New Year's Greetings

For many years, New Year's Day has been regarded as a day for making good resolutions. It has come to be a day upon which the individual takes stock of himself. He contemplates his future activities in terms of comparison with his past achievements, or failure to achieve; and sets for himself a task to be performed within a prescribed time.

We seriously urge the men and women of this county to include in their 1931 resolutions a determination to make systematic savings deposits in this strong, well-managed bank.

The Union Trust Company, with its large resources, ample capital and conservative management, invites you to use the facilities of its Savings Department.

We are deeply grateful for the many good friends we have in Forest City and Rutherford county and wish to express to them our gracious appreciation of their friendship, their courtesy and hospitality as well as the banking business entrusted to us during the past year.

We thank them all most cordially.
