### METHODIST CHURCH NOTES.

Monday afternoon at 3:30 the Junior missionary society met with Mrs. G. C. Shuford. The attendance was good and two new members were added to the society. There was a very interesting program embracing the study of the Philippine children. The contribution was good.

These children are interested in their work and we are interested in great things from them.

The regular prayer meeting was held Wednesday evening at 7:30. We feel that this is the best service of our church and wish more of our members would take advantage of this service.

On Friday at 7:30 we had our second church social at the church. We enjoyed talks by members of the church and the pastor, Rev. D. H. Rhinehardt made an interesting talk on "ways by which we can become more efficient workers." At the conclusion of the talks all gathered on the lawn in front of the church and joined in various games. Then came the best part of any social—the "eats." Sandwiches, cakes and iced punch were served from a large table in front of the Sunday school building. There was one hundred present and every one had a good time. We hope that when the next social comes around every member of the church will be present.

Sunday's services began at 9:45. We are proud that our Sunday school went past the usual attendance without any contest or special campaign. We had 198 present.

The ladies class continues to grow. We are proud of our class, but the ladies class is composed mostly of mothers and we are especially proud of it for all know that it is hard for mothers to attend anything regular. At the close of the lesson, Mrs. Rhinehardt in a very fitting way presented Mrs. G. C. Shuford, the teacher of the class with a beautiful sandwich tray as a token of the love and appreciation of the class for Mrs. Shuford. The gift was a surprise and the occasion was the wedding anniversary of Mr. and Mrs. Shuford.

As last Sunday was the fifth Sunday Rev. Rhinehardt preached at 11:00 a. m. He has been preaching splendid sermons and we think the last message surpasses the previous message. Sunday his text was Acts 2:38-39. He told us how we should concentrate and think of the future and not just of the present. We should have system, plans to lead. We are helpless in our undertakings if we leave out the Holy Spirit. To be saved we must receive the Holy Spirit. We must attend our church services and be drilled in christian living. We should have various ways of creating enthusiasm. Let us not be "Pump Christians", having to be helped or pushed over so often, rather let us be as an artesian well continually springing up with living waters by the power of the Holy Spirit. Paul tells us in Acts 2:38-39, "Then Peter said unto them, Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost. For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call."

Prayer meeting will be held Wednesday at 7:30 p. m., and Sunday school next Sunday at 9:45 a. m. Next Sunday being the first Sunday it will be our regular preaching day at 11:00 a. m.

Dean I. O. Schaub, head of the school of agriculture at State college, says that every farmer and farm woman in North Carolina has a cordial invitation to attend Farm and Home Week exercises at State college, July 29, to August 1. Over 2,000 persons were present last summer.

Frank Seagles, of Lincoln county, reports a yield of over 300 bushels of wheat from ten acres of land this year. The grain weighed 63 pounds to the measured bushel.

## DEATH CLAIMS MRS. JOHNNY GREENE OF LATTIMORE

Mrs. Johnny Greene, of Lattimore, came to Cliffside several weeks ago to visit her sister, Mrs. J. C. Padgett and niece, Miss Susan Padgett. Soon after arriving here she became very ill. She had been ill since last Christmas and during the weeks after coming here she gradually grew worse until Monday evening of this week at 6:10 o'clock she quietly passed into the Great Beyond. As we write this all the details of the funeral have not been completed, but we understand that the funeral service will be held at Trinity Baptist church near here Tuesday afternoon at two o'clock. The pastor, Rev. M. M. Huntley will be in charge of the service perhaps assisted by others.

Mrs. Greene is survived by her husband, Mr. Johnny Greene, of Lattimore, three sisters, Mrs. J. C. Padgett, of Cliffside, where she died, having come here for a visit. Mrs. Amanda Peeler near Mooresboro and Mrs. Mary Ann Searcy, of Shelby. She was 75 years old.

### BAPTIST CHURCH NOTES.

The church school of music which began Monday of last week with prof. J. H. Ruebush in charge has been making fine progress and the attendance has been much larger than expected. The three classes meeting at nine a. m., two p. m., and again at seven-thirty p. m., as well as the special classes in voice and harmony have been meeting in the assembly room of the intermediate department. The folding doors were opened and extra seats placed to accommodate the large classes. Saturday night they all met in the main auditorium and we were delighted to have the "Higgins Sisters Quartet" sing a few numbers which entirely captivated the large audience. Prof. G. L. Shirley, "The Bird Man" who is a famous imitator of birds and a lecturer and well as a music teacher sang some of his compositions and gave a few bird calls. They were accompanied here by Mr. Kite of Dayton, Va.

Despite the fact that a number of our people were out of town Sunday we had a fair attendance at Sunday school. There were 498 present with three new pupils enrolled and 38 visitors.

The pastor read for the morning lesson Rev. 21 and delivered a fine message. The Misses Higgins sang again for us. The song service was fine and as a result of the school of music already improvement in congregational singing was noted.

The evening hour was given over to music and there were visitors from all over this section many coming eighteen or twenty miles. It had been announced that extra seats would be provided wherever possible in the wings and balcony to accommodate the crowd expected. People were here from Chesnee and other points in South Carolina, from Lattimore, Mooresboro, Ellenboro, Spindale, Forest City, Henrietta, Avondale, and Caroleen and from beyond Harris. The Misses Higgins with their delightful music was the center of attraction. Their numbers were interspersed throughout the program with congregational singing and an organ solo in order not to tire them. They will be in this section all this week. A free will offering was taken to help defray their expenses. There were several here from Boiling Springs also.

Mr. Price and some friends from Lattimore arrived Sunday morning in time for the classes in Sunday school. Mr. Price is famous for his large collection of nearly all varieties of flowers that will grow in this section. He brought a beautiful basket of one of his special varieties of yellow daisies and a great armful of some of the finest gladiolas of almost all the colors of the rainbow. He asked that after the evening service the flowers be taken to the home of Miss Susan Padgett and her mother where Mrs. Johnny Greene of Lattimore lay at the point of death.

Cartaret county Irish potato growers report an average price of \$4.25 a barrel for their crop this season and say they made som money. They lost heavily, however, with cucumbers and snap beans.

## Local Happenings

Mrs. R. E. Carpenter and little son, Ed. Jr., spent last week with Mr. and Mrs. John McFalls of Gastonia.

Messrs. Jones and Lindsay Waters of Gilkey spent the week end with friends here.

Mr. W. L. Bland of Gilkey, is spending a few days here with his daughter and her husband, Mr. and Mrs. M. C. Blanton.

Mr. and Mrs. Myles Haynes and son, Myles, Jr., accompanied by Mrs. John Watkins of Avondale, spent Sunday afternoon in the mountains.

Mrs. H. L. Robertson who is attending summer school at Asheville, spent the week end here at home.

Mr. Charles Haynes returned Monday from a few days business trip.

Mr. and Mrs. J. C. Hames spent last Saturday in Charlotte.

Mr. L. G. Garvin of the Cliffside Mills Store spent last week in Atlanta attending the Purina Dealers school.

Mrs. L. G. Garvin and little daughter, Caroline, spent last week with Mrs. M. C. Long, at Walhalla, S. C.

Mrs. Clyde Edwards and children have gone to spend a few days with Miss Una Edwards near Lake Junaluska. We are glad to hear that Miss Edwards continue to improve.

Messrs. G. C. Shuford and W. E. Owens were in Greenville, S. C., on business last Wednesday.

Mr. and Mrs. H. G. Rollins were in Spartanburg, S. C., last Saturday.

## Will Control Pellagra In Richmond County

Cooperating with the county health department, Mrs. Anna Lea Harris, home agent of Richmond county, has set about eradicating pellagra as one of the main extension projects for that county this year.

"The whole county is cooperating to get this job done," says Mrs. Jane S. McKimmon, state home demonstration agent at State college. "Our home agent, Mrs. Harris is searching out suspected cases and getting them to the doctor while she prescribes a better balanced diet for the family. She has succeeded in getting the local dairies to supply milk to the cases at a reduced price and a local relief committee is helping to furnish other foods on the diet list. A number of individual gardeners who may have a surplus of different vegetables are turning these over to the committee to be used where they are most needed."

In some cases it is possible for the family afflicted with the disease to have a garden of their own. In such cases, the home agent helps to supply seeds and plants to get the plot started. Mrs. McKimmon says that both white and negro families are assisted. There is no discrimination.

This plan being tried in Richmond county could be adopted in every county of North Carolina where this disease is found, says Mrs. McKimmon. If such vigorous measures are put into operation in every such county, North Carolina would soon be classed with the non-pellagra states. Mrs. McKimmon says the home agents are anxious to cooperate with the health authorities whenever they are needed.

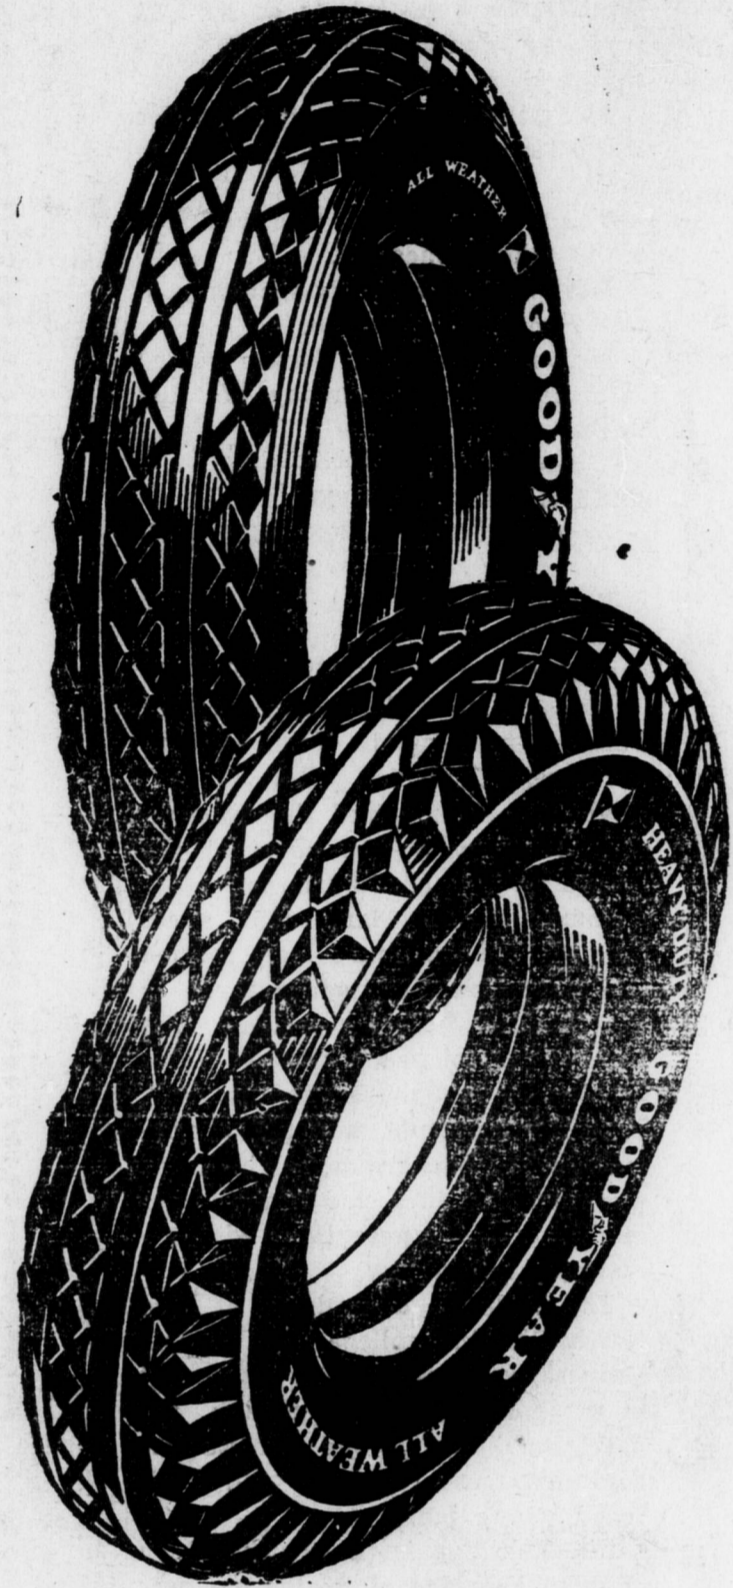

## MIKADO

Louise Rice, world famous graphologist, can positively read your talents, virtues and faults in the drawings, words and what notes that you scribble when "lost in thought".

Send your "scribblings" or signature for analysis. Enclose the picture of the Mikado head, cut from a box of Mikado pencils, and ten cents. Address Louise Rice, care of EAGLE PENCIL CO., NEW YORK CITY

# Tires Are so Cheap Now why not have the BEST

## GOODYEAR

THE GREATEST NAME IN RUBBER

Tire prices today are at the lowest point in the history of the rubber business.

The difference in price between the best standard tire and one that you can't be sure of, is, if anything, hardly enough to count.

That removes the last excuse a sensible man can have for not buying as excellent a tire as the Goodyear All-Weather Tread Balloon.

It is the standard of quality of the world; it outsells any other tire in the world! it is the basis of the eloquent fact that "More people ride on Goodyear Tires than on any other kind!"

You want the biggest possible money's worth in safety, traction, dependability and mileage when you buy a tire—you can get it now at no premium in the standard Goodyear All-Weather.

Your size is waiting for you at a price you can afford to pay—no farther away than the nearest Goodyear Dealer!

Goodyear can give you greater tire values because Goodyear builds more than ONE-FOURTH of all the tires sold in America, the remainder being divided among some forty manufacturers. "More people ride on Goodyear Tires than on any other kind."
