

SOLICITOR AND JUDGE RECORDER'S COURT APPOINTED

Fred McBrayer Appointed Recorder and O. J. Mooneyham Solicitor—Take Office January 1st.

Rutherfordton, Nov. 17.—At a joint meeting of the Board of County Commissioners and County Board of Education held here Wednesday afternoon, November 12, Hon. Fred McBrayer was elected Judge of Recorder's court to succeed Mr. W. J. Mode, and Attorney Oscar J. Moon-

eyham of Henrietta, was elected solicitor of the recorder's court to succeed Mr. R. R. Blanton. These two officials will take oath of office January 1, 1931.

The Legislature of 1929 enacted a law whereby these two offices become appointive, instead of elective, and placed the solicitor on a salary basis instead of a fee basis. This new arrangement takes effect the first of the year. The new law calls for the appointment of these officials on or before the first Monday in December, and in compliance with this law the two boards, in session last week, appointed these officials.

The salary of the recorder will be \$2,400 per year, while the solicitor will receive \$1,800 per year. Mr. Mode's salary has been \$1,500 per year, while the solicitor has been working on a fee basis, making approximately \$6,000 per year.

Mr. McBrayer's father, the late Hon. Matt McBrayer, served Rutherford county as recorder from 1917 to 1921. Mr. McBrayer is one of Rutherfordton and Rutherford county's best known attorneys. Mr. Mooneyham is a promising young attorney of Henrietta, and has an unusually large practice in the county and state courts.

OLD DOCTOR'S IDEA IS BIG HELP TO ELDERLY PEOPLE

In 1885, Dr. Caldwell made a discovery for which elderly people the world over praise him today!

Years of practice convinced him that many people were endangering their health by a careless choice of laxatives. So he began a search for a harmless prescription which would be thoroughly effective, yet would neither gripe nor form any habit. At last he found it.

Over and over he wrote it, when he found people bilious, headachy, out of sorts, weak or feverish; with coated tongue, bad breath, no appetite or energy. It relieved the most obstinate cases, and yet was gentle with women, children and elderly people.

Today, this same famous, effective prescription, known as Dr. Caldwell's Syrup Pepsin, is the world's most popular laxative. It may be obtained from any drugstore.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria is never more popular with mothers than it is today. Every druggist has it.

SPINDALE TAX RATE REDUCED

Will Be \$1.00 on \$100.00 Property Valuation—Let Contract for Paving.

Spindale, Nov. 11.—Spindale Town Board met Nov. 11, and fixed the tax rate for 1930 at \$1 on each \$100 worth of property. The rate last year was \$1.30, a reduction of 30c over last year. This was made possible on account of the sale of the municipal water and light plants to the Southern Public Utilities Co. The town of Spindale operated last year within its budget by a margin of \$7,000. In other words it lacked that much of using up its budget as outlined a year ago. The budget for the coming year is over \$80,000.

The board awarded a contract to the Biltmore Concrete Co., to put down a second coat of tar and gravel on Spindale street, which runs from the the railroads North about a mile. This will cost around \$3,500 and work will be done at once.

The board passed the first reading of the franchise of the Southern Public Utilities Co.

Acidity

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That is why physicians tell the public to use Phillips Milk of Magnesia.

One spoonful of this delightful preparation can neutralize many times its volume in acid. It acts instantly; relief is quick, and very apparent. All gas is dispelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid, and remember it is just as good for children, too, and pleasant for them to take.

Any drugstore has the genuine, prescriptive product.
