

KIWANIANS AND SCOUTS MEET

Troop No. 1, B. S. A., Prepares Luncheon at Webb Spring Monday Evening For Kiwanis Club.

The local Kiwanis Club held its regular meeting Monday evening at Webb Springs with Forest City Troop one, Boy Scouts of America. The scouts, under their scoutmaster C. P. Parks and W. L. Stallings, prepared an excellent luncheon for the occasion, which was spread picnic style on the tables just outside of the scout cabin.

After a hearty luncheon, consisting of fried chicken, ham, various kinds of sandwiches, cake, and other strong hot coffee, Coca Cola and other picnic delicacies, Howard Doggett turned the meeting over to C. P. Parks and Dr. Stallings, who lined up the scouts and put on a stunt program. Drill games and knot tying contests were features of the program.

The proceeds from the supper will be used by Troop No. 1, as camp fees. They will leave Monday for a week's trip to The Piedmont Council Boy Scout camp, at Tryon.

Next Monday night's meeting will be held in the Kiwanis hall.

The scouts have erected a cabin in a beautiful spot just below Webb Spring, on lands of J. A. Wilkie.

BAILEY, WEAVER AND PLESS WIN

Landslide in Tenth District for Weaver—Simmons Defeated in State.

Funifold M. Simmons, veteran United States senator, has conceded his defeat by Josiah W. Bailey. Bailey won the Democratic nomination by over 66,000 votes in North Carolina. Rutherford county gave Bailey a majority of nearly two to one. Only three precincts in the county gave Simmons a majority. They were Sulphur Springs, Cool Springs, No. 1 and Chimney Rock No. 2, which cast a total majority of forty votes for the veteran senator.

Hon. Zebulon Weaver, of Asheville, experienced but little difficulty in defeating his opponent, Major Wallace B. Stone, also of Asheville. Of the thirteen counties in the Tenth Congressional district, Weaver received a majority in all of them, ranging from a few hundred to several thousand. His vote over the district was about 20,000. Stone's vote was approximately 5,000.

J. Will Pless, of Marion, present solicitor of the Eighteenth judicial district, comprising the counties of Rutherford, Henderson, McDowell, Polk, Transylvania and Yancey, won over his opponent, I. Curtis Arledge, of Hendersonville, by a good majority. With returns in from McDowell, Polk and Rutherford Pless has 6,864 votes and Arledge 2,076.

Republican Returns.

Ralph Fisher, of Brevard, defeated James Dockery, of Rutherfordton and Charles C. Lisenbee, of Marion, for the republican nomination for solicitor of the eighteenth judicial district. With returns from all the counties except Yancey the vote for the three candidates follow: Fisher, 2,688; Dockery, 1,220; Lisenbee, 784.

Indications are that George Pritchard, of Asheville, will win the republican nomination for United States senate, to oppose Josiah W. Bailey. With about half of the precincts of the state heard from Pritchard's vote exceeded the total votes of his three opponents, Irvin B. Tucker, of Whiteville; H. Grady Dorsett, of Wake Forest and George E. Butler, of Clinton.

A. C. ALEXANDER SENATE NOMINEE

Former Forest City Man May Represent Eighth Georgia District in State Senate.

Mr. A. C. Alexander, of Waverley Hall, Ga., and Mr. D. G. Bland, of Lumpkin, Ga., were visitors in Forest City Tuesday. They had been attending a lumbermen's association meeting, and stopped for a short visit in Forest City.

Mr. Alexander was recently nominated, without opposition on the Democratic ticket to represent the eighth senatorial district of Georgia in the Georgia state senate next year. His district includes the counties of Harris, Talbot and Troup. Mr. Alexander is a brother of the late Hon. J. F. Alexander, of Forest City, and is a native of Rutherford county. He has been residing in Georgia for several years, where he is connected with several large lumber mills.

Mr. Bland, who accompanied Mr. Alexander to Forest City, is also the Democratic nominee for the Georgia house of representatives from Stewart county, Ga.

Semi-Pro Baseball League Organized

The first game in the newly organized semi-pro baseball league will be played Thursday. This league consists of teams from Forest City, Alexander; Spindale, Shelby and Spartanburg. On Thursday afternoon The Forest City-Alexander team will play at Spindale. Spindale will play the Forest City-Alexander team Saturday here. On those two dates Shelby and Spartanburg will play.

The league will operate on a two game per week basis. Baseball fans have been working on plans for a semi-pro league for some months. The league was at one time ready to begin playing when one of the teams dropped out.

Get \$29 Extra Profit From Acre of Cotton

Use of Nitrate Side-Dressing Adds 416 lbs. Seed Cotton to Acre Yields

SIDE-DRESSING DOUBLES YIELD ON C. L. WRENN FARM, GARNER, N. C. Yield per acre: Left, 1,562; right, 756 pounds seed cotton. Cotton on left from plot side-dressed with 200 pounds Chilean nitrate of soda; on right no side-dressing. Both fields fertilized alike at planting.

Knowing what and when to feed cotton for heavy fruiting and profitable yields is no longer a secret. For years experiment station workers have known that the cotton plant, in order to fruit heavily, needed an abundant supply of nitrate nitrogen. It has been found that this need is greatest about 35 or 40 days after planting, or not later than the appearance of the first blooms.

In 1928 and 1929, 1,007 cotton farmers conducted side-dressing demonstrations for the purpose of measuring the additional cotton made through this method of fertilizing. Fields where the usual planting-time fertiliz-

er was applied were selected for making these tests. At the second cultivation after chopping, a part of each field was side-dressed with 150 to 200 pounds of Chilean nitrate of soda per acre. These farmers kept a careful record of the two parts of the field to determine the additional yield made from the side-dressing. The average increase from the 1,007 demonstrations was 416 pounds seed cotton per acre, worth at current prices approximately \$29.12.

From these records it is clear that side-dressing cotton is one of the best money-making practices on the farm.

"I see you haven't had your hair bobbed yet!" No, my husband hasn't forbidden me to do it."

School Teacher—says that one lad in her class hated washing his face in the morning so badly he would sit up all night.

Have Your Tires Vulcanized By Mail

Why ruin your tires with blow-out shoes when it costs you but very little more to have them vulcanized at our extremely low prices? We give you the highest grade workmanship in our modern plant, with the latest machinery, and experienced repairmen, and we leave no mould marks on your tires.

Here are a few of our prices on breaks and holes up to 4 inches:

30x3 1-2 \$1.35	29x5.00 30x5.00 31x5.00 \$1.95	31x6.00 32x6.00 33x6.00 \$2.50
29x4.40 29x4.50 30x4.50 28x4.75 32x4 \$1.75	29x5.50 31x5.25 \$2.25	30x5 (8 Ply) \$4.50

Other sizes priced proportionately low.

SPECIAL FOR TWO WEEKS
For two weeks only we will prepay the parcel post in returning your tires.

All work **Guaranteed for the life of the tire.**
24-HOUR SERVICE.

She's DUMB!

It is dumb stupidity for any woman to have bad breath. It offends others—ruins you socially. The worst of it is you, yourself, never know when you have it. But you can be sure that you won't have it by gargling with Listerine. It instantly ends halitosis—improves mouth hygiene, and checks infection. Lambert Pharmaceutical Company, St. Louis, Mo., U. S. A.

LISTERINE
ends halitosis
Kills 200,000,000 germs

FAMILY DOCTOR
MADE MILLIONS OF FRIENDS

Fifteen years after his graduation, Dr. Caldwell became famous for a single prescription, which now, after forty years, is still making friends.

Today Dr. Caldwell's Syrup Pepsin is the world's most popular laxative. Millions of people never think of using anything else when they're constipated, have headache, bilious, feverish or weak; when breath is bad, tongue coated, or they're suffering from nausea, gas, or lack of appetite or energy.

Dr. Caldwell's Syrup Pepsin is made today according to the original formula, from herbs and other pure ingredients. It is pleasant-tasting, thorough in the most obstinate cases; gently effective for women and children. Above all, it represents a doctor's choice of what is safe for the bowels.

CAMEL-

a promise of pleasure

IF YOU enjoy smoking, why not smoke the most enjoyable cigarette ever made? Camels are made for pleasure . . . nothing else! The best of all the pleasure-giving goodness of choicest tobaccos—all of the delicately delightful qualities of mellow, sun-ripened Turkish and Domestic tobaccos are blended here in a perfect harmony of fragrance and flavor.

Here, in the smoking of Camels, is one of the honest pleasures that have been added to life. It's all yours. Enjoy it.
