Must quickly Iron-Clad Guarantee. Improve restful sleep and energy, or money back Only 60¢ at Peoples Drug Store.

We are all subject to colds. But they need not cause us suffering. Bayer Aspirin breaks a cold in a hurry. Or taken in time, heads it off entirely. You can avoid other suffering the same way. Headache, and even the pain from neuralgia, neuritis or rheumatism, yields to Bayer Aspirin. It always helps; never harms; does not affect the heart. Genuine Bayer Aspirin has Bayer on the box and on each tablet.

**ASPIRIN**

Aspirin is the trade mark of Bayer Manufacture of Monacat-Werke, Germany

## RUTHERFORDTON TO GET NEW SHIRT FACTORY SOON

Doncaster Collar and Shirt Co. Will Begin Operating Soon—Capital Stock Will Be \$100,000.

Rutherfordton, Feb. 9.—The Doncaster Collar and Shirt Company, manufacturers of high grade shirts and collars, will begin operation of their new plant here within a few days. The new enterprise, promoted largely by local capital, will be located on Main street here. The placing of machinery began last week, and it is expected that the company will begin operations within a few days.

The factory will be located on South Main street in the building formerly occupied by Andrew Harrill's store. The main working room will be down stairs in the Harrill building. Fourteen feet of this building is being extended about twenty feet now to the rear, which will make the main working room 90 feet long, inside. A small elevator will be used to transport goods to the main store room up stairs. The elevator will be in the Harrill store building facing Main street. The second story of the two buildings has been converted into one large room.

A high grade of shirts will be made with collars to match and shirts will be made without collars. The trade mark, which has been registered will be "Fashionset." The plant is being promoted by both local and outside business men.

Mr. E. C. Marshall, President of the Southern Public Utilities Co. of Charlotte, it is understood, is a substantial and personal stockholder.

**Zimmerman Superintendent.**  
Mr. C. J. Zimmerman, of New York City, a native Tar Heel, will be superintendent. Mr. Zimmerman has had fifteen years of successful experience in this line in New York City where style and quality is stressed.

**Authorized Capital \$100,000.**  
The company is being incorporated under the laws of North Carolina as the Doncaster Collar and Shirt Co., with an authorized capi-

tal of \$100,000; \$75,000 common stock and \$25,000 preferred stock. The plan of selling the output is well organized. One large chain store has already ordered 100 dozen shirts. This concern buys from 20,000 to 30,000 dozen shirts annually. The goods made here will be manufactured from a high grade broadcloth and fancy shirting.

The plant will not start at full capacity at present, due to lack of capital. Local merchants and other business men are urged to help make the factory a "go." Around 40 girls and women will likely be employed at first, while it is hoped to enlarge to around 75 to 80 girls and women, mostly soon. The plant will be a permanent fixture in Rutherfordton, if it is a business success, and there is every reason to believe that it will be. The payroll will be around \$500 to \$600 per week at first and it is hoped to soon make it around \$1,000 per week or \$50,000 per year. Lack of capital is the only reason that it will not be \$1,000 per week at first.

When the plant gets well under way, it will manufacture 50 dozen shirts weekly and will use only electric sewing machines.

The promoter, Mr. S. B. Tanner, as already received around 45 applications for work, thirty of whom have had experience on power sewing machines.

It has been estimated that \$8,000,000 worth of shirts are bought annually in North Carolina while around \$500,000 are made in his state.

## FOUR COUNTIES ASK CONSOLIDATION

Forsyth and Stokes and Pender and New Hanover Folk Discuss Proposed Mergers.

Raleigh, Feb. 3.—County consolidation proposals had been advanced Tuesday in two widely separated sections of the State.

A Stokes county delegation, headed by Jacob F. Fulton, chairman of the board of commissioners, appeared Monday before the Forsyth county board of commissioners to request that proposed consolidation of Stokes and Forsyth counties be taken under advisement.

James G. Hanes, chairman of the Forsyth board, suggested that financial and other details involved be published in order that the people of the counties might decide on the proposal.

At Wilmington, a Pender county delegation requested the New Hanover county board to consider merger of these two counties. The New Hanover commissioners declined to discuss the question at the present time.

### YOUTH AND AGE.

"What this town needs," we frequently hear, "is more young blood in its various community activities. The old stagers who have made their way are not so interested in seeing the town boom as the younger folks."

There is much truth in this, but of course we must recognize the need and value of older heads in all effort to promote the town's business and industrial interests. For real progress in Forest City we need the co-operation of both old and young.

For a community is not essentially different from a business, and how successfully a combination of youthful enthusiasm and mature judgment carry the affairs of an organization forward to success.

Youth is the time of ideas, enterprise, and enthusiasm. It is impatient of delay and ever ready to plunge ahead in search of new fields of activity.

Age is the time of judgment, caution, and analysis. It is hesitant about rushing into error. It wishes to take time to consider.

Logically the best course is somewhere midway between these two points of view. A community or business made up entirely of young men would be continually plunging into costly errors, making a considerable furor but accomplishing little. A community or business handled entirely by old men would be continuously planning and considering but getting little started.

Hence it becomes evident that a community prospers and progresses most when we have both old and young men co-operating for the best interests of the town.

## MR. J. N. COLE IS TYPICAL "LIVE AT HOME" FARMER

Harris, R-1, Man Making Splendid Success of Farming Business—Excellent Record Last Year.

J. N. Cole, of Harris R-1, of Rutherford county, is a most successful farmer, according to F. E. Patton, county agent. Mr. Cole "makes his living on the farm and also produces good money crops," according to Mr. Patton. Mr. Cole is a "Live-at-Home" farmer, a hustler. Despite the fact that last year, due to the drought, his yields were not up to average years, he had such a diversification of crops on his farm that he produced enough food and feed for his family and his livestock and also had a surplus to sell. His money crop, cotton, was "velvet" to this farmer.

Back in 1913, when Mr. Cole bought his farm, it was all in woods. Since then he has cleared much of the 87 acres and has built all of his farm buildings. He has a nine-room house, built and painted by himself, and a nicely planned country home, with water and lights, one of the prettiest lawns in any county of the state, made beautiful by the grouping of maple trees and flower plots on a verdant stretch of blue grass.

Last year, in spite of dry hot weather, he produced 14 bales of cotton on 16 acres; 300 bushels of corn on 12 acres; 70 bushels of sweet potatoes on one-half acre; 30 gallons of molasses on one-quarter acre; 700 pounds of meat; 10 bushels of cowpeas; six tons of hay on two acres; 22 bushels of wheat on 2 acres; 45 bushels of oats on three acres; and he had one acre in garden produce, one-half acre in watermelons, one-half acre in cantaloupes and one acre in orchard trees. He canned 500 cans of vegetables and fruits.

Mr. Cole keeps three cows and has a flock of chickens never below 40 hens. He won first prize on a "Live-at-Home" exhibit booth at the Rutherford County Fair last fall; and he won first prize for the best acre of corn last fall, with a yield of 68 bushels, despite the fact that a lack of rain cut his production per acre from a possible 100 bushels. His production of seed cotton on four acres was 5,200 pounds or 1,300 pounds of seed cotton to the acre and better than 400 pounds of lint cotton to the acre. This was one of the best records made in the county in 1930.

Mr. Cole has a family of eight children. Two have finished college and two others will finish this spring. He is an ardent believer in giving the coming generation the best education possible and a better start in life than preceding generations have had. In his county, he is well-known and considered one of the best citizens in Rutherford.

## Rutherfordton Has \$2,000 Blaze

Rutherfordton, Feb. 2.—An early Sunday morning blaze resulted in approximately \$2,000 damage here, when a bungalow located on North Washington street, opposite the late home of T. F. Oates was gutted by fire. The house, of stone construction was owned by Mrs. C. F. Gold and occupied by a Mr. Mullis. The fire was discovered about eight o'clock Sunday morning in the basement. It had gained such headway when the fire trucks arrived little could be done toward combatting the blaze. Mr. George Proffitt vacated the house Saturday morning, and Mr. and Mrs. Mullis moved in Saturday afternoon. Mr. Mullis suffered some burns on the face while fighting the fire. Practically all of the furniture was destroyed. The total loss, including furniture, was about \$2,000.

### THE APPLE AGAIN.

Adam was toiling home at the end of a hot summer's day, carrying his hovel and hoe, while little Cain trotted beside him.

On reaching the Garden of Eden, little Cain peeped through the palings and said: "Gee, pop, I wished we lived here."

And pop replied: "Ke did once, ntil your mother ate us out of house and home."

### JUNIOR WOMAN'S CLUB TO HELP NEEDY

Rutherfordton, Feb. 9.—The Junior Woman's club of Rutherfordton is placing three barrels on Main street on Thursday, Friday and Saturday of this week to receive food and clothing for the poor of the county. Any food of whatever kind and any wearable clothing will be appreciated. All donations will be distributed by the County Welfare Officer, Mrs. Cantrell. Members of the Welfare Committee of the club will be in charge each day of the barrels. The committee is composed of Miss Aylene Edwards, chairman; Mrs. Owen Stamey, Mrs. George Proffitt, Mrs. Andrew Harrill, Mrs. T. J. Edwards and Miss Grace Harrill.

HAS THE LAXATIVE IN YOUR HOME A DOCTOR'S APPROVAL?

Some things people do to help the bowels whenever any bad breath, feverishness, biliousness, or a lack of appetite warn of constipation, really weaken these organs. Only a doctor knows what will cleanse the system without harm. That is why the laxative in your home should have the approval of a family doctor.

The wonderful product, known to millions as Dr. Caldwell's Syrup Pepsin is a family doctor's prescription for sluggish bowels. It never varies from the original prescription which Dr. Caldwell wrote thousands of times in many years of practice, and proved safe and reliable for men, women and children. It is made from herbs and other pure ingredients, so it is pleasant-tasting, and can form no habit. You can buy this popular laxative from all drugstores.

## An EDITORIAL

by your Fertilizer Dealer

No. 1

in a Series appearing in this newspaper

YOU and I are the two most important factors in next season's crop success. If the work you do and the fertilizer I sell are the right kind, your crop will be a money maker in spite of low prices or bad weather. So I do my part by keeping a big supply of Chilean Nitrate. I can furnish as much as you want, when you want it. I recommend Chilean Nitrate... the one best nitrogen fertilizer.

Your Fertilizer Dealer

CHILEAN NITRATE has proved its superiority in every kind of test over a long period of years, and in all kinds of conditions—drought, flood, pest and disease. Crop champions always use it. For use under the crop or as side dressing it is safe, sure, profitable.

When you order nitrate say CHILEAN Nitrate. Then your dealer will supply you with the real thing... the nitrogen the South relies on for better profit. That one word CHILEAN is your protection... your dealer's too. Remember the two kinds—Original Chilean (Crystalline) and Champion Brand (Granulated) both natural nitrate.

LOWEST PRICE in years
