

SHELBY-MARION STAR ROUTE TALKED

Patrons of Cleveland-Rutherford Post Offices Ask Star Mail Route.

Shelby, Sept. 15.—A Star mail route between Shelby and Marion and return will be asked within a few days to take the place of the service curtailed by reason of the Southern taking off two trains, Nos.

113 and 114, leaving only one train each way between these two points. Postmaster J. H. Quinn of Shelby, and the postmasters and patrons at Lattimore, Mooresboro, Ellenboro, Bostic, Forest City, Spindale, Rutherford and Union Mills and the patrons of these offices have become interested in asking the post-office department to inaugurate a Star mail route to take the place of the mail service which was cut off when the Southern discontinued two trains.

It is hoped that a Star mail route can be established to leave Shelby in the afternoons about 4 o'clock, take local mail and mail which reaches this office from the north by bus, arriving at 3:50 p. m. to the above postoffices. This new route which is being asked, would terminate at Marion and dispatch mail collected at the intermediate postoffices on trains at Marion going west and north. It is proposed that this route leave Marion each morning and come back to Shelby serving the intermediate postoffices on its return.

The two Southern trains taken off last month were receiving about \$500 monthly for carrying these mails, so if a Star Mail Route was established in lieu of the train mail, it is argued that the same mail service would be available at a great saving. An estimate has been made that this proposed Star route would give six day service between Shelby and Marion at a cost not exceeding \$200 per month.

FAMILY DOCTOR LEARNED THIS ABOUT CONSTIPATION

Dr. Caldwell loved people. His years of practice convinced him many were ruining their health by careless selection of laxatives. He determined to write a harmless prescription which would get at the cause of constipation, and correct it.

Today, the prescription he wrote in 1885 is the world's most popular laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness and lack of appetite or energy showed the bowels of men, women and children were sluggish. It proved successful in even the most obstinate cases; old folks liked it for it never gripes; children liked its pleasant taste. All drugstores today have Dr. Caldwell's Syrup Pepsin in bottles.

Head and Back Quit Hurting

"A few years ago, I found that I was very weak and nothing I ate seemed to give me any strength," writes Mrs. R. B. Douglas, 704 South Congress St., Jackson, Miss.

"I suffered intense pain in my head and back. At times I would have to hold to something to steady myself, so as to do my little work. I was worried about my condition.

"My mother told me that I should take Cardui. After taking two bottles, I felt stronger, but I kept on taking it until my head and back quit hurting. I took about six bottles in all, and have never quit praising Cardui."

Why every telephone worker is a service salesman

The fact that more than 23,000 Southern Bell telephone men and women are enthusiastically promoting the sale of the service, is more than a matter of salesmanship.

It is a manifestation of their interest in the success of their Company and an expression of the spirit of co-operation which has made possible the epochal achievements in the telephone industry. They are inspired by pride in fifty years of progressive, unflinching service and loyalty to the ideals and traditions on which the business is founded.

They unhesitatingly recommend the quality, convenience and economy of the service, in the knowledge that no other comparable service or commodity gives to the consumer so much at such small cost.

Whatever your telephone service needs may be, do not hesitate to consult any telephone man or woman of your acquaintance. They are all anxious to give you the best possible service at the lowest possible cost.
