NUMBER 46

WOMAN'S CLUB OF ALBEMARLE GIVES RECEPTION

The reception given by the Woman's Club of Albemarle to the teachers of the various schools in the city of Friday evening was one of the best events of the season.

It was held in the rooms of the Piedmont Commercial Club and attended by a large number. There were between 40 and 50 teachers present, representing the City Graded Schools, the Wicassett-Efird Graded Schools and the Albemarle Normal and Industrial Institute.

In addition to the teachers, there were in the receiving line with the teachers, Rev. J. C. Shive, the newly elected president of the Albemarle Normal and Industrial Institute, who assumes his new duties about the middle of October, Supt. T. A. Holton, of the City Graded Schools, and Supt. O. D. Ritchie, of the Wicassett-Efird Graded Schools.

The rooms of the club had been beautifully decorated with autumn flowers and was in keeping with the spirit of the occasion. The reception was more or less informal, however, Mrs. J. D. Spinks, president of the Woman's Club, called on W. L. Mann, president of the Commercial Club, to deliver a short address of welcome to the teachers, on behalf of the town, which was responded to by Miss Rupert of the Albemarle Normal and Industrial Institute on behalf of the new teachers.

Mrs. H. C. Patterson rendered several readings for the entertainment of those present, while music was furnished by a Victrola and a local quartette.

The occasion was not only one of special delight, but it demonstrated the pride in which the people of the town look upon their various educational institutions and the high respect in which they hold their teachers. This event is becoming more or less an annual affair as a similar reception was given to the new teachers last year.—Reported.

REV. PATTISHALL JOINS MINISTERS WHO ENDORSE IT

Another North Carolina Pastor Expresses Thanks for Gains on Tanlac.

"I am gaining in strength, weight and health and am pleased of this chance to offer my hearty indorsement to the wonderful reconstructive powers of Tanlac," says the Rev. L. B. Pattishall, pastor of a leading Elm City, N. C., church.

"For over seven years I have been a victim of severe stomach troubles and indigestion. I was much run down for my appetite had failed me. Often I longed for meats and vegetables but my indigestion would not permit me to taste of them. I was nervous and my sleep was broken and unrefreshing. I tried almost everything I heard of but nothing seemed to fit my case. Then I found Tanlac.

"I have taken three bottles and it certainly has proved itself in my case. Now, I can eat any food I like without suffering afterward from pains or distress. Nervousness is gone and my sleep is refreshing."

Tanlac is sold in Albemarle at the Albemarle Drug Co.; Oakboro, Oakboro Drug Co.; Wadesboro, Fox & Loan; Mt. Pleasant, A. W. Moore; Randolph, M. E. Herrin; Badin, Fox & Loan; Norwood, Norwood Drug Company.

SEED CORN SELECTION.

In the fall is the time to prepare for a profitable corn crop the following year. When the corn is ripe drop everything else and select an abundance of seed corn. It is too important to depend on selecting while husking. When selecting seed corn give it your entire attention. Get the very best that is to be had and preserve it well and your increased yields will make you more profit than any other work you can do on the farm. The only proper way to select seed corn is from the stalk where it grew, as soon as it is ripe and before the first hard freeze. As soon as the crop ripens, go through the field with seed-picking bags and husk the ears from the stalks that have produced the most corn without having any special advantages, such as space and moisture or fertility.

Our largest yields are made from well selected seed corn. We can increase our yields 25 per cent the first year by field selection.

Mr. A made 400 bushels with crib selection, at a cost of one-half day's work.

Mr. B made 500 bushels with field selection, at a cost of one day's work. Get the difference.

I do hope every farmer in the county will devote one day in making field selection of seed corn. Let the 16th day of October be seed corn day. Let every farmer in Stanly on or before or after the above date, make use of this opportunity.

S. J. LENTZ,
County Agent.

County Exhibits at State Fair.

Considerable county rivalry for supremacy will be seen at the State Fair during the week of October 14-21. This year a new system was announced and it met with almost instant approval. Heretofore one or two counties have been able to provide expense for a very large exhibit, overshadowing many of the other counties, which discouraged them from showing their splendid products. In rebuilding agricultural hall this season, 25 booths, each 16x16, were put in with all convenient fittings and announcement made that all counties, rich and poor, near and far, were to be given an equal show. Thus far twelve counties have applied and others are expected to do so at once. Some of the county agents are hustling night and day. In Albemarle, Agent Lentz is busy. Agent Kerr is stirring things up in Alamance. G. D. Burroughs has matters moving in Nash. J. E. Latham is going to bring up some attractive exhibits from Beaufort. Clyde Davis wants a whole building for his Sandhill folk, and they got up the money for it. It will be a handsome affair. E. B. Buchanan is tireless in Lee. W. L. Mann is coming up with things in Stanly the citizens will be proud of. Arthur Sharp says Guilford will be on the map with a great line of products.

Comfort Room at State Fair.

Farmers and their wives who visit the State Fair, October 16-21, will not only enjoy the unusual conveniences that have been provided by the practical reconstruction of several of the buildings, but at a meeting of the executive committee of the Farmers' Union in Raleigh it was decided to establish in agricultural hall a rest and comfort room for the benefit of farmers and their families while visiting the big show. Dr. Clarence E. Poe, H. W. Crosby, so well known on account of his work for social betterment in the rural districts, and Dr. J. M. Templeton, of Cary, president of the Wake County Union and vice president of the State organization, took the action that will mean so much to every farmer who comes to Raleigh any day during the fair. The ladies are to be given special attention, and there will be a place for tired children. This is an innovation at the State Fair and one that will be greatly appreciated by thousands of visitors.

WANTED.

All the old papers in Albemarle. The Woman's Club is bending every effort to start a public library in Albemarle and is trying in various ways to raise money for this purpose. If we can get a car load of old papers we can realize on them about \$200. We have collected about one-third of this quantity and anyone who has old papers he wishes to give away will confer a favor on the club and help a worthy cause by communicating with Mrs. Frank Patterson.

How Catarrh is Contracted.

Mothers are sometimes so thoughtless as to neglect the colds which they contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere. adv

NORWOOD.

Our town is moving forward, not at breakneck speed, but nevertheless going some. Its material prosperity has not eclipsed its better interests as some places seem to have done. It is a splendid community in which to live. The moral and intellectual atmosphere are healthy, and the social side of life is very enjoyable. To all appearances the facilities for manufacturing are unsurpassed, yet the factories are not coming very fast. But it is believed that the future holds a career for Norwood not now visible.

There is a due compensation for the smallness of the town, and its lack of bustle and hurry so evident in many places. The idea is now that unless there is push and shove and drive and hurry there is nothing going on worth while. The town must boom. Real estate must advance, and be in demand. All the houses must be full and more in demand. But it is worthy of observation that with a boom there comes often a dearth of intellectual and spiritual interests. Thus we are reminded of Goldsmith's couplet:

"Ill fares the land, to hastening ills a prey,
Where wealth accumulates and men decay."

Our wealth has not accumulated beyond our ability to put it to a good and wise use. Neither have our men decayed. We still have men. No little town is richer in good strong Christian men than Norwood.

But I did not set out to philosophize, but to write some accounts of some social affairs in Norwood. First, we had a spelling bee at the school building last Friday night, and great was the fun and interest it aroused. So great was it that it is to be repeated on Friday night, October 13. All are invited. The "blue-back" speller is used. The old-timers are, of course, the best in that classic. The men spelled against the women. On that particular occasion there were more women than men, as sometimes happens in church. But in the wind-up they stood on an equality, for Mrs. Shinn and Dr. Hart were standing when a motion was made to call it a draw and have it over again. I cannot mention all who participated in the exercise. There were about 18 women and 15 men, though I will not vouch for the accuracy of the statement as to numbers.

Sunday morning in the Methodist church there was an unusual service. The Junior Missionary Society held the service, which was presided over by Miss Leola Atkins, who has held the children composing the society together in the same capacity for a number of years.

This little society held a bazaar not long since, and gathered up sufficient funds to purchase an individual cup communion set. The exercises Sunday were held to present to the church this beautiful service, as well as two beautiful collection plates. The entire service was splendidly planned and as well executed as any similar entertainment ever held here. The church was well filled, and all were delighted with the service.

To enter into the details of this interesting meeting would not be possible for me nor profitable to the readers of The Enterprise. To Miss Leola and the children there is due all the praise, as it was entirely on their own motion and initiative that it was done.

NORWOODITE.

U. D. C. Meets Friday.

The October meeting will be held at Mrs. Hubert Patterson's Friday, the 6th, at 3:30 P. M. This is the last meeting before the State convention at Gastonia. Business of importance is to come before the Chapter and a full attendance is desired. The treasurer urges all who have not paid their dues to bring or send them at this meeting as her report for the year must be made out and sent to the convention.

SHANKLE.

Those of our boys and girls who have entered school at Norwood are: Clifford, Carl, and Brooks Mabry; Velma and Lester Poplin, and Misses Lillie Mae and Ina Mabry. Miss Madge Shankle has entered the Albemarle Normal and Industrial Institute.

Miss Minnie Shankle expects to attend the State Fair at Raleigh week after next.

We were glad to see Mrs. A. F. Mabry at her usual place in Sunday school last Sunday after a four weeks' confinement to her home with something like rheumatism.

Mrs. "Cap" Lowder expects to go to Salisbury this week to have her tonsils removed.

Some time ago "blind Grandma" Shankle received a message from Ft. Myers, Fla., saying that her little four-year old grand-daughter, Lucile Sherrill, had died in a Tampa hospital, after an operation for the removal of a nodule from the windpipe which the child had accidentally swallowed.

Quite a surprise birthday celebration was given at the home of S. A. Poplin last Tuesday. A goodly number of friends and relatives assembled and did ample justice to the dinner that had been prepared.

J. Bryan Grimes to Speak at Norwood.

Hon. J. Bryan Grimes, Secretary of State, will address the voters, at Norwood, Wednesday, Oct. 11, at 7:30 P. M. Everybody should hear this able speaker.

CHEERFUL WORDS.

For Many an Albemarle Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Albemarle readers:

Mrs. D. Doby, Schoolhouse St., Albemarle, says: "My kidneys were out of order, but the worst trouble was with my back. It hurt me to lift anything and I could hardly stoop. Doan's Kidney Pills made me strong and well." (Statement given March 4, 1912.)

On March 23, 1915, Mrs. Doby said: "What I have said in praise of Doan's Kidney Pills before still holds good. I have always found them very beneficial."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Doby has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. 65-12

PALMERVILLE.

Frank Allen of Pekin was here last week on business.

Mrs. Dick Hammel of Gold Hill visited relatives here over Sunday.

The Baptist church has been recovered.

John Ussery of Richmond county visited his brother-in-law, T. J. Cotton, last week.

Charlie Jenkins has been quite sick at his father's for a few days.

Cain Joyce and little daughter spent the week-end in Winston with his sister.

Mrs. Belch and daughter of Newton were visitors in the home of Doris Hewett last week.

Rev. N. C. Coggin has gone to Hamlet to supply the Baptist church for six weeks.

MT. PLEASANT, ROUTE 2.

Adam Almond of this community spent Saturday night and Sunday in Oakboro.

Mr. and Mrs. Robert Tucker of near Bridgeport spent Saturday night and Sunday in the home of J. W. Barbee.

There will be preaching at Running Creek Church next Saturday and Sunday by Rev. J. E. Williams.

T. M. Almond and J. W. Barbee made a business trip to Oakboro last Wednesday.

W. P. Almond and little daughter of Albemarle spent Sunday with R. A. Almond.

The birthday dinner at the home of R. A. Almond last Sunday was well attended.

Anniversary Exercises at First Baptist Church.

Last Sunday was a great day in the life of the First Baptist church. The pastor, Rev. Robert P. Walek, and the church celebrated his first anniversary as pastor. The past year has been a most successful one. The church has received 61 additions, 31 of whom came by baptism. Sunday school and church services have been well attended. Contributions to all the objects to which the church contributes have been good. In fact the church has contributed more money during the past year than ever before in its history. The pastor and church are bending every energy toward completing the handsome new church building which is under construction now.

The church last Sunday morning looked like a perfect bower of potted flowers and ferns, notably around the pulpit. The ladies did that as a pleasant surprise for the pastor and congregation. Large congregations greeted the pastor at each service.

RINGLING BROTHERS ARE COMING THIS WAY

Announcement is made that on Monday, October 16, Ringling Bros. circus will give afternoon and night performances at Charlotte.

The famous showmen are this season presenting an all new and wonderful program. The tremendous fairland spectacle, "Cinderella," will appeal to both old and young. More than 1,000 persons take part in it. It is easily the biggest spectacle Ringling Bros. have ever staged and its glorious "Ballet of the Fairies," with 300 dancing girls, is in itself worth going many miles to see. Following "Cinderella" 400 arenic artists appear in the main tent program. Because of the great European war the Ringlings have secured scores of circus performers never before seen in America. An entire trained animal show has been made a part of the main tent program this season. The menagerie now numbers 1,000 wild animals. The elephants, including "Big Bingo," the earth's largest pachyderm, have been increased to 41 and almost 800 horses are carried. There will be 60 clowns and a big free three-mile street parade show day morning.

S. H. Hearne has had difficulty in walking for several days on account of an ankle-sprain, the result of a fall, or enforced jump of 12 feet, upon the concrete floor of his barn last week.

YOU'RE BILIOUS! LET "CASCARETS" LIVE IN LIVER AND BOWELS

Don't Stay Headachy, Constipated, Sick, With Breath Bad and Stomach Sour.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

EXECUTOR'S NOTICE.

Having qualified as Executor of the estate of Jacob Shankle, deceased, this is to notify all persons holding claims against said estate to present same to me, duly verified, on or before the 28th day of September, 1917, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate are required to see me and settle same at once. This the 28th day of September, 1916.

JOHN C. WRIGHT DIES AT HOME OF BROTHER

John C. Wright, for several years a member of the local bar, and a prominent insurance man, died at the home of his brother, L. A. Wright, at Star, Saturday afternoon. He was 61 years of age.

Mr. Wright was born near Dover Church, in the Star vicinity, Montgomery county. He came of sturdy English stock, his people being well connected.

After receiving a good preparatory education Mr. Wright attended college at Wake Forest, graduating in 1898 at the head of his class. He then studied law and passed the State examination in 1899.

Mr. Wright came to Albemarle in the fall of 1899 and set up his office. He practiced in the courts of the county and in addition gave much of his time to fire insurance business. Eventually insurance demanded so much of his time that he gave little attention to law. He managed this business successfully until his strength failed him. A few weeks ago, as announced in The Enterprise, he sold out his insurance interests to the Albemarle Real Estate and Insurance Company. His condition grew worse until a few of his friends here deemed it advisable for him to go to the home of his brother in Biscoe in order to recuperate. J. E. Agle took him to that place. Later Mr. Wright went to Star where he spent his last days.

Mr. Wright's body was buried at the Dover Church graveyard. Those attending the burial from here were as follows: O. J. Sikes, W. L. Mann, J. E. Agle, John M. Boyett, G. D. Blacklock, P. O. Skidmore, Dr. W. I. Hill, E. E. Snuggs, G. D. B. Reynolds, and Will Furr. These men acted as pall bearers and otherwise assisted at the burial.

Mr. Wright was a unique character and will be missed in Albemarle. No man ever lived here who had a brighter mind. He was at one time a great reader and what he read he thoroughly absorbed. His fund of information was truly wonderful, and rarely did one go to him for information on any historical point in vain. He was a student of politics and kept in touch with political conditions throughout the country by reading the big metropolitan dailies. He not only read widely but thought deeply. In religious matters he was practical rather than emotional; but, according to a member of the bar here, who knew him well, his faith was as simple, straightforward and sincere as that of a little child. He believed in a religion that does something worth while for humanity as well one that feels. He took much interest in the building of the new Baptist church here and contributed liberally of his means to that object.

Mr. Wright had a capacity for friendship and those who knew him best sincerely liked him. Whatever faults he may have had were sins against himself and not against his fellowmen.

He was never married but ever held a high conception of womanhood.
