### ACHIEVEMENT OF MINORITIES.

We believe in developing the spirit of cooperation in Forest City. We are convinced that the city's real opportunities can be realized best through the teamwork of the majority of local citizens.

But one fact we cannot escape. Most notable achievements are accomplished through the work of enthusiastic, active, and hard working minorities. A few determined men with vision can shape the development of a great business, or a community.

The Federal Constitution which has given us the form of government we have was largely the product of the determined effort of a small group of men of great vision and tremendous strength. Other great accomplishments and notable reforms in this country of ours have likewise come into existence through the activity of ardent but comparatively small groups of men.

If this holds true in a large scale then it applies to a community like Forest City as well. A small group of men of action who can also visualize the future before our town might be able to work wonders.

We emphasize again the belief expressed at the opening of this article. We do need a more highly developed spirit of cooperation locally, but all too often the fact that the citizens of the community do not work together in a satisfactory way is a sort of excuse among potential leaders for inactivity.

Don't permit a condition you may not like stand in the way of work you might carry out with the aid of two or three others. A few determined active men can accomplish much even without the united support they feel they should receive.

### SCREEN TOPS STAGE DRAMA IN SPLENDOR

The first great dramatic spectacle of the talking screen—Radio Pictures production of Florenz Zeigfield's fabulous operetta, "Rio Rita"—comes to the Romina theatre next week.

With John Boles and Bebe Daniels heading a gigantic cast of players, singers, dancers, beauties and specialty performers, "Rio Rita" takes its place among the great screen plays of all time. In its wealth of diversified entertainment it has doubtless never been equaled.

Bert Wheeler and Robert Woolsey play the comedy roles they created for Zeigfield; Dorothy Lee, the baby-talk girl of "Syncopeation"; Helen Kaiser, one of Zeigfield's "glorified" girls; Georges Renevant, French stage star, and Don Alvarado are others of the featured cast.

Much of the film was photographed in technicolor and the sets and costumes are said to have outdone anything seen on the talking screen.

Harry Tierney, composer of the original tuneful score of "Rio Rita," added two new song hits to the picture. Gimini's grand opera chorus of 80 voices; the Pearl Eaton chorus of 100 Hollywood beauties, the first stock chorus in motion pictures, and a symphonic orchestra directed by Victor Baravelle are other features of the film, which was directed by Luther Reed.

LOST—Two \$10.00 bills, between Stein's department store and Metropolitan Insurance office, Tuesday morning. Reward for return to H. E. Coffey, City.

### SUPPER AND PROGRAM FOR SPINDALE CLASSES

Spindale, Feb. 3.—One of the most enjoyable affairs held here in some time was the get together supper and program of the young men's and the men's Sunday school classes of the Methodist church, held Saturday evening. The lap luncheon was served in the kitchenette of the church at seven o'clock. After the luncheon the members of the two classes went to the young men and young ladies class rooms in the educational building where speaking, music and stunts was enjoyed. The assembly sang several selections led by Mr. G. B. Howard, followed by selections by the Spindale Quartette and others. Prof. B. L. Smith, superintendent of the Shelby schools, was present and gave an interesting and instructive address. Fifty-eight members of the two classes were present.

Those who assisted in serving the luncheon were Mesdames S. K. Yelton, F. I. Barber, W. M. Clay, Ross, W. A. Barber, W. M. Clay, Ross Forrester, Bradley, W. R. Wells, Wilkins, Lipscombe, and Miss Ossie Melton.
