

## LOST RUTHERFORD COUNTY WOMEN LOCATED FRIDAY

Mrs. Janie Lavender and Two Daughters, Missing Since December 16, Found in Dallas.

Gastonia, Jan. 12.—Mrs. Janie Lavender and her two daughters, 17 and 11 years of age respectively, who were thought to have been lost in snow drifts or to have met with a fatal play after they set out on a walking trip from Rutherfordton to Bostic on December 16, were located late Friday afternoon at the home of C. C. Wooten in Dallas, near here. A third daughter who remained at home in an isolated section of the Golden Valley community approached welfare officers there last week appealing for help in her futile efforts to locate her missing mother and two sisters, from whom she had heard nothing since they left.

A rumor was heard here Friday afternoon that the woman and her daughters were in Dallas, but for several hours all efforts to locate them were unavailing. It was finally learned that Eula, oldest of the daughters, had been in High Shoals early this week, where she was employed as a housekeeper by Jacob Taylor. She left High Shoals on Tuesday, it was said, saying that she would join her mother in Dallas.

**Awake Half the Night Weak and in Pain**

Nicar after night I could not sleep," writes Mrs. Mary J. Roberts, 117 West Franklin St., Raleigh, N. C. "I would lie awake half the night. I was dizzy and weak, suffered frequently with pains in my side and small part of my back. "When I was a girl, my mother gave me Cardui, and it did me so much good, I thought I would try it again. I took five bottles, and I feel like a new person. "I think it is fine. I would advise every woman who is weak to try Cardui, for it has certainly put me on my feet."

For Over 50 Years Women Have Taken **CARDUI** with great benefit

Take Theford's Black-Draught for Constipation, Indigestion, Biliousness. Only 1 cent a dose.

**Bilious, Dizzy, Drowsy Feeling**

"When I was a child, if I did not feel well, or if I had a cold, my mother gave me Black-Draught," says Mrs. Orpha Hill of Wofford, Ky. "When I was married, it became a family medicine in my own home, as it was in my mother's. "I take it for headache and especially for constipation. When I get bilious, my skin gets yellow and I have a very drowsy feeling all during the day. My eyes burn and I get dizzy, or my head is 'swimming.' When I take Black-Draught, it seems to drive the impurities out of my system and I feel fine. I am seldom without this reliable remedy."

finally resulted in locating the 50 year old widow and her two daughters at the Wooten home. It was not learned what they planned to do or whether they intended to return to Rutherfordton.

### Convict Men For Stealing Chickens

Rutherfordton, Jan. 12.—Four young white men, Will and Lee Sisk, John McGinnis and Crawford Whitener, all living near Rutherfordton, were in the recorder's court here charged with theft of chickens. They were arrested in Shelby. Local officers went to Shelby and brought them here to face trial.

Two well known farmers, Sylvanus Rollins and J. C. Robinson, living near Caroleen, identified their fowls. Judge Fred McBrayer of the county recorder's court sent the Sisk brothers and McGinnis to the county chain gang for six months each, while Whitener will likely be returned to the state prison at Raleigh from which he was recently paroled under good behaviour.

### McSwain Would Tax Insurance Firms

Shelby, Jan. 12.—Senator Peyton McSwain when he returned to Raleigh after the week-end at home here was determined to see that insurance companies operating in this state do their part to pay North Carolina's governmental freight charges.

While at home Mr. McSwain drafted an outline for a bill he will introduce in which he will ask that 10 percent of the gross income of all insurance companies in North Carolina be taxed 10 percent.

The bill as briefed down will require all insurance companies in the State, domestic and foreign, to file authentic reports with the State government twice each year. One report will be required to show the gross premiums paid in by policyholders. The other will be required to show the gross claims paid out to policyholders, the proposal being to place a 10 per cent tax on the gross difference between the premiums taken in and the claims made out.

Gross figures as a basis for the rate of taxation are used rather than net figures so that insurance incomes may be taxed before alleged high-salaried officials are paid their annual stipends.

I consider it will give the State of North Carolina an annual revenue of between five and six million dollars, Mr. McSwain said.

In assembling his draft for introduction in the State Senate he refers to figures cited in a recent magazine article on the insurance racket. The writer of the article states that the head of one major insurance firm receives a salary only \$25,000 less per year than the combined salaries of the President of the United States and all members of his Cabinet.

### Five Arrested On Charge Of Robbery

Shelby, Jan. 12.—Three white men and two white women of the Boiling Springs section were brought to jail here Sunday by Deputy Gus Jolley on store robbery charges. Sunday night they were taken to Rutherfordton as it is alleged the store robbed was at Caroleen.

Deputy Jolley made the arrests when he went to the place where the five lived to search for stolen meat. While there he found a quantity of goods believed to have been stolen from the Rutherford store. Among the goods were some thought to have been taken from the Charlie Davis store in this county near the Rutherford line.

### \$200.00 Paid For One Copper Cent

J. D. Martin of Richmond, Va., is the proud possessor of a check for \$200.00 paid him for an old copper cent. The Numismatic Company, Dept. 664, Fort Worth, Texas, who purchased this penny from Mr. Martin, says there are numerous old coins, bills and stamps in circulation for which they will gladly pay big cash premiums. So that you will know the value of old coins and stamps and what to watch for in your change, the Numismatic Company will send for only 4c to any reader of this paper who writes them, a large illustrated coin folder describing some of these wanted articles and the big profits to be made. Better write them today for yourself and know just what to look for. Remember that Mr. Martin's knowing the value of his penny meant a difference of \$199.99 to him. Without knowing its value that penny might still be in circulation, passing through the hands of thousands until someone like Mr. Martin, who knows old coins, recognized its value. It pays to be posted. Send 4c now for the illustrated coin folder. You have nothing to lose, everything to gain.
