E. which map is registered in book 117 page 521, Rutherford County Registry, to which reference is hereby made for description, being part of the Nannie Harrill subdivision, and being the lot on which Rosewell Hill built a dwelling house.

Will Select Leaders Among 4-H Clubs
Those 4-H club members who have done exceptional work and have represented North Carolina at national gatherings will be gathered into an honor organization at the annual short course for club members to be held at State college during the week of August 3 to 8.

"For some years we have wanted to set apart those club members who have rendered exceptional service to their local communities and to the state," says L. R. Harrill, club leader at State college. "Our plans are now to do this at the next short course during the first week in August. Those boys and girls who have represented the State at the National Club Camp in Washington, at the International Training School at Springfield, or who have done exceptional work in their local communities will be formed into an honor society. The recommendations of the home and farm agents will be followed largely in making the selections."

This will be only one feature of the club meeting, however, Mr. Harrill says the program will be filled with instruction and recreation. The club members will gather Monday evening, August 3, and will begin class room work early Tuesday morning. Classes will be held each morning with the afternoons devoted to demonstrations, sight-seeing trips, games, contests, and other activities. The evening hours will be given over to impressive vesper services.

Crowning of the King and Queen of Health for the State will be an interesting occasion. This will be preceded by a health pageant in which those boys and girls who have won in the county and district contests will take part.

Mr. Harrill looks for a large attendance this year. There are now about 26,000 club members in the State and representative delegates from this number will attend the short course.

If baby has COLIC

CRY in the night. Cofel! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.
