

REPORT OF GRAND JURY

Suggest Some Repairs on Court House—Jail in Good Condition.

Following is the report of the Grand Jury which was made November 12th. Mr. J. L. Dobbins was foreman.

"We have passed upon all bills coming before us.

"We have inspected the chain gang and find the camp and quarters in good condition, reasonably sanitary, prisoners well fed and kept in comfortable condition. At the time the inspection was made, all the prisoners were at work. On further inspection, we found that some repairs were needed; such as repairs, window lights, a few repairs in the cook kitchen. We also found that some of the mules had sore shoulders and neck which should be looked after.

"We have inspected the County Home and find that it is kept in a sanitary condition and that the inmates thereof are well fed and appear to be well satisfied with conditions.

"We have inspected the Court

House and find the same in good condition. The two front doors of the main entrance need repairing. We also recommend that a number of the old books in the Clerk of Court's office should be rebound. We also recommend that trusty be sent from the chain gang to help keep the Court House clean up. We recommend that some sewer provisions be made to take care of the waste from the cuspidors.

"We have inspected the jail and find it to be in a sanitary condition and the prisoners therein well fed and properly cared for and humanely treated. We find, however, that there are a few window lights to be replaced. We also recommend six or eight additional cots for the jail and account of the crowded conditions.

"We have examined the records in the offices of Clerk of Superior Court, Sheriff, County Treasurer, Auditor, Register of Deeds and Superintendent of Education and have found these records to be well kept and an excellent system of bookkeeping in each of these offices. We recommend that some shelves or another table be placed in the lobby of the Sheriff's office to be used for filing tax abstracts so as to be more accessible to the public.

"We wish to thank His Honor, Judge John H. Harwood for his able and instructive charge and also Solicitor J. W. Pless, as well as all of the county officials for their courteous treatment and cooperation which has enabled us to complete our investigation without difficulty."

OLD TIME FIDDLERS' CONVENTION SATURDAY

Spindale, Nov. 24.—An old time fiddlers' Convention will be held here Saturday night, beginning at eight o'clock. Mack Crow will be in charge of the program, and is offering \$25.00 in cash prizes to the best string bands, violin, guitar and banjo players. Jack Douglass, of Statesville, will be present, also the Green sisters, of Boone.

RESOURCES OF SOUTHERN BANKS ARE TEN BILLIONS

Fundamental Situation Sound, E. R. Black Reminds Dixie.

Atlanta, Nov. 21.—Banks of the South have resources of approximately ten billion dollars, said Eugene R. Black, governor of the Atlanta Federal Reserve Bank, today.

The tangible wealth of the South is estimated at more than 80 billions of dollars, Julius Barnes said in Atlanta today.

Mr. Black said it may be well to consider "our fundamental situation," at this time by reason of the closing of a number of Southern banks.

Mr. Barnes was in Atlanta to attend a meeting of the board of directors of the United States Chamber of Commerce here to obtain first hand information of business conditions in this section. He is chairman of the board.

Urges Confidence.

Mr. Black in calling attention to the billions in resources in the Southern banks, said: "There should be confidence that fundamentally our banking situation is sound, and with our agriculture, our industry and our banking resources, there should be no uneasiness as to our general situation.

"Our industries are on a sound basis and their products yield a cash return twice as large as our agricultural products," Mr. Black added.

"Our problem of unemployment is probably less acute than in any other section.

Large Resources.

"Our agricultural banks have largely liquidated their indebtedness and to their city correspondent banks. Our city banks have very large resources and are abundantly able to handle the financial problems of the South."

The development of the South during the past decade was termed "phenomenal" by Mr. Barnes in his statement. "It has uncovered amazing natural resources in power, minerals and raw materials of all kinds," he said "it has begun to convert these resources into merchantable commodities."

MISS JOSEPHINE HILL IS WED TO JAMES CARRIGAN

Rutherfordton, Nov. 24.—Friends and relatives in Rutherford and elsewhere will be pleased to learn of the marriage of Miss Josephine Hill and James E. Carrigan, Jr., which took place at the residence of the Bride's parents at Greensboro, the Rev. H. A. Walker, performing the ceremony in the presence of about 50 relatives and friends.

The bride, only daughter of Mr. and Mrs. A. L. Hill, was graduated from the local high school and attended the North Carolina College for Women at Greensboro, and the University of North Carolina. She is a granddaughter of the late A. P. Hill of Rutherfordton, while the groom, son of J. E. Carrington, was reared at Burlington, attended school at Oak Ridge and has in recent years been associated with his father in business.

FERRY NOTES

Ferry, Nov. 24.—There was a good attendance at Floyd's Creek for Sunday school Sunday. Rev. W. C. Wyatt, of Henrietta, was present and made an interesting talk at the close. He presented the Intermediate girls class taught by Mr. Charles Scruggs with a nice Bible for the best attendance.

Mrs. R. E. Honeycutt visited her sister, Mrs. Steadman in Polk county Sunday. The latter has been sick for sometime.

Mr. John Lee Sherlin is spending sometime visiting Mr. Chas. E. Keeter and family in Lincoln, Ga.

Mr. J. C. Monteith made a business trip to Charleston last Tuesday, returning Wednesday.

Mr. L. J. Gordon of Raleigh, visited his aunt Mrs. Geo. Blanton last week, Mrs. Blanton has been sick for some time.

SPREAD RUMORS OF BANK CLOSING CAUSES ARREST

Louisville, Ky., Nov. 25.—The first arrest under state law making it a felony wilfully to circulate false rumors about banks came Friday along with optimistic statements from state officials about Louisville banks.

The Stock Yards bank caused the arrest of Albert Ivison, 52, branch manager, of the Great Atlantic and Pacific Tea Company, on a warrant charging the Tea Company had advised its local store managers late Thursday the bank had closed. Ivison, quickly released in \$500 bond, expressed regrets and said the company had been misinformed and had done "everything humanly possible" to correct the mistake.

John Carpenter of Sioux City, Ia., reported to police that thieves had chopped a hole in the side of a vacant house and had stolen a furnace.

Kidney Acids Break Sleep

If Getting Up Nights, Backache, frequent day calls, Leg Pains, Nervousness, or Burning, due to functional Bladder Irritation, in acid conditions, makes you feel tired, depressed and discouraged, try the Cystex Test. Works fast, starts circulating thru the system in 15 minutes. Praised by thousands for rapid and positive action. Don't give up. Try Cystex (pronounced Siss-tex) today, under the Iron-Clad Guarantee. Must quickly allay these conditions, improve restful sleep and energy, or money back. Only 60c at Peoples Drug Store.

Makes Life Sweeter

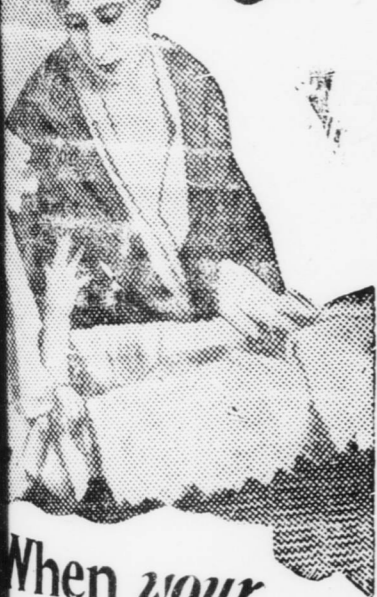

Children's stomachs sour, and need an antacid. Keep their systems sweet with Phillips Milk of Magnesia!

When tongue or breath tells of acid condition,—correct it with a spoonful of Phillips. Most men and women have been comforted by this universal sweetener—more mothers should invoke its aid for their children. It is a pleasant thing to take, yet neutralizes more acid than the harsher things too often employed for the purpose. No household should be without it.

Phillips is the genuine, prescriptional product physicians endorse for general use: the name is important. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles I. Phillips since 1875.

PHILLIPS Milk of Magnesia

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is ill. No sooner taken than the little one is at ease. If restless, a few drops bring contentment. No harm done. Castoria is a baby remedy, meant babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But in an emergency that Castoria means relief—when constipation is suffering—or colic pains—or mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

THE NEW

CHEVROLET SIX

HAS MANY IMPROVEMENTS

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-year record of constant progress and improvement. For this Bigger and Better Six offers new beauty, new luxury, new completeness and new quality—yet it sells at lower prices!

In every curve and sweep of Chevrolet's modern lines—in every detail of its new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper. The lines are longer and lower, giving an air of exceptional fleetness and grace. And the interiors of the new Fisher bodies provide a new degree of

comfort and luxury; greater roominess; fine quality mohair or broadcloth upholstery; more pleasing interior fittings; and a new, completely equipped instrument panel.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism; an easier shifting transmission. In fact, every vital feature of the new car has been made better to provide more thorough satisfaction for the owner.

And along with these improvements, Chevrolet offers the smooth performance of a 50-horsepower, six-cylinder motor—four long semi-elliptic springs—four hydraulic shock absorbers—a safety gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

» » AT NEW LOW PRICES « «

Fine as it is, the new Chevrolet Six now sells at lower prices—making the economy and satisfaction of Chevrolet ownership even more outstanding. We urge you to come in and see the Bigger and Better Chevrolet. Its modern design reflects the spirit of the times—and it represents a value which will command the interest of every buyer in the low-price field.
