

IZAAK WALTON LEAGUE SPONSORS OF ESSAY CONTEST

Valuable Prizes Offered to Elementary School Boys and Girls in this County—Contest Closes March 31.

Rutherfordton, March 9.—The Izaak Walton League of this county is doing a wonderful work in undertaking to safeguard the natural resources of forests, fields and streams. All realize, however, that the greatest need at the present time is to educate the people as to the urgent necessity of immediate conservation and further development of these resources. One of our greatest opportunities is through the children of the elementary schools. The League is, therefore, sponsoring an essay contest for all of the elementary children of the county and is offering attractive prizes as a reward for the winners. This will make it possible for all of our elementary schools during the month of March to center their teaching in nature study, geography, and citizenship around the subject which they have set up and to do some excellent school work in the preparation of materials and information for the writing of these essays.

As you will note in the regulations, there are two contests on for boys, and one for girls, both of which are open to all pupils of the elementary schools of the county. You will please read the rules of the contest carefully, as they seem to cover the contest fully, but if you need any further information regarding the contest, do not hesitate to get in touch with superintendent Clyde A. Erwin.

Rules of the Essay Contest.

Subject: "Our Outdoor Resources and How to Enjoy and Preserve Them."

Eligibility: All pupils in the elementary schools of the county are eligible to participate in this contest.

Length of Essay: The essay must be written on one side of the page only, and must not exceed 300 words.

Time Limit: The principal of each local school is to submit to the county superintendent not later than March 31, 1931, the best essay written by a girl in each school, and the best essay written by a boy in each school.

Parents to read Essays: Each essay written in this contest shall bear a statement of the parent or guardian of the entrant that it has been read by the parent or guardian.

Judges: The judges shall be R. E. Price, of the Rutherford County News; Clarence Griffin, of The Forest City-Courier; and Ivy Cowan, of the Izaak Walton League.

Identification of Essay: The names of local winners, sex and school represented shall be written on an attached sheet with the essays offered but not on any sheet containing any part of the essay. The statement of parent or guardian shall also appear on this attached sheet. The essay will then be presented to the judges, numbered, and they shall have no knowledge of the writers until the winners have been determined.

Points in judging: Subject matter and originality in the development of the subject with especial regard to preservation and enjoyment of forests fields and streams will be of primary importance.

Prizes for Boys: First prize, fishing rod and reel valued at nine dollars; second prize, one year subscription to "Outdoor Life;" third prize, Boy Scout knife.

Prizes for Girls: First prize, Kodak valued at nine dollars, second prize, one year subscription to "Nature Magazine;" third prize, croquet set.

Awarding of prizes: Names of winners will be announced in newspapers immediately after they are determined. Prizes will be awarded at The Rutherford County Club meeting on Friday, April 17th, at which time winners will be the honored guests of the club.

Publication of Essay: The winning essays will be published in the county newspapers.

"When are Joan and Edward to be married?"
 "Never, I'm afraid."
 "Why, how's that?"
 "Well, she won't marry him until he pays his debts and he can't pay his debts until she marries him."

MRS. HARRIET E. JOLLY DIES AT HOLLIS

Harris, March 9.—Mrs. Harriet E. Jolly, age 86, widow of the late M. M. Jolly died Thursday, Feb. 26, at the home of her daughter, Mrs. Chas. H. Jenkins after an extended illness and was buried Friday afternoon at New Pleasant Baptist church with Rev. M. M. Huntley in charge. A large crowd of sorrowing friends and relatives attended. She is survived by the following children: L. M. Jolly, Morganton; L. S. Jolly, Cliffside; J. M. Jolly, Gaffney, S. C., and Mrs. Jenkins, with whom she lived.

Deceased was a well known and highly respected lady and was a loyal member of Wesley's Chapel Methodist church of this place.

CARD OF THANKS.

We wish to thank our many friends for their kindness shown to us during the illness and death of our dear mother. We wish also to thank you for the beautiful floral offerings. May God's richest blessings be upon you all.

Huldah Freeman.
 Mr. and Mrs. C. M. Freeman.
 Mr. and Mrs. P. J. Williams.

VITAL STATISTICS FOR YEAR 1930

Register of Deeds Releases Figures on Births, Deaths and Marriages in County.

Rutherfordton, March 9.—The number of marriages in the county during the year 1930 was considerably less than in former years. This falling off was due in part to hard times and also to the new law governing marriages in the state. Not every young man can buy a license and the health certificate. The law requires the health certificate from the doctor, which if enforced is a very fine law. License cost five dollars and the health certificate is two, added to this a new suit and other expenses of getting married, and the business of Dan Cupid slumps. Another reason for the scarcity of the marriage license is that the laws of South Carolina are much more lenient toward the marriage inclined than ours so all the "Parson Seekers" have to do is to drive a few miles across the line. There

were only seventy-three marriages during 1930.

Births during the year in Colfax Township were 97, Deaths 25.

High Shoals, births 230, deaths 106.

Logan's Store, births, 67, deaths 23.

Gilkey, births 15, deaths 6.

Morgan, births 21, deaths 7.

Sulphur Springs, births 36, deaths 18.

Chimney Rock, births 34, deaths 15.

Duncan's Creek, births 34, deaths 8.

Golden Valley births, 17 deaths 10.

Cool Springs, births 113, deaths 36.

Forest City births 133, deaths 36.

Union, births 20, deaths 82.

Rutherfordton Township, births 195, deaths 70.

City of Rutherfordton, births 56 deaths 82.

There were in the city 26 more deaths than births, but this was balanced by there being 125 more births than deaths in the township.

Forest City had 97 more births than deaths.

In the High Shoals Township there occurred 124 more births than deaths.

What the NEW HUMIDOR PACK means to Camel Smokers*

COMPARE a package of Camels with any other cigarette and note the difference in the technique of packing.

Note that Camels are completely enclosed in an outer transparent cover of moisture-proof cellophane and sealed air-tight at every point.

We call this outer shell the Humidor Pack. It differs from the ordinary cellophane pack and while it is egg-shell thin, it means a lot in terms of cigarette enjoyment.

It means, for instance, that evaporation is checkmated and that Salt Lake City can now have as good Camels as Winston-Salem.

While Camels are made of a blend of the choicest Turkish and mellowest domestic tobaccos, it is highly important, if you are to get full benefit of this quality, that these cigarettes come to you with their natural moisture content still intact.

The Humidor Pack insures that. It prevents the fine tobaccos of Camels from drying out and losing any of their delightful flavor.

Aside from cheap tobacco, two factors in a cigarette can mar the smoker's pleasure:

Fine particles of peppery dust if left in the tobacco by inefficient cleaning methods sting and irritate delicate throat membrane.

Dry tobacco, robbed of its natural moisture by scorching or by evaporation gives off a hot smoke that burns the throat with every inhalation.

We take every precaution against these factors here at Winston-Salem.

A special vacuum cleaning apparatus removes dust and now the new Humidor Pack prevents dryness.

Camels and other ordinary dry cigarettes.

First of all you can feel the difference as you roll the cigarettes between your fingers. Camels are full-bodied and pliable. A dry cigarette crumbles under pressure and sheds tobacco.

If you will hold a cigarette to each ear and roll them with your fingers you can actually hear the difference.

The real test of course is to smoke them. And here's where the new Humidor Pack proves a real blessing to the smoker.

As you inhale the cool, fragrant smoke from a Camel you get all the mildness and magic of the fine tobaccos of which it is blended.

But when you draw in the hot smoke from a dried cigarette see how flat and brackish it is by comparison and how harsh it is to your throat.

If you are a regular Camel smoker you have already noticed what proper condition of the cigarette means.

But if you haven't tried Camels in the new Humidor Pack you have a new adventure with Lady Nicotine in store.

Switch your affections for just one day, then go back to your old love tomorrow if you can.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

The Pittsburgh Testing Laboratory chart above graphically shows you that only the Camel Humidor Pack delivers cigarettes to you in prime condition

Check the difference yourself
 It is a very simple matter to check the difference between Humidor Packed
