

HARKER'S ISLAND NEWS.

Capt. Mart Lewis has brought his boat home completed from Mr. M. L. Willis' Marshallberg and Capt. Martin Fulcher has his new boat too. Mr. Ed Willis of Sea Level built her.

The friends of Mr. and Mrs. Johnnie Russell, who have just returned from the Morehead City hospital, are congratulating them on the birth of a daughter, Kathrine Ray.

Born to Mr. and Mrs. Louie Hancock a daughter, Mary Agnes.

Born to Mr. and Mrs. W. A. Willis a boy, Clinton Neil.

Aunt Jane Sullivan, previously spoken of in the News is not getting any better but gradually worse. We are sorry she is so sick and afraid she will die.

I must be very careful how I write and place the items for they do not set right on King Cleveland. You remember that he said in last week's News that the Harker's Island news was foolish and destructive and that the editor should read news before printing. I reckon he reads it and everybody else for I sold 10 more papers this week than ever. He must want to sell these papers himself. He reminds me of the dog that held the bone in his mouth while crossing the water and saw his shadow of it and grabbed at the piece he saw in the shadow and lost it all.

We are sorry that we could not have our entertainment last night, the weather being so bad, but it will be held Monday night if nothing happens.

Larry Willis, formerly of Sealvel has moved here now to attend school. He says he likes the boys and girls there alright and the school too, but he likes this place and is overjoyed with the school. He says his teacher is just fine in fact the teachers of this place is first class and hard to beat.

GOOD OLD HARKERS ISLAND.

I was born on Harker's Island,
And there I want to stay,
Till its walls shall crumble in ruin,
And moulder in dust away.

Its a handsome place to live in,
Being that we're all alone,
Without a bridge or ferry,
And its have to stay at home.

Oh! let the ferry come across;
And do not wait a minute,
For when the ferry landed,
We all would think we were in it.

To have so many to leave this place,
Will be a jolly time,
We'll give three cheers for our old
board
Of County Commissioners.

Last Sunday afternoon a crowd of young people started down to what is known as North Bay ditch. Two young girls who were behind the rest of the crowd took the wrong path and not knowing their whereabouts, at once became alarmed. As it had been raining most of the week it was quite difficult for them to find their way. However they splashed through mud and water which they eagerly followed, after a while they came to a small road and after rambling about the woods for some time they came out to the road where the rest

of the crowd was waiting. They were quite wet and muddy, also frightened very much because of their adventure.
