AFTER 40 bowel trouble

Constipation may very easily become chronic after forty. And any continued constipation at that time of life may bring attacks of piles and a host of other unpleasant disorders.

Watch your bowels at any age. Guard them with particular care after forty. Whenever they need any help, remember a doctor should know what is best for them.

"Dr. Caldwell's Syrup Pepsin" is a doctor's prescription for the bowels. Tested by 47 years' practice, it has been found thoroughly effective in relieving constipation and its ills for men, women and children of all ages. It has proven perfectly safe even for babies. Made from fresh laxative herbs, pure pepsin and other harmless ingredients, it cannot grip, will not sicken you or weaken you; can be used without harm as often as your breath is bad, or when your tongue is coated; whenever a headachy, bilious, gassy condition warns of constipation.

Tax Books Ready For Paying Taxes

Rutherfordton, Oct. 19.—The county tax books for the payment of 1931 taxes are now ready and are in the office of the County Tax Collector in the court house. Mr. Henry C. Carson, new tax collector is sending out through the mails a notice to every tax payer in the county of the amount of his 1931 taxes. Several have already paid their 1931 taxes. Last week more than a dozen people who paid this year's taxes expressed surprise at the big reduction over last year, despite the fact that the new rate for 1931 would be 62 cents on each \$100 worth of taxable property, lower than last year.

Around \$600,000 of the \$700,000 total tax for 1930 has been paid. The only large taxpayer who has not paid last year's tax is the Seaboard Railroad which went into bankruptcy some time ago under an order of Federal Court. It is thought that this will be arranged soon by the County Tax Collector for last year, M. J. Harrill and G. C. King. If the Seaboard was paid up fully 90 per cent of all 1930 county taxes would be paid.

The total county rate this year is only 97 1/2 cents while the State rate for schools is 15 1/2 cents, making a total levy of \$1.13 on each \$100 worth of taxable property, as compared to \$1.75 last year.

The best form is Phillips Milk of Magnesia; one harmless, tasteless dose neutralizes many times its volume in acid. For 50 years the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Do prove this for your own sake. It may save a great many disagreeable hours.

Get the genuine Phillips Milk of Magnesia, the kind physicians have prescribed for 50 years.
