### THE STEPHENS PARTY IS MARCHING ON.

(Tune: Battle Hymn of the Republic).

The Stephens party have come back to tell us of the Lord; They are bringing us the message that the Book of Life records: They are faithful to the trust that is given them of God, And we will help them on.

Chorus:

Faithful! faithful! How we love them!  
Faithful! faithful! How we love them!  
Faithful! faithful! How we love them!  
And the message that they bring.  
They came to us as strangers and they left us as our friends;  
They went away to High Point and now they are back again:  
Soon they'll be in Spartanburg winning the lost souls of men:  
The party is marching on,  
Chorus:

Wherever the Stephens party goes, we'll follow them in prayer;  
We'll carry on the work started by the party here,  
And pray that God will bless their work until He calls them home.  
The party is marching on.

Chorus:

### BAPTIST CHURCH NOTES.

The W. M. U. held an interesting meeting at the church Tuesday night of last week at which time Mrs. J. A. Hunnicutt, wife of the pastor was elected president of the society.

The prayer service Wednesday night of last week was well attended and the program was interesting. There was a short song service with prayers and then several gave testimonials of the power of Christ in their lives after which the pastor made a fine talk. It seemed that every available seat was filled and for a while there were a few standing until room was made for them. Just keep coming and if this room becomes too small the main auditorium will be used.

A prayer service was held Thursday afternoon at the home of Mrs. S. A. Robinson at Fairview which was, according to reports a great service.

Thursday night the J. O. Y., B. Y. P. U. held a social meeting at the R. R. Haynes Memorial building.

The Workers Council of the Sunday school held a special meeting Thursday night of last week.

The Senior B. Y. P. U. members enjoyed a picnic Saturday evening.

Members of the T. E. L. class held a business meeting Saturday night.

Last Sunday morning was rather chilly and gloomy looking with the clouds and mists and it seemed to have rather a telling effect on the attendance at Sunday school. There were 497 present when the records were made compared to 549 a week ago. This was the first Sunday that the attendance has not gained in

several weeks, but we hope to make up for it next Sunday.

On Thursday night, April 3rd, every member of the church is urged to meet at the church in the main auditorium where a get-together meeting will be held and a reception honoring the new members who have come into the church and also the pastor and his family who will have been here one month at that time. A committee will arrange a program and refreshments will be served. To date 138 members have been received into the church since the second Sunday in March when the pastor was in the pulpit the first time as pastor. It is expected that others will yet unite with the church. The Stephens meetings are still bearing fruit here.

Mrs. Gertrude Brindell made a short but very interesting report Sunday morning of the recent W. M. U. meetings held at Elizabeth City.

The pastor will bring a special message to the children on each fourth Sunday morning. Last Sunday he spoke about "Cows" and the message was very interesting for grown-ups as well as the children. His message was based on 1st Samuel 6:7.

A quartette composed of Messrs. Morgan, McDaniel, Parris and Sparks sang at the morning service and at the close of the service six were received into the church. Three of them for baptism.

The subject for the evening sermon was "living on the threshold of the Kingdom." The text was Mark 12:30.

At the close of the evening services seven were received by letter two for baptism and one came under the watch care of the church pending the arrival of church letter, then the pastor administered the ordinance of baptism to six.

The six B. Y. P. U. s are having a study course at the church this week and indications are fine for a great week of study. There are six classes meeting at seven o'clock each evening. There were 124 enrolled at first meeting Monday night. They will not meet Thursday evening as the Stephens party are to be here to hold the farewell service in the tabernacle that evening.

The members of the B. Y. P. U. s will sing an original song Thursday evening written by Rev. and Mrs. J. A. Hunnicutt, which follows.

### NOTES AND COMMENTS.

We spend about half of our lives talking to people about other people.

Noah is proof that we had a floating population back in the Bible times.

One of the redeeming features of the present day race is the willingness to give you a match.

When the driver in front of you holds out his hand, all you need is skill as a mind reader.

How times have changed. The efficiency expert of today was only called a meddler a few years ago.

## Local Happenings

Bennick and Mr. Cecil Bridges. Mr. Shuford announced his subject, "Habits" Messrs Bridges and Bennick read scriptures on results of both good and bad habits. Mr. Shuford made a splendid talk on the power of habits and the importance of forming good habits. Following the reading of Scriptures by Mr. Bridges Mr. Charles Metcalf sang a solo, entitled "The Secret of His Presence." Toward the close of the service Mr. Varnell Morgan sang as a solo "Have you counted the Cost?"

The men are asked to bring along their hammers and wrecking bars and after the service the seats and the platform will be taken down. We understand that there will be several here for this service from Spartanburg, S. C., where the Stephens party will begin a series of meetings April 13th.

### This Section Loses Narcotic Farm

The federal government's big narcotic farm will not be established in the South Mountain section of Rutherford and Cleveland counties as had been hoped for by citizens of this section. Dispatches from Washington state that Dr. Walter L. Treadway has decided to locate the narcotic farm near Lexington, Kentucky.

Some months back the announcement was made from Washington that such a farm, for narcotic addicts, would be established. Citizens of this section immediately interested themselves in the proposal and a large acreage in the South Mountain section was tendered.

Concerning the selection of the Kentucky location, Dr. Treadway says:

A great many bids, relative to the location of the proposed narcotic farm, were submitted to the treasury by people in North Carolina and other southern states. In the state the committee could have secured a site from nothing per acre

up, but the land near Lexington—just four miles out—will cost better than \$200 an acre. It is town lot stuff, and is served, in the matter of water and lights, by a public utility corporation. The city of Lexington, with a population of 60,000 contributed \$50,000 toward the purchase price. The committee is to take more than a thousand acres.
