OUR SERVICE UNEXCELLED

THE PARAGON COMPANY

Morehead City, N. C.

The Holly Grove Dairy

Is now prepared to supply a few more steady customers with the highest grade of dairy products. When the price is the same why not secure the best quality obtainable.

Clean milk is the one best all around article of food. It is also one of the cheapest foods but at the same time it is one of the hardest to handle and keep clean. We have the only modern dairy plant and are the only producers of milk in Carteret County whose methods of production are endorsed by the state board of health.

Our herd of high grade cows is being enlarged and we therefor can accommodate a larger patronage. Deliveries are made twice daily thereby insuring fresh milk to our customers according to their needs.

Our products are of unexcelled quality. Purity and cleanliness is our motto and we invite a public inspection of our plant at any time and we would be glad to demonstrate the equipment and methods we use and the precautions we take in producing milk.

We hereby solicit your patronage and in return we guarantee a quality of product and a promptness and efficiency of service second to none in this locality.
