

LOCAL DEBATERS WIN FROM BREVARD

Also Defeat Fruitland in Triangular Contest—Will Go to Chapel Hill.

The Cool Springs high school debaters defeated both Brevard High school and Fruitland Institute in the State Triangular Debates Friday night and will go to Chapel Hill to compete in the finals April 17th, and 18th. This is the second successive year that the local debating teams have won both contests and the trip to Chapel Hill.

The speakers who will represent Forest City in the finals next week are: affirmative, Lila Gordon King and Kenneth Bostic. Negative, Sarah Bridges and Leona Hardin.

The question for the debates this

year is: Resolved That North Carolina should adopt the proposed amendment authorizing the classification of property for taxation.

The local school officials are very much pleased with the report of the Southern Association of Secondary schools and colleges which has just been received. Each year the Association publishes a report showing the records made by the Seniors who enter colleges from the member schools. Last year the report showed that almost 50 percent of all freshmen failed on some subject. The freshmen from Cool Springs failed only 13.3 percent of the courses taken while the freshmen from all the state failed 15.8. The latest report shows freshmen from the state failing 15.1 percent while the freshmen from Cool Springs failed only 12.1 percent. This is especially gratifying to the local school since most of the students reported attended colleges and universities where the percentage of failure is highest.

Rutherford County G. O. P. Hold Meet

Rutherfordton, Apr. 7.—The Rutherford County Republican convention was held Saturday afternoon in the courthouse. Chairman Fred D. Hamrick called the meeting to order and stated the purpose was to elect delegates to the State, Senatorial, Congressional, and judicial conventions.

It was decided that all Republicans would, who could, attend the State, Senatorial, Congressional, and judicial conventions and be designated as official delegates. It was also decided to hold another convention about May 17 and nominate the county ticket.

An advisory committee of three from each of the 14 townships of the county was appointed to suggest a county ticket at the next convention. L. Purgason, of near Bostic and R. K. Adlotte, of Gilkey, spoke on the motion.

Doubtless you are one of millions who have found prompt relief from that occasional headache in Bayer Aspirin. But until you invoke its aid for more serious pain, you'll endure much needless suffering! Try it for neuralgia or neuritis. Even for rheumatism. It comforts quickly, and harmlessly. Doctors prescribe it; say it does not affect the heart. *Genuine Aspirin has Bayer on each box and tablet.*

The often asked question, "When will business improve?" We don't know when but we know it will improve as it has always done. These periods of depression follow regularly after a period of extravagance, in general business as in one's own personal experience. Prosperity of the country at large is helpful to each of us but our own personal prosperity, is the interesting problem. The safe guarantee against hard times is to spend less than you take in and build up a reserve fund in a good Bank for a small amount at least to serve as your "shelter" when a rainy day comes. When a sufficiently large number of the people do this, business will be good again.

There are signs already of better times and if each of us work hard, and are thrifty, good times will come more quickly, and if not for all, for you.
