**Weaver May Get Important Post**

Washington, D. C., Sept. 29.—The death of Representative William C. Hammer has left the way open for former Representative Weaver of the tenth district, to possibly resume his place on the judiciary committee should the latter be returned to Congress in November, which is now conceded.

This is one of the prize committee posts and it is thought that by reason of his former service Mr. Weaver may be returned to it. However, others had their eye on this committee when Mr. Weaver lost his place and it is possible that he may not be successful in getting it back.

In any event, it would set somewhat of a precedent for a committee member to be out one term and then step back into such a prize post.

Representative Stedman was on the House committee on foreign affairs and this gives another vacancy to be filled.

Representative Pritchard was on the House committee on military affairs and this will be another vacancy.

It's AS EASY and natural to enjoy the fragrant mildness of a Camel Cigarette as it is to admire beauty when you see it.

Camels are made, and always have been made, for discriminating smokers—the people whose keen judgment unerringly selects the best. But that doesn't mean you have to be an expert to enjoy Camels! The delicate, mellow fragrance of those choice sun-ripened tobaccos is something that anybody can appreciate. Camels are naturally smooth and mild—never parched nor insipid.

Why is there such a swing to Camels? Because more and more smokers are learning the difference between true mildness and mere flatness. Give yourself the luxury of a cigarette that's always pleasant smoking.
