

CLIFFSIDE NEWS

By B. E. ROACH.

Mr. Charles H. Haynes has been confined to his room with a severe cold and grip. He is still having to stay in bed, but hopes to be able to be out soon.

Mr. R. B. Scruggs and daughter, Miss Ruth Scruggs, of State Line, were guests Sunday afternoon and night of Mr. and Mrs. J. C. Hames.

We are glad to report that Mr. Gary Moore is able to be out again after a long illness following pneumonia.

Mr. D. T. Bridges is at the Rutherford hospital where he has been for the past several days for treatment.

Dr. Oren Moss went to the Rutherford hospital Sunday for an operation. Several months ago while playing tennis he received an injury to his leg which at the time was not considered more than a slight sprain.

Mr. Lox Harrill who was with Mr. G. K. Moore when he received fatal injuries the first of January is home after several weeks at the Rutherford hospital. He spends most of his time in his wheel chair but is beginning to hobble about just a little with crutches.

Mr. J. Y. Padgett has been confined to his bed several days with a severe attack of cold and "grip."

Mrs. G. K. Moore and daughter, Miss Virginia, accompanied by Mr. John Crawley visited Mrs. Moore's brother, Mr. I. L. Dean of Marion, N. C., Sunday. Mr. Dean has been ill some time and today, (Monday) a message came stating that Mr. Dean was dead.

MISS MAUDE KENNEDY DEAD.

News has just reached us of the death of Miss Maude Kennedy which occurred this afternoon, (Monday)

at her home at Ferry. Her father, Mr. Gaither Kennedy was buried last Thursday afternoon and after returning home Miss Kennedy complained of not feeling very well and soon retired to her room. She developed pneumonia and steadily grew worse in spite of all that could be done for her. Her brother, Mr. Crawford Kennedy is lying in another room very ill and we understand that he does not know of his sister's death.

BAPTIST CHURCH NOTES.

We were glad to have Rev. James Allen Hunnicutt of Mt. Gilead with us awhile last Friday. He came up Friday afternoon and left again that night on account of illness at home. We are hoping that the people of his church at Mt. Gilead will let him off before April so he can come here by the middle of March at the latest.

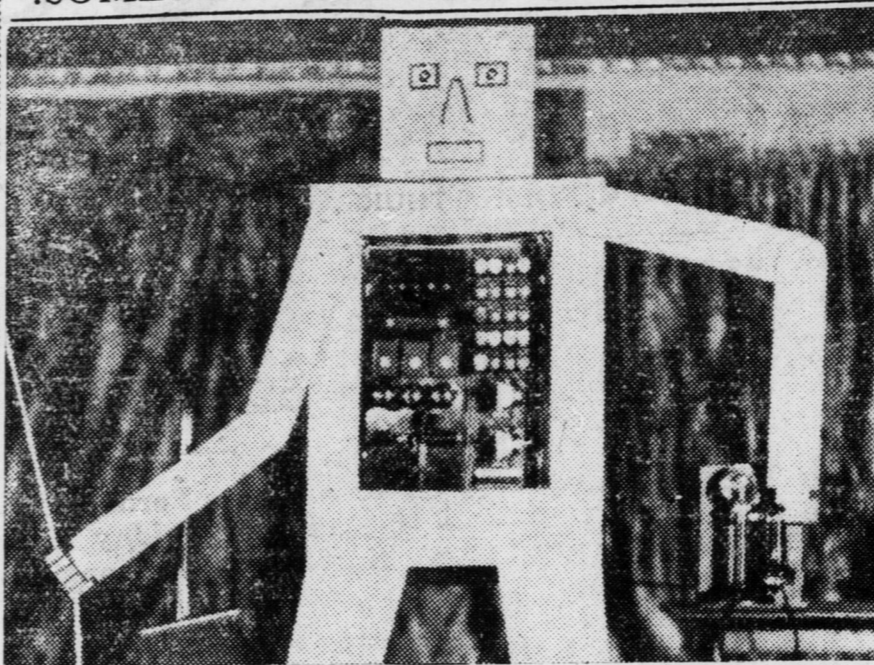

Attendance at Sunday school is growing and last Sunday there were 450 present with twenty-eight new members and many visitors. Some who have rededicated their lives to God during the Stephens meetings have said they are now ready to go to work and in many ways we see splendid results of the meetings.

All the work of the church is expected to grow and take on new life as a result of the meetings. The B. Y. P. U's. are doing fine work now and beginning with next Sunday the regular schedule of meetings and work can be resumed.

All seats in the Young Men's Berean Bible class except three or four were filled last Sunday and some were absent because of a death. Perhaps a few more seats can be placed in the room to accommodate the others who some of the members say are going to join the class. Anyway space will be provided.

The Men's Bible class is almost doubled in attendance and in fact all classes are growing at a splendid rate. We are glad to extend to each new member a hearty welcome and hope each one will find a place to

-SOMETHING NEW UNDER THE SUN:-

Science has not yet been able to perfect the mechanical man known to us as the Robot so that it can do the household work. There isn't a doubt, however, that the Robot would, so far as baking is concerned, follow the instructions of the modern housekeeper to use Rumford the all phosphate baking powder. Every mother knows how important a part fresh milk plays in the diet of a growing child. Rumford, in hot breads and cake, works to the same end—building strong bones and teeth, developing proper nerve tissue. For Rumford contains phosphate of calcium in great quantity. In fact, two Rumford biscuits contain more of this valuable compound than does a large glass of milk. And remember that it takes fifty quarts of milk to equal the phosphate content of a one-pound can of Rumford. (Herbert Photos, New York, N. Y.)

STEPHENS MEETINGS WILL CONTINUE UNTIL THURSDAY

The Stephens' tabernacle meetings which began here January 19th, to continue four weeks was carried on here last week and then people felt that it should not close last Sunday night, so arrangements were made to continue the services until Thursday night of this week. On Tuesday and Wednesday the mills at Avondale and Cliffside will close at ten o'clock each morning and resume operating at one o'clock in order to have services at the tabernacle beginning at 10:15 a. m.

The large annex has been filled with inquiring souls and christian workers and many nights it was well after midnight before all were gone. There were seventy-three conversions Saturday night and eighty-four more Sunday night. There have been hundreds of conversions and rededications.

Mr. and Mrs. E. W. Holton of High Point came over the 14th. Mr. Holton stayed over until the Monday following, but Mrs. Holton remained for the rest of the meetings and has been a wonderful and tireless worker with the other members composing the Evangelistic party.

On last Friday afternoon Mrs. George Stephens and four daughters came over to be with Mr. Stephens over the week-end. They left Monday for their home at High Point. We were glad indeed to have them with us and Mrs. Stephens has been busy while here helping in the various services.

The fare-well service will be held Thursday night and Rev. Stephens said the men might bring along their hammers and after the service the same procedure as at Spindale will be observed. The seats will be taken down.

Mr. W. C. Tucker, or "Uncle Bill" as he was called by his friends died here at his home on Pine Street at 12:30 a. m., last Friday after an illness of a few days.

Mr. Tucker was nearing his seventy-fifth birthday and has few relatives. He is survived by his wife and one half brother who is somewhere in the west.

The funeral and interment was at Race Path church near here Sunday afternoon at two o'clock. Rev. D. H. Rhinehardt, pastor of the local M. E. church was in charge.

WAR CAUSES.

Emil Ludwig, has just published a new book entitled, "July '14." In it he exposes all the diplomatic machinations of the ministers of Europe who ushered the world war into existence. He shows that the starting of the conflict was largely in the hands of a few counts and nobles and powerful generals in militarized Europe who wanted to see their machines put to practical use.

As you read that book you see that such intrigue, and such puerile cowardice and dishonesty on the part of foreign offices, could not today operate to plunge the world into a holocaust like that of 1914. We are now able to negotiate with other nations. And the general public is more determined than ever before to prevent a recurrence of such a world wide catastrophe.

To be sure the need for armaments is not past. Fear, national rivalry, racial animosity still exist,

and these formed the basis for the world war.

We need armaments, and America should maintain its navy on a basis of equality with that of any foreign country. But the danger of war is not as great as it was once. It is safe to negotiate with rival nations with a view to reducing armaments.

CAPTURES WHISKEY.

Policeman J. E. Robertson captured ten gallons of liquor near Carleen Sunday and arrested one man at the same time. The man arrested was Zeb Walker. He was placed in jail at Rutherfordton to await trial on charges of selling whiskey.

Miss Mary Sue Hames, of Kings Mountain, is the guest of her aunt, Mrs. W. Mills.
