PILE UP YOUR DOLLARS SO THAT NO ONE CAN KNOCK THEM DOWN.

Many a tired lad has slipped his coat on when the whistle blew and said derisively: "Another day, another dollar. A million days, a millionaire." He has said a mouthful in bitter jest and without knowing it. For for nest and without knowing it. For the dollars do pile up if the stack is not knocked over.

Some financial sharpshooters are always gunning for dollars. They can pick them off at a mile like Annie Oakley cracking clay pipes in a shooting gallery. But if you put some of your dollars under cover before any one can draw a bead on them, you leave a slim score for the profiteer and the grafter.

The safest protection from these sharpshooters is War Savings Stamps bought every pay-day. If you give them your whole bank roll to shoot at they will hit it for a perfect score. Make them waste a little ammunition.

War Savings Stamps are absolutely safe. They pay a high rate of interest and you can get your money in full when you need it. When they pile up, nobody can knock the stack over.

Will You Lend a Hand to Relieve Beaufort's Present Distress—Its Housing

PROBLEM

We Must Build

If Beaufort is to grow and progress--If our community is to realize on a gigantic industrial opportunity presented by the most wonderful wave of prosperity ever presented it--we must have more homes to take care of a population clamoring for citizenship.

THE BEAUFORT BUILDING & LOAN ASSOCIATION

is seeking to Render this service

We must have Money to build--and we want you to Furnish It at a low Interest, Tax-Free--Is that Fair?

Beaufort Building and Loan stock should pay a minimum of 6 per cent. interest on the investment; and this stock is totally exempt from Federal, State, County and City taxes. That shows what our government thinks of it as a community builder. As to safety of this stock, ask your banker! You are not being asked to give anything, merely to invest! And you are offered the safest, soundest and highest interest bearing investment known.

We believe our business men will respond--enthusiastically. We conceive of no citizen of Beaufort so devoid of civic pride--to say nothing of a realization of personal advantage, financially--as to turn a deaf ear to a proposition of this nature.
