**ORGANIZED CRIME.**

Again the nation's attention is focused on Chicago's crime problem with the sensational accounts of the murder of Alfred J. Lingle, Tribune reporter, who knew too much about gangland. Rewards offered for information leading to the arrest and conviction of the murderer or murderers have reached the staggering total of \$50,000.

It is doubtful, however, if this will produce results. Those who may know the identity of the murderer will be afraid to divulge the information. Organized crime is getting so powerful that it is beyond the arm of the law.

While we may look upon Chicago and say: "Such a thing could never happen here," we may well wonder how long it will be before crime, rich and powerful will extend the range of its power even to communities like Forest City. Are these gangs confining their activities only to the great cities or are they expanding into all the communities?

The rapid spread of crime is one of the great national problems that extends into every part of the land. If we are to maintain our American civilization, we must face this issue everywhere and make America safe for honest business and its law abiding citizens.

If Chief John H. Alcock, newly appointed head of police department in Chicago, lives up to the good old English name—and we are backing him to do this—something will be done in the windy City in the stamping out of the murderous gangs in that city.

The first to fly across the Atlantic was Capt. Alcock; the first to stamp out gangland in Chicago will also be Chief Alcock.

Mark our prediction.

**An Unpleasant Subject**

All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from Peoples Drug Store.

**ONE OF WINSTON-SALEM'S GRANDEST OLD MEN**

Rev. Parker Holmes, pastor of Central Terrace Methodist church, is one of Winston-Salem's "grand old men." He has been engaged in ministerial work forty years or more and he has been popular with every congregation served, usually remaining at each charge four years, the Methodist limit.

Despite the fact that he has passed the seventy-first milestone in life, the "grand old man" is still going strong. "I can still work all day without feeling fatigued, while my nerves are apparently just as good as they ever were," declared Mr. Holmes a few days ago. He admitted that he still loves fried chicken, has a good appetite and endeavors to maintain a clear conscience at all times. It might be added that he also sleeps well and that few men can be found who more thoroughly convinces all with whom he converses that he is "happy on the way."

Unless something now unforeseen overtakes the popular expounder of the gospel, friends see no reason why he should not reach the gentry mark in life. They are hoping that this mark may be realized by the ideal pastor and citizen.—Winston-Salem Sentinel.

**NITE LIFE DRAMA COMING TO ROMINA**

"Ladies of Leisure," the Columbia all-talking drama adapted from the David Belasco stage play by Milton Herbert Gropper is scheduled to play at the Romina Theatre on Monday and Tuesday.

It is a story of New York life, Cabarets, penthouse apartments, artists' studios, yachts and a boarding house near roaring Broadway serve as the colorful background. A cast which reads like a Hollywood "Who's Who" interpret the various roles. Barbara Stanwyck, capable and charming young stage star, the sophisticated Lowell Sherman and Ralph Graves, who recently created such a tremendous success in "Flight," the all-talking epic of the air, play the leads. Marie Prevost, Nance O'Neil, George Fawcett, Johnnie Walker and Juliette Compton are in support.

The screen adaptation and dialogue was done by Jo Swerling, author of "The Kibitzer," and several other successes. Frank Capra, foremost screen director, who has such phenomenal successes as Harry Langdon's "The Strong Man," "Submarine" and "Flight" to his credit, handled the megaphone.

**What a Dollar Does for You**

Follow it over an A & P counter

83½ cents go wherever the best food is to be found at least cost to you—in your neighborhood, in other parts of the country, or in foreign lands. . . Every cent of this part of your dollar is on the job for you every day. It comes back to you as food—the kind you prefer.

14 cents stay at home—for your landlords, salary and wage earners who live among you, your tax collectors and community activities, your light, heat, power, and water companies; your newspapers for advertising that tells you special bargain news.

97½ cents, the sum of these items, keeps an A & P store going, doing its full share in your community's business life.

2½ cents, slightly more than the cost of a postage stamp, is the only charge you pay A & P for all this service.
