

**OUR WIVES AND DAUGHTERS**

Write for the booklet "Our Wives and Daughters." Full of information every woman should have; including voluntary testimony and advice from women in all walks of life who know by experience what Stella Vitae will do for women.

Stella Vitae is the famous prescription of an old family physician, successfully used in a long, life-time practice. Sell under agreement that if the first bottle fails to benefit money will be refunded. Ask your druggist.

Mrs. D. S. Hamilton, of Milner, Ga., Route 1, writes: "It gives me pleasure to testify to the benefit which both my daughter and myself have derived from the use of STELLA VITAE. For some time the doctors of our neighborhood had treated my daughter without success. One bottle of STELLA VITAE in three weeks' time completely cured her. My own health has been restored by STELLA VITAE. My doctor has been unable to treat my menorrhagia since I began using the Teacher's Remedy."

**M'ADOO APPEALS TO UNION LABOR**

RIGHTS OF HUMANITY SHOULD ALWAYS BE PLACED ABOVE RIGHTS OF PROPERTY

**REPLIES TO TRADES COUNCIL**

Labor Organizations Should Unitedly and Energetically Fight Against Re-Establishment of Reaction.

New York.—A letter written by William G. McAdoo, in which he appeals to all labor organizations to exert themselves "energetically, intelligently and unitedly against the re-establishment of reaction in America," was made public here.

The latter under date of June 17, was in reply to a communication from John J. Munholland, secretary of the metal trades council of New York city and vicinity, which informed Mr. McAdoo that more than 145,000 wage earners represented by the council "recommend you as the most popular candidate for President that the Democratic party could possibly name."

After thanking Mr. Munholland for the "unsolicited and unexpected endorsement," the letter continues:

"The rights of humanity must be put above the rights of property, but the rights of each should be protected within its just limitations."

A Strike of Textile Workers Has Broken Out in the State of Mexico

He Needs a Ducking. A New York shoe dealer with a perverted sense of humor stands to lose a lot of friends because of the "clever" advertising idea he has placed in effect. In his show-window he has placed a number of shoes, every one different from the other. Signs announcing such prices as \$4, \$5 and \$6 are attached to each shoe. The joker lies in the fact that when the would-be customer goes in and asks to see a certain shoe he is informed that the price is "that much for one shoe."—Exchange.
