

MISS LOUISE ROSE BECOMES BRIDE OF MR. P. D. NANNEY

Prominent Young Spindale Couple United in Beautiful Home Ceremony Wednesday

Spindale, June 13.—A wedding characterized by beauty and charm and of interest throughout the state was that of Miss Charlotte Louise Rose and Mr. Pinkerton DeVault Nanney which was solemnized at the home of the bride's mother, Mrs. Lula B. Rose in Spindale on Wednesday evening at 8 o'clock, the Rev. M. F. Moores, pastor of the bride officiating. Miss Lela Morris attired in orchid georgette and wearing a shoulder bouquet of pink rose buds rendered the nuptial music. The lower floor of the home was thrown en suite and was beautifully decorated for the happy occasion. In one corner of the living room an improvised altar and archway was formed over which was draped soft folds of white material, with trailing vine, daisies and Queen Anne's flowers, and a handsome brass candelabra holding seven yellow and white tapers, shed a soft glow over the wedding party, making a beautiful setting for the occasion.

Preceding the ceremony Miss Morris played Schubert's Serenade and "To a Wild Rose" while the vows were being spoken. Little Miss Betty Rose, sister of the bride, wearing a blue ruffled organdie dress, entered from the stairway, scattering rose petals in the path of the bride. Master, J. C. Wylie, wearing a white bolero suit, carried the ring in a white lily. As the soft strains of the wedding march from Lohengrin sounded, Mrs. Ocie Nanney, matron of honor then entered. She wore a lovely gown of yellow and green taffeta, with a black picture hat, and carried an arm bouquet of yellow roses and snap dragons. The bride entered alone, was gowned in a white crepe chiffon, made very long with a train. Her tulle veil was worn cap fashion with sprays of orange blossoms. She carried a shower bouquet of valley lilies and bride's roses. The bridegroom entered with his best man, Mr. Glen M. Scott, of Charlotte, and met the bride at the altar where the marriage vows were taken. The ceremony was witnessed by the immediate families and a few close friends of the young couple. Immediately after the ceremony the bride and groom left on a wedding trip through the Shenandoah Valley. The bride wore a smart French blue ensemble going away suit, with egg-shell accessories.

Great quantities of roses and sweet peas were used to decorate the porch and rooms where dined hearts were played at five tables. The guests were met on the porch and served punch by Miss Nancy Wilson and Mrs. Foard, and Mrs. Downum received in the living room.

The announcement, which came as a complete surprise, was made in

the form of a telegram to Mrs. C. S. Warren, which read:

Chairman of Board of County Commissioners Summoned For Alleged Neglect of Duty

Rutherfordton, June 13.—Hardin H. Tucker, chairman of the Board of Commissioners of Rutherford county, was named defendant in a civil action in a summons by N. M. Ponder Tuesday. The summons was made returnable before Justice of Peace Lindsay Purgason, June 25, at his office in Logan Store township.

The action of the plaintiff is based on sections 1302 and 1331 of the state code which provides that any citizen may sue an official for \$200 for neglect of duty. The plaintiff alleges that Mr. Tucker, as chairman of the board, failed to require an itemized and verified statement of account to be filed by attorney M. L. Edwards, of Rutherfordton. Mr. Edwards recently presented a bill for \$800 for services to the county, it is alleged, and that the county treasurer paid this claim, on order of the board, before the claim was verified and audited. It is further alleged in the summons that such action on the part of the board is a violation of the state law, and under section 1331 of the state code any citizen may sue for \$200 in a civil action.

COTTON CROP TO FARE BADLY IN NORTH CAROLINA

Farm Experts Say Weather During Winter Too Mild To Kill Weevils

Raleigh, June 11.—Indications point to an unusually heavy boll weevil infestation this Summer, as approximately twenty per cent of the boll weevils that went into Winter quarters last Fall survived the mild Winter, according to observations made by the entomologists of the State Department of Agriculture at the Aberdeen laboratory, it was announced today.

This means that about nine times as many survived the Winter of 1928 and 1929 as survived the Winter of 1927 and 1928, and 22 times as many as survived the previous Winter. Furthermore, it was pointed out that the survival was 25 times as great as during the Winter of '25-'26. The initial infestation on cotton in the field should, therefore, be much heavier than for any year since the weevil entered the State.

This does not necessarily mean that the cotton will be overrun by boll weevils and completely destroyed in late summer, because a hot and dry Summer could prevent the normal rapid rate of increase; but it does mean that the early forms on the bottom of the cotton plant will likely be destroyed, unless control measures are adopted by cotton growers.

It is suggested by entomologists that cotton be mopped with a poison molasses mixture, or that it be dusted with calcium arsenate before the first forms appear, in order to kill off some of the weevils. This control measure would be worth following more than ever.

The unusual survival of weevils is regarded as due to the mild Winter. Farmers and fruit growers generally, it was pointed out at the department, are finding insects more troublesome this year, such insects as the peach curculio and Mexican bean beetle being unusually prevalent.

SPINDALE STREET PAVING UNDER WAY

Likely Other Streets Will Be Paved—Business Houses Closing on Wednesday Afternoon

Spindale, June 11.—Preparations are under way for placing the final coating of asphalt on three of Spindale's principal thoroughfares. Spindale Street, about two miles in length, was recently paved with rock, gravel and a tar binder. The composition has been allowed to settle thoroughly before placing on the final coating. Pleasant and Elmore streets paved at the same time, will be completed soon with the final coating of asphalt.

Application and petitions for paving of several other avenues and streets are pending, but it is not definitely known just what action will be taken by the board of aldermen, however, it is probable that these petitions will be granted and several more of the most-used will be paved soon.

Effective last Wednesday the stores and business houses of Spindale will close each Wednesday to allow the employees to enjoy a half holiday. This custom has been followed for several years here. Practically every business house in Spindale has signed the agreement to close, also several of the barber barber shops and certain of the offices.

The workers council of the Methodist Sunday school met Monday evening at the home of Mrs. J. E. Forrester. Practically all of the Sunday school's teachers and officials were present at the meeting, and the usual routine of monthly business was disposed of.

Finding that they could not be here on Monday for the start of the Forest City Kiwanis delegates to Milwaukee with their "Goodwill Advertising Car," Pathe News men came in Thursday to make the moving and sound picture of the car and the ceremonies attendant upon its start. It is to be regretted that the Pathe men could not be here for the official start, but the picture will represent the momentous event in its entirety, for an exact rehearsal of the start was made in the pictures.

About 12 o'clock Thursday the fire truck and the advertising car was driven through the streets to call the people out for the making of the moving picture. By 12:30 an immense throng had gathered upon the street in front of the park to take part in the making of Forest City's first motion and sound picture. In the crowd were numbers of school children with their banners, and the balance of the crowd was made up of the men and women of the city.

After being given minute instructions by the Pathe director, the making of the picture was begun with Mayor Pro-Tem. G. B. Harrill bidding the delegates good-bye and Godspeed. Chas. Z. Flack, president of the Kiwanis Club and official delegate to the Milwaukee convention was absent on account of illness. Rev. G. R. Gillespie and M. H. Hewitt were present, however, and received the Mayor's Godspeed and good-bye. The car was officially christened by Miss Hazel Harrill amid the plaudits of the crowd. After this ceremony, the car was driven through the crowd, followed by the fire truck and crew, through a lane of shouting people. In order to get a correct representation of the scene, the Pathe men made the picture twice, and, of course, will use the one showing best results. This picture will be shown at the Romina Theatre at an early date. Announcement of which will be made in this newspaper.

On Monday at 12:30 sharp, the Kiwanis Club served light lunch and refreshments in front of the Park, after which the official start of the Good Will Tour was made. The ceremonies were opened with prayer by Dr. W. A. Ayers, short talks were made by Rev. G. R. Gillespie, Dr. A. C. Duncan, Mayor V. T. Davis and others. Marshall Giles, secretary of the club, also exhibited a map showing the route of the Good Will Messengers, and explaining that telegrams will be sent daily by the delegates, giving their destination and progress on the trip. This map is on exhibition at the Peoples Drug Store, where all may each day see the exact location of our delegates. Mr. Flack had recovered sufficiently from his recent illness to make the trip.

The "Good Will Messengers" and the advertising car will attract wide attention on its journey to and from Milwaukee. It is the intention of the delegates to visit every newspaper office in every town in which they pass through and leave mats and write-ups of the trip and the city and through this medium Forest City will receive thousands of inches of publicity in the newspapers of the different places. The idea is a unique one, and has appealed to the newspaper men wherever submitted. Already the picture carried in last week's Courier has been printed in numbers of newspapers of this state even before the start of the car from here.
