

**NEW CIGARETTE LAW.**

**The Duty of Every Police Officer to Inquire of Minors Where They Get Cigarettes.**

The law relative to giving or selling cigarettes to minors is materially strengthened by the enactment of a bill introduced by Senator A. D. Ivie to extend the provisions of the law by making it the duty of every police officer in the State, upon knowledge or information that any minor under the age of seventeen years is or has been smoking any cigarette, to inquire of such minor the name of the person or persons who gave or sold such cigarette or aided or abetted such person or persons in giving or selling such cigarette or the substance from which such cigarette was made, to such minor as forbidden by law. Upon receiving such information from any such minor the officer is required forth with to cause a warrant to be issued for any person or persons giving or selling or aiding or abetting any person or persons in giving or selling any cigarette, or substance out of which such cigarette, is made, and have all such persons dealt with as the law directs. Any minor under the age of seventeen years who shall fail or refuse to give any officer upon inquiring the name of person or persons giving or selling him cigarettes shall be guilty of a misdemeanor.—Ex.

**After any Sickness**

nothing so rapidly restores health and vigor as **SCOTT'S EMULSION**. It is the essence of natural body-nourishment, so medically perfect that nature immediately appropriates and distributes it to every organ, every tissue—feeding, nourishing and restoring them to normal activity.

**SCOTT'S EMULSION** is not a patent medicine, but is nature's body-nourishment with curative, upbuilding properties and without a drop of drug or alcohol. It contains superior cod liver oil, the hypophosphites of lime and soda with glycerine, and is so delicately emulsified that it enters the system without digestive effort—builds, tones and sustains.

After croup, whooping cough, measles and other child ailments it is nature's ally in restoring health.

After gripe or pneumonia it imparts strength and health, and for colds, coughs, sore, tight chests and throat troubles **SCOTT'S EMULSION** gives the greatest relief known.

SCOTT & BOWNE, Bloomfield, N. J. 12-59

MISS NAOMI T. WIGGINS,  
(Wynn Bros. Building.)

**Your Cotton Will Come Up Standing Like This**

**When Planted With the LEDBETTER "One Seed" Corn and Cotton Planter**

COME in and see the only real cotton planter. The planter with a positive, precise force feed, that will take lumpy cotton seed, just as it comes from the gin, and plant the seed in a straight, narrow line—one at a time, equal distances apart—as regular as buttons on a card.

Other planters can be set to plant "thick or thin," but this planter will plant thick—a bushel or more of seed to the acre—without bunching, or thin-down to a bushel to six acres—without skips.

Each plant stands alone with its own few inches of growing room—cuts the work of chopping down to one-half, and you can take your own time about chopping—plants keep on growing and make stocky, vigorous bushes.

When you plant your cotton with a Ledbetter "One-Seed" Corn and Cotton Planter—one seed at a time, evenly spaced—you can plant the best seed that money can buy at no more cost than ordinary seed, because none are wasted in useless bunching. And you get 5 bales of cotton on the same land that grew only 4 before, because there are no skips in the row.

When the Ledbetter "One Seed" Corn and Cotton Planter is set for planting corn it is strictly a corn planter, without an equal for that purpose—dropping without fail a single grain at any distance desired from 8 to 48 inches. And the same is equally true when set to plant other seeds, such as peas, beans, canteloupes, watermelon, sorghum, millet, etc.

With peanut attachment it plants peanuts, large or small, shelled or in the shell, with equal success. A double guarantee is behind every planter, that of the manufacturers, The Southern Plow Company, Dallas, Texas, and ourselves.

COME IN TODAY—We want you to see this planter whether you intend buying a planter now or not.
