather emotional in preaching among the mountain people with whom he has lived all his life, but because of his lack of an education, he is too timid to go beyond his circuit to fill appointments. Often he has been asked to preach at other churches, but he has consistently declined, preferring to do his work among his home people. There he is highly respected and preaches very earnest and sincere sermons. Farming is his vocation and he is a prosperous one, too. He is married and has five or six children.

One of his churches is up in Rich Mountain, situated at the corner of Burke, Cleveland and Rutherford counties. When asked what the Rich Mountain people paid him he replied "Five dollars a year," and never complained of his salary.

Recently a bad man (a distiller) ran the school principal off and raised such a disturbance when Mr. Hudson was preaching at a school house where he was conducting a service, he resigned in disgust. He still has a number of places, however, where he preaches regularly in the South Mountain section. — Cleveland Star.

GRAIN FEEDING IN SUMMER PAY PROFITS

Proof Furnished By Cow Testing Association Figures

When a twelve-year-old cow can produce \$5.00 a month extra profit above the cost of feed, dairymen may be certain that summer grain feeding pays.

This was shown in a recent experiment by the Wisconsin Cow Testing Association when an old cow was fed \$13.75 worth of grain over a period of four months while on summer pasture. Her extra production over the previous summer's record was 279 pounds more milk and 10.5 pounds more butter fat per month, a total of \$33.50 return on the \$13.75 investment. She was fed eight pounds per day of the following grain mixture:

| | |
|--------------|----------|
| Wheat Bran | 200 lbs. |
| Ground Oats | 100 lbs. |
| Hominy | 100 lbs. |
| Linseed Meal | 100 lbs. |

In one association, the year-round

record on four cows averaged \$38.84 higher with a summer grain ration. The extra feed cost was only \$5.24 per cow—a profit of more than \$34.00 extra from each cow.

The reason for these remarkable results, according to the Wisconsin Cow Testing Association, is the fact that 100 lbs. of grass are equivalent to only 15 or 20 lbs. of good hay. In winter the dairyman adds silage and at least some grain to the ration—but in summer he too often turns out the cows to pasture without a thought as to whether they will get enough to eat. A good cow generally loses about 100 pounds of body weight after her first six weeks on fair pasture with no grain.

Even when the pasture is at its best in late May or June it is advisable to feed some grain to cows producing one pound or more of fat a day. But as soon as the grass shows signs of maturing or drying-up, it is time to start promptly with a high-protein feed ration for the entire herd.
