

# THE WEEKLY RECORD.

VOL. 2.

BEAUFORT, NORTH CAROLINA, FRIDAY, SEPTEMBER 9, 1887.

NO. 36.

## CONSTIPATION

It is called the "Father of Diseases," because there is no medium through which disease so often attacks the system as by the absorption of poisonous gases in the stomach and bowels. It is caused by a torpid liver, not enough bile being secreted from the blood to produce Nature's own cathartic, and is generally accompanied with such results as:

**Loss of Appetite, Sick Headache, Bad Breath, etc.**

The treatment of Constipation does not consist merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater costiveness. To secure a regular habit of body without changing the diet or disorganizing the system

My attention, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and having used it for a few days, I concluded to try it. I first took a single dose and afterwards reduced the dose to a single dose per direction, after each trial I found that it had done me so much good that I continued to use it until I took two bottles. I have not experienced any difficulty. I keep it in my house and would not be without it, but have not as yet had it having cured me. Geo. W. Sims, Ass't. Clerk Superior Court, Bibb Co., Ga.

The great success of many agents employed by B. E. Johnson & Co., of Richmond, La. is a pretty good evidence of the efficacy of the medicine they sell. It is a reliable medicine and any contract made with them can be depended on will be faithfully carried out.

\$100 to \$200 A MONTH can be made working for us. Agents preferred who can furnish their own horses and give their whole time to the business. Spare moments may be profitably employed also. A few vacancies in towns and cities. B. E. JOHNSON & CO., 1013 Main Street, Richmond, Va.

The weather has cooled off. A week or two ago it was dreadful hot and people would literally melt on the perspiration of their faces, as they walked the streets. But things have cooled off and in the trade of S. J. Moore & Bro. the same heated and feverish excitement pervades the people who go to their cash stores to get bargains.

Insure in the Old People's Mutual Benefit Society, the only reliable Insurance Company for old people in the United States, and the cheapest and best for all ages. Call on Dr. T. B. We have on our table, an excellent work, entitled, "Christ in the Camp." This book was written by Dr. J. Wm. Jones, an eminent Baptist minister of Richmond Va. It treats of the means and ways used to bring the Southern army to Christ. This book is published by B. E. Johnson & Co., of Richmond Va; who are anxious to secure a good agent in this, and adjoining counties for their publications.

Our subscribers frequently complain that they do not receive their papers, and when they do, they are several days old, having been read by the postmaster and his neighbors. On and after this date, papers will be given the names of every postmaster and post office where these things occur. We have just had a complaint against Mr. S. E. Hamilton, postmaster at Atlantic in this county. Our subscriber informs us that he frequently receives his paper with the wrapper torn off, and as often fails to get his paper at all. We will report all post masters hereafter, to headquarters who fail to perform their duty.

A Masonic re-union was held at the Hall of Franklin Lodge on Monday evening, Sept. 5th, 1887. Quite a large number of Masons were in attendance. An elegant supper was prepared and served in good style. Masons were present from all parts of the county. It was a pleasant affair, and greatly enjoyed by all present. Two ministers of the gospel were present, and seemed to be delighted with what they saw and heard. Speeches were made by the brethren, and the meeting was not closed until a late hour.

## THEIR BUSINESS BOOMING.

Moore & Bro. as their going away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. ## TO PUBLIC SCHOOL TEACHERS AND COMMITTEES OF CARTERET COUNTY.

I desire to call the attention of all public school teachers of the county to section 2566 of the school law, which provides that the County Superintendent shall examine applicants for teachers certificates at the court house on the second Tuesday of each year, April, July, September, October and December. This section will be observed religiously. All who desire teachers certificates must appear at the county seat on one of the regular days for examination. Let no one imagine that his old certificate will be endorsed. Our standard must be raised. There is no use in paying out the public school money to inefficient teachers.

The examinations given are very simple and easy, calling out merely the fundamental principles and salient points in the subjects examined upon. Surely any one who should fail to answer seventy per cent of the questions asked them on examination should give up all idea of teaching other men's children until they have qualified themselves for the very important avocation. No private examination will be given.

Let no committee employ a teacher until that teacher produces a certificate from the County Superintendent dated within a year. And any one engaging to teach without a certificate is liable to forfeit his pay for the same. Committees of each district will notice (section 2577) that it is their duty to select one of their number to take the census of their district on or before the first day of November.

Let the clerk of each committee notify me and I will send blanks, etc. If any committee man is without a copy of the school law as amended by the laws of 1887 let him apply for a copy at once. Committees should see that proper houses are provided. In some places I have visited, new houses are needed in others old ones need repairing up properly for school rooms. We can never have proper schools in shabby ill arranged houses.

For any information or advice in reference to the public schools, all notices are earnestly requested to apply to,  
C. N. MAXON,  
County Superintendent.

## REUNION OF THE SURVIVING MEMBERS OF COMPANY E, 3RD, N. C. CAVALRY.

Kinston N. C., Aug. 18th, '87.

According to previous notice Co. E, 3rd N. C. Cavalry met at Opera House, Aug. 18, at 12 o'clock, p. m.

The roll was called and the following members answered, viz: S. H. Loftin, Serg't J. W. Woolvin, Frank Brown, J. G. Cox, Wyatt Gunchill, John T. Gray, John P. Gray, Wm. T. Hill, Shade Jackson, Ashley Kennedy, Geo. L. Kilpatrick, Jas. Langston, Elijah P. McDaniel, Geo. H. McDaniel, Wm. B. Mayo, C. M. Pollock, John A. Pollock, R. W. Pope, David S. Sanders, Jos. M. White and C. W. Yates.

After roll call Dr. H. D. Harper offered a prayer.

In behalf of the citizens of the town Dr. H. D. Harper made an impromptu welcoming address—offering the most hearty welcome and extending the hospitality of Kinston to each and every member. The following is a condensed report of same:

After some introductory remarks, he said: "When the dark war cloud that had been generating for years, and gaining velocity each year, suddenly burst upon us in 1861 and deluged the land with the cry of war, as Mt. Vesuvius has deluged the plains with lava, there were none who were more prompt to respond to the trumpet's call than the Macon Mounted Guards, Co. E. 3rd N. C. Cavalry. There were none in whose bosoms that patriotic principle 'give me liberty or give me death' found a more responsive echo. The rattle of their sabres and the crackling of their rifles were heard from the battles of Fort Macon and Newbern in '61 until the close of the great struggle in '65.

Many individuals and communities remember in depths of gratitude and admiration your daring dashes into the enemies' midst and have had their cheeks crimsoned with delight at the victories won, but none, gentlemen, should prize you more highly than Kinston and vicinity.

These recollections are not in any sense an evidence of disloyalty, but are held mainly for their social features and to correct discrepancies in the roster. Men who have faced death in gallant charges side by side, enjoy looking into a comrade's eyes in time of peace.

But men ask, if we love the Union as we pretend to do, why cherish and perpetuate the recollections of "The Lost Cause?"

We answer by illustration. A young man was passionately in love with a young lady; the engagement was broken. He loved and married another; years afterwards he met his first love and said to her, "I am now happily married, am perfectly satisfied and want no divorce, but hang me if I don't love you a little yet."

Several other subjects were discussed, such as, "Was the South justifiable in taking up arms and severing the Union?"

He closed with a touching eulogy on brave men, who have jeopardized their lives for home and liberty and loved of estates will do so again if occasion demands—a heart full of welcome to you all."

The company then proceeded to business—one of the objects of which was the correcting of any irregularities of Roster.

On motion the following committee was appointed to make correction: S. H. Loftin, C. W. Yates, J. M. White and John A. Pollock.

On motion the following committee was appointed to draft resolutions of respect concerning the death of members who have died since the reorganization of the company: to send copy resolutions to the deceased's wives, viz: Serg't B. Frank Sutton and John L. Hill. Committee, J. W. Woolvin, D. S. Sanders, John T. Gray.

On motion a committee was appointed to go out and invite all Confederate soldiers, in town, to dinner.

On motion a collection was taken up to defray the expenses of stationery &c.

The following Committee of Arrangements for the next reunion was appointed: S. H. Loftin, W. B. Moyer, J. Frank Brown, R. W. Pope, Shade Jackson, Ashley Kennedy and Jas. Langston.

On motion R. W. Pope was placed on the roll as C. Q. Serg't, having served as such under H. G. Evans.

On motion the Captain and O. Sergeant were requested to purchase a book of minutes for past and future records.

On motion Capt. Carraway's letter was ordered to be placed among the papers of the company, and the Secretary to reply to the same.

On motion Rev. Dr. H. D. Harper was elected chaplain for the ensuing year.

On motion the election of officers for the company for the ensuing year was proceeded with and resulted in the election, by acclamation for Captain John A. Pollock; Lieut. John T. Gray; O. Serg't George L. Kilpatrick.

On motion the next reunion is to be in Kinston N. C., Oct. 18th, 1888.

On motion a resolution of thanks was passed, thanking the citizens of the town for hospitalities.

On motion adjourned to meet again at above mentioned date and place.

The Free Press, Journal and Messenger requested to publish above proceedings.

JNO. A. POLLOCK,  
Capt. Com'd'g.

## OUR RALEIGH LETTER.

From Our Regular Correspondent.]

RALEIGH, N. C., September 4th, 1887.

EDITOR RECORD:—Our city is beginning to have the appearance of life and prosperity, our merchants are now looking happy and wearing smiling faces as the new cotton is coming in, the first bale of new cotton was brought to this market on the 24th of Aug., and sold for eleven cents. The cotton platform of this city has again begun to resume its usual appearance at this time of the year, that is, it is being filled up with bales of cotton. The cotton compress will soon begin belching forth its hideous sounds in compressing the bales for shipment.

Rev. Dr. N. H. Wilson, Presiding Elder of the Raleigh District, has been confined to his room by sickness in this city, but at this time is much better. They will be started a revival at Edenton Street M. E. Church to-night, so we learn The pastor, Rev. W. C. No man, is greatly beloved by his people, and most deservedly so; his congregation greatly regret that this is his last year here. He has served them faithfully for four long years, and according to the laws of the conference must be removed.

Last week in my communication I said that the city was clear of all contagious diseases—which I suppose was true at that time, but since then that not credited and often fatal disease, diphtheria, has made its appearance, and there has been

some three or four deaths in this city from it,—all children, and yet there are some others very low. We hear there are 75 cases of it in the city. On last Tuesday our streets were well paraded up and down and a cross and in fact every way imaginable by the crowd of excursionists that came up from Wilmington. They were many, and it is said left some money in the city, particularly in the hands of our merchants who furnished them with cantaloupes and watermelons. As the melon season is drawing to a close we suppose there will not be so many colored excursions throughout the country. It has been said by some one that there are three things that a negro would never be induced to forsake, (and I am of the same opinion), a circus band wagon, an excursion and water melons, this city has had many of the two latter this summer.

There was quite a sensation created here on the 31st of August it being the anniversary of the memorable earthquake, many of our citizens entertained fears that it might be repeated, and there was a rumor circulated on the evening of the 31st that Raleigh would be shaken up during the night, which caused so we hear, many from retiring until a late hour and then only to doze 20 to 30 hours. Those referred to were of course weak minded women of which in this city are many, we think such things ought to be stopped as it does no good, and in many cases it is calculated to do an immense amount of harm. The man who thinks it fun to frighten women and children with false predictions should be found up, and dealt with to the full extent of the law, if law can reach his case.

The new rail road depot which has been talked of for some time is at last, so we learn, going to be built in Raleigh, and will cost something near or quite \$17,000.

The new publishing Company of which we spoke some time back, it seems has proven to be a failure, they were to have been in operation by September 1st, and now we can hear nothing in its favor, but hear much which prompts us to say we think the "Southern Publishing Co.," has "slipped up."

There has been more arrests for drunkenness in Raleigh for the past month than there has been since the prohibitory act went into effect. Our Mayor has had many cases recently to try on account of beer and wine being sold in our city, but he deals out justice to the latter, and makes them pay for their meanness on the spot, or keeps them in the lock-up until the money comes by some source.

Wm. Gouch, who was tried and convicted and sentenced to be hanged with James Smith, for the murder of John L. Cheatham, of this city about two years ago escaped from the guards recently and has not been heard of since, he was sentenced to the penitentiary for 15 or 20 years as was Smith also.

There is a rumor floating around that the Baptists of North Carolina anticipate on no distant day of erecting in this city a large and elegant college, there are many Baptists in this city, and if the report turns out to be a reality, we do not hesitate in saying, we firmly believe the Baptists of this city will do all in their power to make the enterprise an honor to the denomination which it is to represent, and an ornament to N. C. Baptists.

We have had some cool weather at last although at this writing it is very warm, the three last days of August was indeed more like October that August and fires and blankets were brought into use the predictions of our older citizens are that the coming winter will be severe.

## THE VERDICT UNANIMOUS.

W. D. Salt, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years standing. Abraham Hare, druggist, Belleville, Ohio, affirms: 'The best selling medicine I have ever handled in my 20 year's experience, is Electric Bitters.' Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at T. B. Delamar's Drug Store.

## OUR NEW YORK LETTER.

[From Our Regular Correspondent.]

Lower Saratoga, Aug. 26th, 1887.

Your Correspondent left New York for a short vacation and for the present will not be able to entertain the readers of the RECORD with the news of the metropolis but will give a brief account of his trip through the great Adirondack Wilderness.

The start was made from New York on the Albany steambot, the Drew on the evening of Aug. 19th. A trip up the Hudson in day light or on a moonlight night is a beautiful one but on a cloudy night the beauties of the American Rhine are wrapt in obscurity. The following morning we spent in the Capitol at Albany. It is impossible to describe the beauty and magnificence of this wonderful building.
