## Endorses Dr. Parker For Legislature

My Dear Mr. Conner: I, as a former college mate, now as a close neighbor and fellow-townsmen, wish to add my endorsement to the proposed candidacy of Dr. C. P. Parker for the next Legislature.

As a student he was faithful and ambitious, as a neighbor he is thoughtful and true, as a townsman, he is a man of vision and hope. In every progressive movement he is always to be found in the lead.

He has a great passion for his home section of the State. He is a good road enthusiast. He believes in the great possibilities of his county and I am sure no man in the county would safeguard the interests of this section more than he.

## Meeting of Milwaukee Auxiliary

The Milwaukee Auxiliary of the Woman's Missionary Society met January 23rd in the home of Mrs. R. Q. Martin. The meeting was called to order by the President, Mrs. F. L. Johnson. Seventeen members were present. After the reports of the different committees we went thru the ceremony of installation of officers, led by Mrs. E. B. Craven, of Conway. We think the officers for this year are very interested and will faithfully attend to the duties of the offices.

After the business, we indulged in a bit of "Neighborhood Gossip," led by Mrs. John Wood. It was innocent enough at first, but after the news had passed as many as eighteen tongues it was very much twisted and exaggerated. Seeing how easily this could be done we all decided it was best to pass only the good news along. So our hostess, Mrs. Martin, immediately passed candy, of different kinds, and apples, which we enjoyed very much. The meeting adjourned to meet in the home of Mrs. J. M. Martin in February.

The following clipping from "The Bedford Gazette" will prove interesting reading to the numerous friends in the county of Mrs. Alexander Millar:

"J. L. Borden, principal of the Bedford High School, received a letter recently from the Borden Company announcing that the school had won a prize of three hundred dollars for one of the best average gains in weight during the Borden Health Contest which was conducted by Mrs. Alexander Millar. In accordance with the rules of the contest, Mrs. Millar received one hundred dollars and the school two hundred. This money is to be used to further health work in the school. The school and its patrons are grateful to Mrs. Millar for the work she has accomplished, and to the Borden Company for the award."

## THE ROXBEL-KELFORD SCHOOL

### Appreciation Expressed to Many Workers Who Gave of Their Time to Help Along the Movement

I think that all who helped in any way towards consolidation and carrying the bond issue for the erection of our new school building, are to be commended for the good school spirit they showed. All four districts were represented in this movement. One noticeable fact was that those districts in which the four and one-half mills will raise their tax, voted just as largely for the increase tax as in the districts where there will be no increase of mills. I was not surprised at the returns of the election, for I have always believed that the average voter and taxpayer are always generous towards the school. I had other reasons to believe that Roxobel, Kelford, Tyler, and Bazemore would vote favorably on this issue. These reasons were: The people realized that their present schools were not meeting the educational needs of their children; and they were determined to fully meet and discharge their duty towards their children. I came to the above conclusion as a result of conversation on this topic with people throughout these four districts.

I wish to commend every one who aided in this movement: Our county superintendent, our press, THE ROANOKE CHOWAN TIMES and The Aulander Advance, our boards of trustees, men and ladies. However, I wish to thank Miss Mattie Liverman for her untiring efforts and for her great influence in this movement. I think she showed that intelligent help and unselfish spirit so nobly. I feel sure that every one is grateful to our registrar, Mr. C. L. Cobb, for directing the registration and election in a strictly legal way. I wish to say I am glad to know Mr. Cobb and perceive that big heart he has towards his community and especially towards the pupils.

There were six ladies of Roxobel who freely used their cars to carry people to register and again to vote. They were Mrs. Mary Spivey, Mrs. Janie Norfleet, Mrs. Minnie Jenkins, Mrs. Verna May Burkett, Mrs. Nettie May Wals-ton, and Miss Annie Norfleet. I wish to thank these ladies for their aid in this movement. I feel sure that all who aided will be recompensed in later years, by seeing a modern school plant turning out young men and young women, trained in body and in mind, and with characters moulded for progressive citizenship.
