

OTWAY SCHOOL NEWS

Our school has a Victrola now, and we expect to remedy many physical defects by taking exercise. The children are delighted and seem to take greater interest in the chapel exercises. We have not had it but a few days, and Miss Scott seems to be renewing her age already.

On Friday morning, December, 18, we are planning to have a little dramatization "Christmas Eve in the land of Nod" in which about twenty-eight children will take part. Miss Carrie Belle Lawrence will act as mother and Miss Avenia Gillikin will play the part of Fred. Miss Lula Gillikin will play old Santa's part. Misses Annis Lewis and Laberta will close the scene by singing "Silent Night". After this many songs, recitations, carols, and acrostics will be given.

A word may be added here concerning our work in the past and our plans in the future. Last month all tests in the fifth and sixth grades were passed successfully except in one or two instances. "Work" is our motto. Make it yours, so when the school term ends in the spring, we can say that we have won an educational victory for old Carteret greater than ever before by passing our work 100 per cent.

We have had our school yard cleaned up, and after Christmas our principal is planning to have the yard filled in, in order to get rid of so many mud holes. We must not fail to mention here the fact that one of the good patrons of our school Mr. Mesley Lawrence has very kindly offered us the privilege of using his land as a base ball diamond. We heartily thank him. May his children make great prize fighters and baseball players! To all who have helped our school we extend our thanks, and to all sister schools greetings, and wishes for a pleasant Christmas and a happy New Year.
