SENIOR PLAY

The Seniors will give their play one week from next Tuesday night, May 24. The play is called "Mr. Bob" and you will enjoy greatly the well planned plot.
 Mr. Bob is a "nick-name" for one of the feminine characters. This causes a general mix-up in the plot and it will be great fun to watch it work out. Come all and bring one! Dent miss the fun!

FIRST AID COURSES

For twenty minutes each morning of this week first aid courses have been conducted in each of the high school rooms. These courses have been under the direction of the Scouts, who have demonstrated their ability clearly.

These courses are given so that the students may know the various ways of meeting any emergencies. They are considered very helpful and it is hoped that each pupil will derive a great benefit from the instruction.

SOPHOMORES ENTERTAIN SENIORS

The Sophomore class entertained the Seniors on a most delightful sail last Friday afternoon. The students left at four o'clock and after going to the beach, they went over to the Fort. About six-thirty, a picnic supper was served. Everyone had a delightful time and it was with reluctance that each left. The Seniors thank the Sophomores very much for a wonderful time.

 Gray Hassell was chosen the neatest and cleanest boy in the room last week, so he is our doctor again this week. Julia Thomas is our nurse.
 We had fifteen in the class to rate nine in our work books last time. Mary Barbour and Arnicia Wiley made 100 per cent. We hope to do even better next week.

SIXTH GRADE NEWS

Those on the Honor roll for the last month were as follows: Vera Swain, Irene Hood, Winfred Lewis, Virginia Willis, Minnie Stanton, Hilda Guthrie, Ethel Blake, Letha Blake Jack Longest and Frank Longest.
 Alberta Parkin has been sick with the chicken pox for two weeks but she returned to school Monday.
 We had a half holiday Friday be-

cause we had no tardies the month before.

EIGHTH B NEWS.

We have taken up the study of First Aid this week. This is very interesting and helpful to us. We learn how to care for ourselves and also to help other people who have been injured.

We were dismissed early on Tuesday because it was Memorial Day.

GRADE 8—SECTION B

Our school life was brightened, encouraged and instructed by Reverend Mr. North who conducted the devotional exercises for the whole school on Tuesday of this week.

The school work for the year will soon be drawing to a close and we are interested in making it a successful year by good attendance and good work. School was dismissed on Tuesday at 1:20 P. M. to give us an opportunity of hearing the memorial address, which was ably delivered by Hon. Josephus Daniels.

JUNIOR NEWS

The Juniors are very happy to have finished their French Grammar Tuesday. The rest of the time will be spent in reading and reviewing for examinations.

Our history class is now studying the world war. We find it exceedingly interesting.

Thelma Pake would have been on the honor roll this month if she had not been tardy.

We were very glad to welcome back to school John Barbour who has been sick with chicken pox.

SENIOR NEWS

Our invitations have come and we hope that everyone will get them as soon as possible.

Thanks to the Sophomores for the delightful sail given us on last Friday. Everyone enjoyed it.

NEWS DEPARTMENT. COLORED SCHOOL

Since the bright days of Spring have arrived, the children of this grade have awakened to the idea that they wish to keep a daily record of 65 until the close of school.

We also wish the parents to remember that our "mite box" fund still survives and will continue until the close of school Friday of each week is our general "mite box" day. We thank you for what you have done and hope you will continue to help us.

FOURTH GRADE NEWS

Each week our teacher appoints two boys to watch over the boys of our class and two girls to oversee the girls. The work of these boys and girls is to see that there is no disorderly conduct at any time. This has improved the conduct greatly as those appointed are usually those who seem to have most energy. Those appointed last week were: Alfonso Vann, Fred Fulford, Hattie Potter and Lucy Chadwick.

Those making 100 per cent on spelling last week were: James Collins, James Davis, Bessie Chadwick, Mary Chadwick, Annie Lee Henry, Mary Jordan, Julia Oden and Jessie Wilson.

FIFTH GRADE NEWS

Those receiving five stars for spelling last week were: Matthew Jones, David Forbes, Effie Anderson, Odessa Joyner, Ophelia Parker and Christine Vann.

The poems written by our class last week were very interesting. The following is an example:
 "The Naughty Boy"

Once there was a little boy, who was romping through the woods, There he saw blue bird's eggs. He took all that he could, Now dear children both great and small, Let me say a word to all, While going through the woods in great alarm, Never do a poor bird harm.
 Edna Simmons.

SECOND GRADE NEWS

Lawyer Hardesty, Joseph Parker and Julius Williams are policemen this week.

THIRD GRADE NEWS

We have a dictionary game twice a week. We are told to find a certain word the first to find it reads the meaning to the class. Everyone is interested and wants to be the first to find the words. We learn two or more new words every day and also learn how to use them in sentences. In this way we are trying to enlarge our vocabulary.
 Lelia Fulford and Marguerite Williams are housewives this week.
 Our boys sold "hot dog" sandwiches this week.

THE HIGH SCHOOL

The high school boys—lest the girls should get too far ahead of them—got busy last week. On Tuesday evening a freezer of cream and several dishes of candy gave evidence that a social was to be held. Though the attendance was very small, the boys had no difficulty the next day in disposing of the most of excellent cream which was left.

We regret that the illness of Kathleen Marshall's mother made it necessary for her to go home a week ago. We were glad to have her back the previous week, after an absence of several days and had hoped that she would remain until the end of the term.

HERE AND THERE—

The students of the high school have been offered two scholarships of the aggregate value of \$105, at Knoxville College, Knoxville, Tenn. The Principal is endeavoring to obtain free scholarships for the class of 1928, at the following standard institutions: Virginia Union University, Howard University, and Knoxville College.

Colored students in West Virginia who are prevented from pursuing profession at work at the University of West Virginia because of the separate school system, will be reimbursed by the state up to \$150 should they pursue their studies in other schools outside the state.

Doctor Charles H. Wesley of Howard University, has recently published a scientific monograph entitled "Negro Labor in the United States." This work has been most favorably received.

Colored students in the flood zone in Arkansas have been highly praised for their intelligent and heroic conduct in aiding refugees. This is especially true of the students of the A. and M. College of Little Rock, Arkansas.
