MR. JOHN DALTON ILL AT HOSPITAL

Mr. John W. Dalton, prominent young merchant of this city, was taken to the Rutherford hospital Tuesday, following a severe attack Sunday night, at which time it was thought he was seriously ill for several hours. Not showing improvement by that time it was thought best to take him to the hospital Tuesday. Reports from him at noon Wednesday were to the effect that he was resting easy and that as yet it was not determined for sure what the trouble was. At first it was thought that he had suffered an attack of acute indigestion, but later it has been thought possible that he was affected with gall stones. An examination was to have been made Wednesday afternoon to try and determine the exact nature of his trouble. Mr. Dalton has been a very sick man and his many friends were alarmed at his condition for a while, but are all now hoping that he has made sufficient recovery to be out of danger, although he may have to undergo an operation following the X-ray examination, if it is found that he has gall stones.
