Don't Blame the World.

Don't blame the world because the thorns are found among the roses; The day that breaks in storm may be all sun-bine when it closes. We cannot hope to always meet with fortune's fond caressing. And that which seems most hard to bear may bring with it a blessing, The buried seed must rot in earth ere it produces the flower, And the weak plant to fructify must have both the sun and shower. So man, to gain development, must struggle with life's crosses, And with calm philosophy his triars and his losses. A deadly poisonous weed may yield a salve of surest healing, The sweetest bloom may poisonous be, although its bane concealing. Things are not always what they seem but still 'twas heaven designed them. And we should class them all as good, and take them as we find them. Little we know of this brief life, and nothing of its sequel, Then let us take in humble trust all that may seem unequal. God's ways are not our ways, and he should certainly be trusted; All that is wrong in his good time will surely be adjusted, — Hawke's Bay (New Zealand) News,

Cash Cornerue, N. C.

North Carolina Anti-Saloon League.

The chairman of the State Anti-Saloon League, J. W. Bailey, has called a Temperance Convention to meet in Raleigh on January the 19th 1905 and he requests that every local league send at least two delegates and that every local County Executive Committee be represented by at least one of its members and if possible that the entire committee go.

Mr. Baly says:—This meeting will either carry our cause forward or let it back; will either confirm the prestige gained by our victories these two years or create the impression that we are careless and over confident; we either follow these victories with a sweeping triumph or with reaction and loss.

All depends upon the representiveness and the enthusiasm and the vigor of the meeting itself. My desire and expectation is that we shall have one of the greatest in the States history.

Make a sacrifice to be present, talk up the meeting. See that your local announce it. By all means have your league represented here January the 19th 1905.

I desire to call upon all the members of the league in Pamlico County to do their utmost to see that Pamlico County is largely and enthusiastically represented in that convention. It is General Robert, E. Lee's birth day, and we could honor the name of so great and good a man, in no better way than by attending a convention which has for its object so good and great a purpose as this one let all that can be sure and go.
