**CORN DEMONSTRATION.**

Some thirty farmers attended the fertilizer demonstration meeting at the farm of Mr. P. B. Owens, on Cane Creek this week. Mr. J. S. Howard, representative of the Chilean Nitrate Soda Educational Bureau, was present and made a splendid address, stressing better seeds, good cultivation and the need of a good rotation of crops to improve your land. Mr. Howard stated that to produce crops cheaply that you must produce more per acre; he pointed out that as your crop yields increased that the cost of production comes down.

An estimating of the corn yields was made by those present. The corn on the plot where 200 pounds of Chilean Nitrate of Soda and 300 pounds of acid phosphate was used was estimated to make from 34 to 50 bushels per acre, while the plot fertilized with only 300 pounds of acid phosphate was only estimated to produce from 17 to 25 bushels per acre. The tests will be gathered in October and Mr. Owens will make a report as to the accurate yields of both plots.

This demonstration is being conducted by Mr. Owens, F. E. Patton, County Agent, and the Chilean Nitrate of Soda Educational Bureau, to determine the fertilizer requirements for corn.

Those attending the meeting were: O. J. Holler, Ed Morrison, Ralph Morrison, E. Y. Ensley, J. R. Street, Dewey Street, E. R. Morrison, Opie Lane, Dr. W. A. Thompson, R. L. Wells, J. S. Cooper, Clyde Horton, E. H. Cooper, James Campbell, James Owens, R. R. Morrison, P. B. Owens, C. Y. Carver, G. H. Carver, Robt. Carver, Horace Ensley, Marion Campbell, T. E. Morrison, P. E. Morrison, J. B. Henson, Melton Hutchins, G. W. Long, and F. E. Patton, County Agent, J. S. Howard, representative of Chilean Nitrate of Soda Educational Bureau.

One hundred farmers of Pitt County inspected a Korean lespedza demonstration on the farm of Y. T. Thorne last week. Every township in the County was represented reports, County Agent Arnold.

**CHICKEN FRY ENJOYED.**

Forest City, R-1, Sept. 1.—Miss Mattie Toms gave a chicken fry at Rainbow lake Friday afternoon. All gathered about three-thirty o'clock. The boys made the fire in the furnace while the girls prepared the chickens. Chickens, cake, pies, sandwiches, and lemonade were served.

The invited guests were: Misses Mary Sue Holland, Mallie Matheny, Ovela and Beatrice Summers, Mary Greene, Ola Hunt, Mattie, Ossie and Pauline Toms, of Mount Pleasant; Lucy and Virgie Pinson, of Forest City, Mildred and Kathaleen Smith, Cleo Gibson, of Henrietta, Selma Mycus, Grace Condry, of Cliffside, Ethel and Pauline White, of Floyd's Creek. Messrs Deveny and Lonnie Summers, of Mt. Pleasant, Albert Blanton, Fred Hames, Tim Jones, Tom Owens of Forest City, Vassie, Perlie and Alonzo White, T. C. Holland, Guy Scruggs, Gordon Walls, of Floyd's Creek.

**A GOOD DEMONSTRATION.**

On the left of the highway between Caroleen and Cliffside, on the Cliffside Mills farm, managed by Mr. B. E. Gold, is an outstanding fertilizer demonstration that is conducted by Mr. Gold, F. E. Patton County Agent and the Chilean Nitrate of Soda Educational Bureau. On Tuesday, August 26, a number of farmers attended a meeting here, to look over the tests and make estimates of the yield of cotton per acre. Most of those present estimated that the plot fertilized with 600 pounds acid phosphate, 50 pounds murate of potash and 300 pounds of Chilean Nitrate of Soda would produce from 1200 pounds to 1400 pounds of seed cotton per acre while the plot fertilized with 600 pounds acid and 50 pounds murate potash and no nitrate of soda would only produce from 700 to 900 pounds of seed cotton per acre. Mr. Gold will keep an accurate record of these plots and a report made some time this fall giving complete results of the experiment.

Mr. J. S. Howard representative of the Chilean Nitrate of Soda Educational Bureau was present and made a splendid talk on the importance of good farming. He gave some facts on costs of producing crops. He pointed out and made it very clear to everyone present that a low yield cost more to produce but as your yield goes up your cost comes down. Mr. Howard stated that the best way to get big yields was to increase the fertility of your soils by the use of cover crops and legumes. Use good seeds, good cultivation and proper amount and kind of fertilizers.

Mr. Gold, manager of the farms stated that the farm had always made it a practice to grow all their feed crops and that every year they had a surplus of corn and hay for sale. Mr. Gold also made from a bale to bale and a half of cotton on every acre planted. If every farmer of the county would follow the same practice of growing their feed crops we would have a richer and better county.

Some of those attending the meeting were J. Y. Hamrick, Jr., Chas. H. Haynes, Z. O. Jenkins, Prof. A. B. Bushong, Prof. D. H. Sutton, F. E. Patton, R. C. Ramsey, N. J. Putman, W. M. Stricklin, J. R. Hardin, G. H. Blanton, J. B. Watkins, W. E. Owens, R. E. Gold, F. Z. Elmore, R. L. Pruitt, J. W. Jolley, J. V. McGinnis, Robt. Jolley, A. M. Haynes, D. O. Wall, R. B. Ramsey and others.

**MASS MEETING.**

A mass meeting will be held in the court house, in Rutherfordton, next Saturday morning at ten o'clock to protest against the present tax levy.

The 14 girls and boys in the Oxford Orphanage Singing Class are representing about 415 children in the Home.

Forest City belongs to its citizens, and will be what they try to make it. Our idea of an optimist is trying to figure out why his summer garden failed to produce catalog results.

According to County Agent B. E. Grant, from five to six carloads of milk cows could be placed if the farmers could find a way to finance the purchase.

**EFIRD'S DOLLAR DAY SALE.**

Charlotte, Sept. 2.—That Effird's has planned to make Charlotte's second dollar day for 1930 a record breaking event for values is obvious from the extensive preparations this store has made.

According to buyers of this store who have spent weeks selecting new fall merchandise for this event, the extensive co-operation they have received from all manufacturers enables Effird's to offer greater values than ever before.

This store has always made it a policy to keep abreast of the times, and has long since discovered that just at this time what the public wants is not cheap merchandise cheap, but quality merchandise cheap. According to officials of Effird's this policy has governed the purchase of all dollar day merchandise for every department.

While Dollar Day is a semi-annual co-operative event for all Charlotte merchants, there is perhaps no other department store which takes a greater interest in the event than Effird's.

**TRUSTEE'S SALE OF LAND**

**A Tip From Andrew Carnegie**

Asked to explain his phenomenal success, Andrew Carnegie blandly attributed it to his ability to get men to work for him who knew more than he did.

And that's a formula for success. Nobody who is really successful does all the work himself. He employs other people's minds and efforts.

Do you do the same in the intricate business of running your home and taking care of your family? You can, quite easily.

You can employ specialists in diet; you can serve the master dishes of famous chefs; you can have the advice of style authorities in selecting your clothes, of whole electrical laboratories in buying household appliances, by reading the advertisements.

All the newest knowledge—knowledge millions of dollars and years of effort have won—is contained in the advertisements.

If you will use the advertisements in this newspaper as Andrew Carnegie used men who knew more than he did, every dollar you spend will be spent wisely, economically, and will return full measure of satisfaction. That's the way to be a success in the greatest business in the world—making a home.
