Great Opportunity To Get Some Real Estate Cheap.

We have 2,000 acres of good land in a body, about 200 acres cleared, that can be had for less than \$12.00 per acre. We also have 365 acres in a tract, 200 acres cleared, that we will sell for less than \$5,000. Both of these places have good dwelling houses, out houses and each place has a mill cite. There are no better propositions in real estate to be had in the county of Robeson. We have several other thousand acres for sale, but we consider the two above mentioned special bargains. For anything in real estate write us.
