Whole Town Excited Over The Big Event.

It won't be long now,  
Until the wedding of the pair,  
If Bobby knew his onions,  
He'd choose the 'lectric chair.

Of course they'll have a family,  
Of little girls and boys,  
And down at W. G. Magness',  
They'll purchase all their toys.

At Betty's Betty'll buy a new fall hat,  
And a pretty traveling gown,  
It's well known that Betty's,  
Keep the smartest stock in town.

No matter what they're needing,  
Cleaning, mending, pressing,  
They'll take it to the City Dry Cleaners,  
They're the secret of good dressing.

If Betty has a pair of shoes,  
That do not match her gown,  
The Forest City Shoe Hospital will dye them,  
It's the best shoe shop in town.

If a wind should blow their roof right off,  
And hurl it down a hill,  
They carry tornado insurance with the Security Ins. Co.  
And they will pay the bill.

The People's Drug Store will fill their prescriptions,  
And they'll know they're done with care,

For courteousness and service,  
They always go down there.

When their Buick stands by other cars,  
Bob's proud that it is his,  
For the handsome looking Buick,  
Is the best buy that there is.

If you want a really modern home,  
Either large or small,  
You'll find the Harrill-King Company,  
Will treat you best of all.

They'll have Hot Point heater,  
And a Hot Point Electric Glow,  
For the best in things electrical,  
The Electric Appliance Co's where to go.

Their living room suite's a dandy,  
Their dining room a beaut,  
Furniture from the Moss Furniture Store,  
Makes any place look cute.

At the Bertie Shop Betty'll get a permanent,  
A facial and shampoo,  
She patronizes the Bertie Shop,  
Cause all good dressers do.

And if a dear friend passes away,  
As people always do,  
At Wakefield's local Flower Shop,  
They'll buy funeral offerings too.

They'll go to Grover's Soda Shop,  
For drinks that are real hot,  
Grover's serve the best drinks,  
Of any that you've bought.

On Stahl's Five and Ten Cent counters,  
Betty finds just everything,  
From the best toilet preparations,  
To a pretty dinner ring.

At the Quick Tire and Battery Service Co.,  
They'll buy Goodrich and Mohawk tires,

In fact this firm does everything,  
The motorist requires.

At the Farmer's Hardware they'll buy an Iron Fireman,  
To reduce their heating bill,  
If there's anything that saves the coal  
Here's a thing that will.

For everything in beauty work,  
The Bertie Shop's where to go,  
Their work is far superior,  
To the average shop you know.

At The Forest City Shoe Hospital  
Bob'll buy oxfords,  
To adorn his great big feet,  
While Betty will get slippers there,  
To keep her ankles neat.

If Bob or Betty's watches,  
Or their jewelry needs repair,  
They'll take them down to Magness' store,

They do them right down there.

Bob and Betty are glad to know,  
For they will buy their groceries at

### TRAIN WITH TELEPHONES TRIED OUT 20 YEARS AGO

One of the earliest demonstrations of the use of the telephone on a moving railroad train in this country was made over twenty years ago when the special train of the Chamber of Commerce trade extension excursionists from Pittsburgh was equipped with telephones.

This was in September, 1908. Telephones were installed in each car and the members of the party were enabled to communicate with each other on the train, although in different cars and while the train was in motion. Connection was also established when the train stopped at various places en route, including Parkersburg, W. Va., Canal Dover, O., etc. The members of the Chamber of Commerce were able to converse from their individual Pullmans to their homes in Pittsburgh.

### CLAIMS WORLD'S MOST WIDELY TRAVELED VOICE

Telephone calls from the Hotel Savoy in London to New York, Geneva, Copenhagen, Berlin, Paris and Stockholm are almost an every day occurrence. The operator in charge of the hotel's switchboard claims a record of having spoken to every country in the world that is connected by telephone with London, and it is his boast that he has the most widely traveled voice in Great Britain, if not in the world. Telephone books are on file at the Savoy Hotel representing no fewer than 28,000,000 telephones in the United States, Canada, Mexico, Cuba, and the countries of Europe that are linked to London by telephone. The only European country not so represented in this list is Soviet Russia.

Commercial telephone service was established between the Southwestern parts of Finland and all parts of England.

### SPORTS OPINION OF HUGH VERNER, JR.

Next week will see the Philadelphia and Chicago baseball clubs clash for world championship. Hugh Verner, ten year old son of Dr. and Mrs. C. H. Verner, of Forest City, gives the following resume of the contending teams in the series:

Philadelphia: Bishop is a good 2nd baseman, but has a weak arm, and Connie Mack is slightly worried about him.

Haas is a heavy hitter. He also is an excellent fielder. Connie Mack is depending on him in the series with Chicago.

Cochrane is also a good hitter and catcher. He was elected most valuable player in league last year, and he is going to show up in the series.

Simmons is a home-run hitter, having hit about 33 or 34 this season. Connie Mack is proud of him.

Foxx, the first baseman for the Athletics, has hit one more home-run than Simmons. He is only 21 years of age.

Miller, being the right fielder for the Athletics, is also a home-run hitter. He has been out lately, but is back again now and ready for the series.

Hale is the third baseman. He is one of Connie Mack's weakest men, but he is steady and is not easy to get rattled.

Boley, like Bishop, has a weak arm. Boley is not a heavy hitter, but is a good short-stop.

Earnshaw is a right-handed pitcher and is expected to make it hard for the Cubs. He will pitch the first game of the series for the Athletics.

Chicago: McMilen is the 3rd baseman for the Cubs. He is not a heavy hitter, but just a sure hitter.

English, being the short-stop, is one of the best in the league. He is one of the men Joe McCarthey is depending on.

Hornsby is a heavy hitter, having hit about 43 homers this season. He is one of the main cogs in the Chicago Cubs' line-up, and being the best 2nd baseman in the league. He is going to hit hard in the series.

Hack Wilson, center fielder and the most heavy hitter in the Cubs' line-up. His weight is about 195 pounds. He is a low, ducky fellow and hard to pitch to. Joe McCarthey smiles when he goes to the plate. He has hit about 45 home-runs this season.

Cuyler is a right-handed hitter and is expected to murder all the Athletics South Paws. His position in the team is right field. Hornsby, Wilson and Stevenson are three other players who will murder south paws. Cuyler was bought by the Cubs from the Pitts Pirates in 1926. Stevenson is a heavy hitter also. He is the left fielder for Joe McCarthey and his Chicago Cubs. He is one of the youngest men on the team. They have only had him about three years.

Grimm is the 1st baseman for the Cubs and is about the weakest man

on the team. He has been out lately, but was replaced by Tolson.

Harnett is a good catcher and hitter. He has been out of the line-up all season, but he is expected to be in the series. If he isn't, Gonzales will replace him.

Malone, being a right-handed pitcher, is expected to be good in the series. He is about 39 years of age, and has been with the Cubs about seven years.

## WEAK SPELLS

"I WAS so weak," says Mrs. Josephine Cockcroft, of Baldock, S. C., "that I was not able to do anything."

"At certain times, I suffered dreadfully with pains in my back and sides. My head would hurt—felt like it would split open. Spells of weakness would last for weeks."

"I read of Cardui. I sent for a bottle and began taking it. My case was stubborn, and at times I almost lost hope, but I could see a little improvement. At last I began to feel much better. Then I improved rapidly. For the last year I have been in better health than I ever have been before."

"I give the credit to Cardui, for after I had given it a thorough trial, I got well."
