BEAUFORT SCHOOL NEWS.

Editor in-chief Margaret Ramsay
Literary Editors—Glennie Paul, Albert Gaskill.
Sport Editors—Lydia Parkin, Dorsey Martin.

The play "A Hoodooed Coon" which was such a great success was taken to Morehead City last Thursday. Every one seemed to enjoy it, and all seemed well paid for their troubles. It had been previously planned to repeat it here on Friday night. Circumstances and weather, however, seemed against us. Trouble with the lights delayed preparations and the storm which took place later, broke up the play entirely. We regret that those who came to the last performance could not see the whole play.

The total receipts from the play amounted to almost 200 dollars.

Girls Basketball Record

The girls basketball season has come very near to a close. We think it only right to give the public an idea of the accomplishments of our team. Of course each game cannot be described but here is given a report of all games played up to the present time. A few will probably be played later.

The line up for practically the whole year has been:

Forwards—Margaret Hill, Bessie Jones.

Centers—Mary Quidley, Glennie Paul.

Guards—Lydia Parkin, Virginia Howe.

Up to the present time nine games have been played of which our girls won eight, losing the one with Smyrna girls by a margin of six points. In every respect, however, our girls have a seasons record of which they can be proud. The total score of our games of 200 against 105 points for our opponents. Of these Hills scored 115 points and Jones 73. Two substitutes who have made a good showing are Lillian Rice scoring 6 points and Ruth Morrison scoring 2 points.

MR. McCAIN DISCUSSES TAXES, TICKETS AND PROHIBITION

Editor of The News:
I want to have something to say. I read Dr. C. N. Mason's letter and Mr. Dickinson's too and am glad to say that there are some on my side. Now Mr. Editor it seems like there has been enough said about the high tax already on us and enough said against the bond issue, but I truly hope that our county commissioners will allow a vote by the people before they pass on them.

Now my friends Mr. Cannon said that the greatest curse on us was the transportation of children to and from school. Now my deal people if you will stop and think back you will find that those that bought the Mack trucks have been more of a curse to the community than any thing else in the long run. If they had used common sense they would have bought Ford trucks and more of them for the same money and saved expense Now don't you think so? My friends what Mr. Dickinson said about the fine school building that they were not education, I think just like he does. If we had more of our little local schools in the country and them paid for you know we would be a much happier people than we are now with so much tax on us.

Now if we have the chance to vote on those bonds let not some one fool you like they did in Newport. Tell you that your tax would not be much higher than they were.

Now Mr. Editor I want to say a little something about those dipping vats. They are a great curse to the whole community. Dipping cattle is bad enough and they say we have got to dip our horses. Now I can say this much about it, we are not going to unless we are made to do it. You know they said that they were going to get clear of the ticks inside of two years. Now you know any body with a thimble full of brains knows better than that. They know it was a lie when they said so. Now readers that is what they said when they got what they call prohibition. There is more whiskey used in the United States today than there was before, that is what I think about it.

Last week I was up to New Bern and picked up a Sun Journal and saw in there where there was \$150,000.000 spent this year for rum, and it was shipped to Ohio and marked shoes and tin ware and some other goods. It came by the Atlantic Seaboard line by express and parcel post. And it said the judges and mayors were getting rich over it, they had made to their credit \$1,740,000 and one judge had made \$150,000 in six years. Now my readers they said that they were going to get clear of rum but have they done it? That is another tick lie. Something else I saw in the Sun Journal was that the wholesale and retail merchants who are furnishing meal, sugar and fruit jars to rum runners and boot leggers are going to have to show their colors. declared Rev. J. L. Hodges pastor of the Tabernacle Baptist church when he spoke to a large congregation Sunday morning on the subject: "The Call to Good Citizenship." Just at this time." Mr. Hodges said "the city of New Bern is very much in the limelight. Recent history has been such as to create a tragic atmosphere. In other words we are being put on the map." It takes a city as long to live down a bad reputation as it does an individual. It seems very difficult to place the blame we are the most helpless crowd of folks I have ever seen to be in the hand of a bunch of crooked politicians who are to blame.

We are all to blame you and I. I have lost considerable sleep over the blood that has been spilt in Craven county during the last few weeks. What is the call to good citizenship? I'll tell you it is a clean government, but have we got it? No is the answer. The officers all take bribes from the judges down to the police. Now I think it is time for our merchants in Newport to have to show their colors for some of them are selling meal and sugar to the rum runners and also fruit jars and kegs too. Now I expect you would find that the state of North Carolina is about like Ohio if was known. Now we have the whiskey and the government don't get any revenue. We had better have the revenue if we have got to have the whiskey.

Let me hear from some one else.
Your friend,
E. L. McCAIN
Newport, N. C.
