

Makes Life Sweeter

Children's stomachs sour, and need an anti-acid. Keep their systems sweet with Phillips Milk of Magnesia!

When tongue or breath tells of acid condition,—correct it with a spoonful of Phillips. Most men and women have been comforted by this universal sweetener—more mothers should invoke its aid for their children. It is a pleasant thing to take, yet neutralizes more acid than the harsher things too often employed for the purpose. No household should be without it.

Phillips is the genuine, prescriptional product physicians endorse for general use; the name is important. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

PHILLIPS Milk of Magnesia

New Warmth in BLANKETS

Wool blankets soil easily. The delicate fibers that catch the dust quickly mat together. The fabric when it loses its freshness, loses much of its warmth. We wash your blankets in pure soft water, dry them in currents of warm air, and return them to you soft and fluffy with one hundred per cent of their warming power restored. You know how heavy they are to do at home. The Laundry does them best.

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night, that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

Fletcher's CASTORIA

FINE COCKERELS ARE PURCHASED BY FEDERATION

Two High Priced Birds, Of Record Egg Families, Placed in Rutherford County.

Rutherfordton, Jan. 20.—The Farmers Federation recently bought two of the best known purebred cockerels in America from the Mount Hope Poultry farm, Williamstown, Mass., and placed them with Arthur Grose's poultry flock, near Spindale, in Rutherford county, who has a large flock of purebred White Leghorns.

The cockerels are White Leghorn, cockerel No. 1, known as Lachaise No. L6399, whose sire (Herald H 500) is the son of a 284-egg hen, with a family average of 237 eggs in 365 days while Herald's sisters average 255 eggs in 365 days. The dam, Julia J 487 has a record of 301 eggs in 365 days, while the family average is 291 eggs per year.

The other White Leghorn cockerel No. 2 is known as La Chaussee No. L 6250. His sire (Henry H 1559) is the son of a 253-egg hen per year, whose family average of 204 eggs per year, while his dam, (Juno) has an egg record of 283 per year and the family average is 230 eggs per year.

Placing these two cockerels in this section is expected to mean much for the poultry industry. Mr. Grose has one of the best flocks in western North Carolina. The eggs from his flock will be hatched and from this flock will be selected birds to go to other flocks in all parts of western North Carolina.

The Federation, which is seeking to produce the best poultry in the country, has hatcheries at Sylva, Asheville, and Spindale. They have a total egg capacity of 67,000 and will be set one-third capacity at a time, so chicks will come off each week. They serve all western North Carolina, besides many other sections of the country. The Sylva hatchery opened January 4, Spindale, January 14, while the Asheville hatchery will start operation about January 18.

Officers Capture Two Big Stills

Rutherfordton, Jan. 20.—Rural Policeman C. R. Dalton of Chimney Rock Township; Federal Prohibition Officer, Bill Owens, of Hendersonville; a Deputy and Mr. O. A. Roberson, of the Uree section captured a 60-gallon capacity copper still, complete outfit, Friday afternoon, January 10, in Polk County near Green River. About 800 gallons of beer were taken and four gallons of whiskey, which was hid nearby, Geo. and Joe Hodge, young white men, brothers, of Polk county, were coming to the plant with 50 pounds of sugar each on their backs. They were arrested and lodged in jail at Columbus and will be tried later in Federal court in Asheville. They were walking and did not see the officers until they were close upon them.

Monday afternoon, January 13, the same officers captured another still, the same size in the edge of Rutherford county. About 1,500 gallons of beer were taken. The plant had been in recent operation. No arrests were made and no whiskey was found. It was also a complete outfit.

Duco and other paints. Farmers Hardware Co.

Toy Wagons at about 1-3 less. Farmers Hardware Co.

THERE is nothing that has ever taken the place of Bayer Aspirin as an antidote for pain. Safe, or physicians wouldn't use it, and endorse its use by others. Sure, or several million users would have turned to something else. But get real Bayer Aspirin (at any drugstore) with Bayer on the box, and the word genuine printed in red.

Aspirin is the trade mark of Bayer Manufacture of Monacological Institute of Seltz, Germany

Mr. Marcus Mauney of Ellenboro, was the dinner guest of Mr. Gordon Toms Sunday.

Mr. Vassie White is sick at this writing with flu.

ASSOCIATION TO MAKE CENTENNIAL FUND DRIVE

Forest City, Jan. 17.—An intensive campaign will be held by the Kings Mountain and Sandy Run Baptist associations the week of January 26 to February 2, for the purpose of collecting pledges for the Baptist centennial fund, and to secure new subscriptions where pledges were not made when the centennial campaign was begun a year ago. It is understood that most of the funds collected in this campaign go to Boiling Springs Junior College, at Boiling Springs. This was the original plan agreed upon by the general board of the Baptist State Convention and the board of trustees of the junior college.

A mass meeting will be held at Boiling Springs on the afternoon of the 26th, beginning at 2:30 o'clock, at which time Herman T. Stephens, of Raleigh, and Dr. J. B. Davis, president of Boiling Springs Junior college, and others will speak. Everyone who helped in the canvass last year and the treasurers of the centennial fund from each church in the two associations are urged to be present.

Prospects for a great junior col-

lege at Boiling Springs were never so bright as they are at present and it is hoped that all the friends of this institution in this section will answer the call for funds that will be made during this campaign.

The Rev. C. C. Matheny, pastor of the Alexander Baptist Church, is chairman of the centennial committee in the Sandy Run Association, which is composed of Baptist churches in Polk, Rutherford, and Cleveland counties, with one church just across the line in South Carolina near Chesnee. The Kings Mountain Association is comprised of churches in Cleveland and Gaston counties, in North Carolina, and Cherokee county, in South Carolina.

Married Woman Fears Gas Eats Only Baby Food

"For 3 years I ate only baby food, everything else formed gas. Now, thanks to Adlerika, I eat anything and enjoy life."—Mrs. M. Gunn.

Just ONE spoonful Adlerika believes all GAS so you can eat and sleep better. Acts on BOTH upper and lower bowel removing poisons you never knew were there, and which caused your stomach trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you! Hall-Rudisill Drug Co.

Now

Frigidaire gives you the HYDRATOR

The Hydrator is a marvelous new moist air compartment that makes vegetables and salad materials delightfully fresh and tender. See it demonstrated today.

+++

Now, with the development of the Hydrator, Frigidaire offers a new service to users . . . a special compartment for vegetables and foods that need added moisture.

You can put even wilted celery in the Hydrator and make it crisp and fresh

again. You can make lettuce tender and brittle. You can quickly restore the firmness of radishes, tomatoes and other vegetables.

Today every household Frigidaire is equipped with the Hydrator. It is part of the surplus value offered by Frigidaire. So, too, is the famous "Cold Control" which enables you to speed the freezing of ice cubes and desserts. And to make Frigidaire still more practical and more strikingly beautiful, every household cabinet is now rust-proof Porcelain-on-steel inside and out. See a complete demonstration at our showroom—now.
