### When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

## "A GREAT PERFORMER!"

The motoring world has already endorsed the Marquette as "a great performer!" And no wonder—10 to 60 miles an hour in 31 seconds—over the top of a long 11.6% grade at 25 miles an hour, starting at 5 at the bottom—all in high gear! (The average road grade is 7%). 68 or 70 honest miles in comfort! There isn't a phase of performance where it can't show a clean pair of wheels to every car in its price class.

One word can say most about the Marquette—it's "VALUE." The Marquette with the latest Bodies by Fisher is America's most complete moderate-priced car. Throughout this great new six—in every feature, from bumper to bumper, from top to tread—there is more quality than seems possible to put into a car at the price. But it is there, because Buick knows how to build an extra margin of out-and-out goodness into all its products.

Drive the Marquette and you're bound to say, with all the others, "A great performer!"
