The Hoke County Journal says: Robert, the younger son of Mr. W. T. Covington, who is being treated for appendicitis in a hospital in Charlotte, is getting along nicely we are glad to hear.

Mr. Douglas Lytch, who has been working with the Hudson Motor Co. at Detroit, Mich., came home last week and goes to Camp Jackson this week. Mr. Lytch came through the country, driving a Dodge car for Mr. Jasper T. Gibson, the local dealer.

The congregation of Ida M. Presbyterian Church will, on Thursday next, May 30, Fast Day, assemble at the church for an hour of prayer and meditation. The service will take place at 11 A. M. The public is invited to be present.

The congregation of Aberdeen Presbyterian Church will in compliance with the President's request meet in the church on Fast Day, next Thursday, for an hour of prayer and worship. The service will take place at 4:30 P. M. The community in general is invited to take part.

Rev. Fred T. Collins of Clinton will preach at the Baptist church of Laurinburg Sunday morning and evening at the usual hours of service. Rev. Mr. Collins is a young minister of splendid ability and doubtless will be heard by large audiences here Sunday.

Mr. G. H. Russell made an address Sunday morning at Red Swamp, Robeson county, at a memorial service of the Woodmen of the World fraternal order. Mr. and Mrs. H. T. Jackson and Mr. J. C. Norton and son, Vance, also attended the meeting at Red Swamp Sunday.

Mrs. John D. Shaw and Mrs. Roland Covington left Tuesday morning for Raleigh to attend the Federation of Women's Clubs, which meets there this week. Mrs. Shaw and Mrs. Covington will be the guests of Mrs. T. W. Bickett, wife of the Governor, and will be entertained at the Mansion.

Mr. Colin Hasty, son of Mr. and Mrs. J. E. Hasty, and who has been a student at the State College of Agriculture and Engineering at Raleigh, and Mr. Nathan Gibson of Laurel Hill, have volunteered in the quartermaster's division of the army and go to Raleigh Friday of this week to report for duty. Sunday they expect to start for Fort Thomas, Ky., where they will be stationed for some time.

It is reported that the erroneous idea seems to possess some that Mr. Halstead Covington, young son of Mr. and Mrs. T. T. Covington, who was a student at the Marine (Ala.) Military Institute the past season in preparation for entrance of the United States Naval Academy, failed to pass the required examinations and for this alleged reason has not gone to Annapolis. Now the facts in the case are these: Mr. Covington not only successfully met every test for entrance but did so with honors, and the reason he has not already gone to Annapolis is that he was alternate and Mr. Fred Niemeyer was principal as per recommendation and appointment of Hon. Lee D. Robinson, congressman from this district. Mr. Niemeyer also passed the entrance examinations with credit and went to Annapolis first, as would naturally be expected under the appointment. Mr. Robinson has written Mr. Covington that he stands next on the list of eligibles and as soon as there is another vacancy at Annapolis for this district, he, Mr. Covington, will be called. The Exchange is glad to publish these facts in order to set at ease the minds of any who may have entertained false notions in this respect. We have had access to the facts and every statement can be verified. Mr. Covington stood high in preparatory school and has an enviable record at home. The future holds much promise for him.

The music pupils of Miss Katie McLean will give a recital at the city school auditorium Friday evening, May 31, at 8:30. The public is cordially invited to attend this exercise.

Owing to pressure of other duties we are unable to publish a list of the selectmen who went to Camp Jackson from this county Tuesday, May 28. The names of these young men were published in recent issues of The Exchange and can be seen by referring to same.

Mr. J. Marion McNeill, son of Mr. and Mrs. D. C. McNeill, spent a few days here with his parents recently. Mr. McNeill has been a student at Oglethorpe University, and has enlisted in Dr. J. W. Long's hospital unit. He left Tuesday morning for Fort McPherson, Ga., to report for duty.

Nitrate of Soda.

The county distributor for Government Nitrate of Soda is making a small delivery to the farmers of Scotland this week from a cargo which arrived in Wilmington May 24th. This delivery and the one made early in the Spring, will amount to about 30 per cent of the Soda applied for by the farmers of Scotland county. The local committee is advised that another vessel is expected in Wilmington about May 30th, and it is expected that the county will receive an allotment about equal to that now being delivered. These three allotments will bring the percentage delivered up to from 45 to 50 per cent of the applications, and is all that the department of Agriculture has in sight for immediate arrival. The Department advises that every effort is being made to secure vessels to bring Nitrate to this country, and that one of the vessels which has discharged her cargo of Nitrate is already on a second voyage. Should further allotments be made to this county, the local committee will give due notice to farmers as soon as they are advised by the department. At present, it is stated, there is nothing to indicate that further shipments, exclusive of the one to reach port May 30th, will be received before the latter part of June, or early in July.

A HOME FOR THE MOTHERLESS CHILD.

We understand that Rev. J. H. Spaulding, manager of the Patterson Springs Home for the Motherless Child has sent out circular letters to the Hospitals of the State, announcing the fact that the Home is prepared to take infants. And that the Home has secured the services of Dr. T. G. Hamrick of Shelby, N. C. Dr. Hamrick has the honor of being one of the best baby specialists in the State. He has about twenty years experience, and will be of great service to the Home.

This work commends itself to every mother, as she looks her little one in the face, and thinks about its future welfare in case she should be taken away from it. None of us can hardly realize what a great work this is until we have some experience that brings the lesson home.

We are glad to know that some one has taken up the work to help save the present crop of babies. We may need them if this war continues.

LAURINBURG SOCIETY

MISS SMITH HOSTESS TO THURSDAY AFTERNOON BOOK CLUB.

The meeting of the Ladies' Thursday Afternoon Book Club with Miss Minnie Smith on Wednesday, May 22, will long be remembered as one of the most unique and interesting of the year. This being the time specified for selection of books for the ensuing year, the names were read out and turned into the committee for books. Report of the medal given by this club to the graded school was also made. Then with a ruffle of expectant interest the club settled down to the hit of the afternoon, a suffrage debate. Query: Resolved that equal suffrage should be granted immediately. Affirmative—Miss Julia Stewart, Miss Effie McRae. Negative—Mrs. J. A. Caldwell, Mrs. A. L. James. Judges—members of the club. Each debater handled her paper with marked ability and it almost seemed as if the heart, as well as the brain, was speaking. The decision was so close that the affirmative won by only one vote. It was rare enjoyment to hear the pros and cons of this most interesting matter and the handling showed close and careful research into the subject. Miss Agnes Lynn Buchanan delighted the club and the many visitors with two very intricate and beautiful piano solos. Miss Smith, assisted by Misses Sarah and Agnes Lynn Buchanan and Mrs. Angus Lytch served delightful ice cream and cake followed by mints. The club adjourned with many expressions of thanks for the pleasures of the afternoon.

REV. BAYLUS CADE DEAD.

(W. T. Bost in Greensboro News.) The death of Rev. Baylus Cade in Philadelphia yesterday afternoon not only removed from the pulpit a picturesque character and a superlative intellect, but it naturally raises a question as to what will be done toward the development of the Cade typesetting machine which has been advertised many years and appeared to be going well as a stock company. The machine has not been manufactured and sold, but Mr. Cade had been in the market long enough to get almost the required amount of stock. He was being backed by some splendid men in the west. Naturally it is feared here that his death will affect the future of the machine which he has tried so long to perfect.

Mr. Cade was a Confederate soldier, was many years a school teacher, minister in the Baptist church and was secretary to Governor Russell. He was a lawyer, too, studying while in the office of the Republican governor. More recently the inventor had taken active pastorates and his preaching was such as gave him unique position in the Baptist denomination. He served Wake Forest two summers ago and as a college preacher was profoundly interesting.

Mr. Cade was one of the few members of the fusion regime who voted the Republican state ticket and the national Democratic. He never went back on Bryan or his philosophy. The nearest a disagreement with the war was on the war, Mr. Cade being intensely pro-ally and a believer in the war before it was declared. Germany was an anachronism to him and the war was wholly a religious one.

It is understood that the body will be brought to Laurinburg, where he preached many years, and the burial will take place Monday. He leaves a large family.
