

# S. A. R. TO WAR ON "RED" MENACE

Sons of American Revolution Told Alien Menace is Sign For Alarm.

Charlotte, May 18.—America for Americans and unceasing war on diabolic forces that would undermine fundamental ideals of liberty and equality were the themes of resolutions proposed in the opening business sessions of the annual congress of the national society, Sons of the American Revolution, here Monday.

Requirement of an oath of allegiance to constitution and county by all teachers in schools, and universities supported by public funds, deportation of undesirable aliens, passage of stringent immigration laws, waging of a relentless fight on communism, and the inculcation of American ideals into nationalization processes were advocated.

### Resolutions Considered.

Resolutions were introduced and recommendations made during the morning and afternoon sessions embracing these principles and were taken into consideration by the resolutions committee, which will report to the convention Wednesday.

Three foreign generals, who came to the aid of the colonies in their struggle for freedom during the Revolutionary period, were honored by revered mention in the congress. A letter from Marquis de Chambrun of Paris, member of the chamber of deputies of the Republic of France and direct lineal descendant of General Lafayette of France sent a letter regretting that the French society of the S. A. R., was unable to send a representative to the Charlotte congress.

He stated that the French society will send a representative to the celebration at Yorktown in October. The marquis is the husband of a sister of the late Nicholas Longworth for many years speaker of the national house of representatives.

In addition to Lafayette, the convention honored the memory of Baron Von Steuben, German leader in the Revolution, and Count Pulaski, the Polish hero, for which a \$60,000 monument is now being erected in Baltimore, where he organized his troops.

The 43rd annual congress next spring will be in Washington in view of the bi-centennial of the birth of George Washington, officials of the society said yesterday. The national society plans to hold its convention at the new national headquarters in Washington every two or three years, hereafter. Several

cities are expected to place their bids for the 1933 meeting during the Charlotte congress.

### To Elect Officers.

Under the usual custom followed by the society Federal Judge Josiah A. Van Orsdel, president general of the society, will be retired after his one-year term, it was learned. Several leaders of the patriotic organization, which is meeting for the first time in the south, have been mentioned as the next president general. The secretary general, Frank Bartlett Steele, has been in charge of the headquarters in Washington for 10 years and is re-elected at each succeeding congress.

Registration of delegates yesterday reached 180, the representation being from the following states: California, 3; Connecticut, 6; Delaware, 1; District of Columbia, 12; Florida, 3; Hawaii, 1; Illinois, 1; Indiana, 2; Iowa, 3; Kentucky, 2; Louisiana, 1; Maryland, 7; Massachusetts, 11; Michigan, 3; Minnesota, 2; Missouri, 2; Nebraska, 3; New Jersey, 17; New York, 13; North Carolina, 48; North Dakota, 2; Ohio, 4; Pennsylvania, 10; Rhode Island, 4; South Carolina, 6; Tennessee, 2; Texas, 1; Utah, 2; Virginia, 5; West Virginia, 4. Nearly 100 women visitors and as many Charlotte patriots are registered for the various events.

### New Societies.

Secretary General Steele reported the organization of numerous new societies last year. In a report for the American Coalition, Mr. Steele urged the restriction of immigration, an increase in deportation of aliens and recommended that a resolution be sent to congress asking for 90 per cent immigration restriction for at least two years. George S. Robertson of Baltimore, the treasurer general, gave a financial report and told of an attempt now being made to have the \$145,000 headquarters be made free from taxation, the taxes now amounting to \$2,300 annually.

"An enemy with torch and bomb is trying to destroy all we hold dear and we must come to arms," declared the historian general, Monroe M. Hopwood of Uniontown, Pa., in a report in which he pointed to the

value of motion pictures, newspapers and the radio in the dissemination of historical knowledge.

### Oaths of Allegiance.

A campaign to get the state superintendent of education to require their teachers to take oaths of allegiance to the constitution and to have all college and university faculties to do the same, where the institutions are supported by the states, was described by Howard C. Rowley of California, chairman of the patriotic education committee. An effort will be made to get all state legislatures to pass laws of this kind. Nine states have passed these laws, and acts are now pending in eight other states. The recommendation was made that the secretary general communicate with all state presidents and have the movement started in every state. "Authors who are trying to kill sentimentalism in this country are scavengers of history," Mr. Rowley declared. "Children in our schools are being proselyted by communists," asserted Harry F. Brewer of New Jersey in a report for the Americanization of aliens committee.

### First Time in South.

This is the first time the S. A. R. Congress has met in the South. The program of the Congress opened Sunday and will continue through next Sunday.

### PROF. CLYDE ERWIN ON CATAWBA TEACHING STAFF

## MARYLAND WOMAN HAPPY NOW.

### LOSES 55 LBS.

Edith J. Marriott of Baltimore, Md., writes: "Last winter I weighed 200 lbs., and was very much ashamed. I bought a bottle of Kruschen Salts which gave such wonderful results I bought more. After 1 bottles I weigh 145 lbs. and all my friends say, "How slender you've gotten—how did you do it?" I say only 4 words—thanks to Kruschen Salts."

A generous bottle of Kruschen Salts that last 4 weeks costs but 85 cents at the Peoples Drug Store and the Gray Drug Co., or any drug store in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—that will help Kruschen take off your fat.

Take Kruschen every morning—it's the little daily dose that does it—if not joyfully satisfied after the first bottle—money back.

Crop failures and low prices in Anson county made the Government seed loans very welcome this year, says County Agent J. W. Cameron. There were 411 farmers applying for \$112,692 in loans this spring.
