

## PLANS PERFECTED FOR CELEBRATION ON LARGE SCALE

Visitors From All Over Carteret And Other Counties Expected Here

### PARADE AT ONE O'CLOCK

Unless all signs fail tomorrow (Friday) there is going to be a big time in Beaufort. The 11th day of November is the ninth anniversary of the greatest war in all history. The day will be observed in many towns and cities in the United States and Beaufort will be one of them.

Preparations for Armistice Day have been going on for some time. Mr. J. T. Willis Jr. of Morehead City who has been in active charge of the affair has worked indefatigably. He has looked after all the details and has advertised the event all over Carteret county and to some extent in other counties. If the sun shines, and he says it is going to do it, the prospects are good for a large crowd here tomorrow. Mayor Jones received a telegram yesterday to the effect that two naval seaplanes would reach the harbor this afternoon. These planes will fly over Beaufort and the surrounding country. They will drop tickets some of which will be good for prizes when presented at various business houses in Beaufort and Morehead City. There will be music, a parade, speaking and a football game. Several coast guard vessels will be on hand and visitors are invited to inspect them. The official program is as follows:

11:00 A. M. Airplanes will fly over city.

12:45 P. M. School children will meet at Courthouse Square and form parade to Inlet Inn, led by St. Paul's School Band.

1:00 P. M. Fire Whistle will blow followed by ringing of bells and other whistles blowing. Citizens are requested to join School Parade at this time.

1:15 P. M. Music by Band followed by song AMERICA. Prayer by Rev. G. W. Lay.

1:30 P. M. Prof. J. H. Workman, Supt. of County Schools will introduce the speaker, Hon. Luther Hamilton, Mayor of Morehead City and Ex-service man.

2:00 P. M. Airplanes will fly over city and Boat Racing will commence at Davis House wharf and east by the City.

3:00 P. M. Foot Ball Game by Morehead City vs. Ayden. Let every body go and see a real Foot Ball Game.

Airplanes will drop Prize Tickets while flying over City. Get your ticket and Prize before leaving town. Visit Navy boats and airplanes and see what Uncle Sam has.

A welcome to Beaufort at other times is extended.

### Group Meeting Held At White Oak School

The second Group Meeting for Carteret County Schools was held at White Oak School on Tuesday November 8th. The work made a splendid showing for a newly consolidated school. The morning exercises were given by the third grade. Demonstration lessons were taught by Miss Alice Eatman in the first grade, by Miss Fannie Sloan in the second grade, Miss Challie Fulcher in the third grade, Miss Mamie Wolf in the fourth grade, Miss Thelma Mason in the sixth grade, and Miss Virginia Moore in the seventh grade. Reading was taught in the first grade. English in the third grade and arithmetic in the other grades.

All of the lessons were very interesting. The sixth grade lesson was especially interesting for the children because it was a part of a project. They were studying discount and had difficulty to understand it. Miss Mason, the teacher, proposed that they make a store and buy articles at a discount. In this lesson each pupil went to the store, bought an article at a discount and then figured the net cost of the article. Later when they study commission they plan to pack some of the articles and have different members of the class act as travelling salesmen and receive a commission.

In the afternoon the demonstration lessons were discussed and plans were made for improvement of the work before the next group meeting.

The longest English word recorded by any dictionary is antidisestablishmentarianism.

"The shouting and the tumult dies  
The Captains and the Kings depart  
Still stands thine ancient sacrifice  
An humble and a contrite heart;  
O Lord of hosts be with us yet  
Lest we forget Lest we forget."

### Schools Doing Well In Carteret County

The members of the County Board of Education were all present at their monthly meeting held on last Monday. Considerable time was spent in a discussion of school problems. With the exception of the financial situation, which has been a little strained, the board is well pleased with the progress of the public schools. Attendance is good this year and the grade of instruction is said to be better than it has ever been before.

The educational board paid a visit to the county commissioners and presented their request for funds for operating the schools during November. They were assured that the funds would be forthcoming in a short time. Acting on the request of the State Historical Commission to appoint a county historian, the board appointed to this position Mr. M. Leslie Davis. Some business of a routine nature was attended to and the board then adjourned.

Foolscap paper is so called because a devise of a fool's cap and bells was originally used as a watermark for paper of that size.

### BRIDGE NEARLY FINISHED

The time for opening the bridge is drawing nearer and nearer. The piling between the Atlantic hotel and the bridge is finished and the drawbridge on the west side is raised and lowered by electrical machinery. Asphalt laying on the fill between the two drawbridges is going right ahead and with good weather will be finished in a few days more. Good progress is being made on the drawbridge on the east side too and this should be ready soon. The News has heard unofficially that the bridge will be opened to the public Thanksgiving Day and it looks as if this may be true.

### WEAVERVILLE MINISTER HERE

The Reverend W. M. Hyde Jr., a Presbyterian minister of Weaverville, N. C. is spending several days here on a visit to his brother, Dr. F. E. Hyde. Mr. Hyde will preach at Williston Sunday evening at seven o'clock.

### May Establish Court For Carteret County

The Board of County Commissioners may establish a county court in Beaufort. At any rate they took the matter under consideration at their meeting Monday. A petition asking that the court be established was presented. The petition was signed by all the lawyers in the county so the News is informed. If established the court will try both civil and criminal cases. It will be necessary to appoint a judge and a solicitor for it.

The minutes of the board meeting had not been recorded in the minute book at ten o'clock Thursday morning so the News is not able to give the details of the meeting. A jury was chosen for the December term of court and some other routine business was done.

### STUDENT MAKES GOOD AVERAGE

Mr. P. B. Beachem of Beaufort R. F. D. 1 has been notified by the authorities at N. C. State College that his son H. R. Beachem who is a student there has made an average on his studies of 90, which is considered a very good record.

### VIEW OF BRIDGE ON MOREHEAD CITY SIDE

The massive draws on this bridge are raised and lowered by electricity. The operation can be completed in about two minutes.

### SKATING STOPPED ON FRONT STREET

No Skating Allowed Between Moore and Pollock Streets. May Buy New Engine

The board of town commissioners held their usual monthly meeting Monday at the city hall. Mayor Jones and Commissioners Chadwick, Hill, Mason, Potter and Whitehurst were present, and also City Attorney M. Leslie Davis.

Commissioner Chadwick read a short statement in regard to the business of the Water and Light Department for the past month. This showed receipts of \$2,667.90 and disbursements of \$2,520.20. The disbursements include the payment of a note for \$1250 which was an installment on the engines bought by the former board. The matter of collections was discussed and the Superintendent was instructed to cut off everybody off who does not pay by the 10th of the month.

Commissioner Potter made a motion that the Chief of Police collect all special taxes except merchants' license taxes. This was adopted. The Chief was also directed to inspect all plumbing work and charge \$1 for the service the same to be paid by the contractor. (Continued on page Ten)

### Diphtheria Campaign Is Now In Progress

A campaign against the dread disease diphtheria is in progress in the county now. Last week Dr. S. E. Buchanan, County Health Officer, started administering toxin-anti-toxin to children. He met with a very good response from parents and a considerable number of children were given their first dose. The sections visited were Stella, White Oak, Merrimon, South River and Lukens. As soon as these are finished other parts of the county will be visited.

In December Dr. Buchanan plans to visit the public schools of the county with a picture outfit and will show health pictures. The schedule of the appointments will be furnished in a few weeks.

### MOREHEAD VILLA SOLD AGAIN HERE MONDAY

Morehead Villa was sold again under an execution Monday at the courthouse door. It was bid in by attorney J. F. Duncan for \$1620. The sale was to satisfy the claim of a fly screen concern in Cincinnati, Ohio. The News has heard that there are other claims against the property amounting to \$200,000 or more. As to what the final outcome of the matter will be no one seems to know.

### Police Court Items

Mayor Jones tried several cases in his court Friday afternoon and several were continued for one reason or another.

Fairley Wilson, colored, charged with drunkenness admitted it and as it was his first offense was let off with \$1 and costs, amounting to \$4.00 in all.

William Fisher, colored, for the same offense received the same penalty.

Lemuel Mason pleaded guilty to a charge of drunkenness. It was his second offense and he received a fine of \$5 and costs and a warning as to what would happen if he came up again.

David Parker and George Davis, colored, pleaded guilty to transporting liquor. They were bound over to Superior Court.

There were two charges against Sam Oden, a colored youth. He was tried on the charge of having been drunk and with a trespass upon the premises of Mike Atallah, pool room proprietor. He claimed not to know anything at all about the matter but several witnesses did and he was fined \$1 and cost in one case and held for Superior Court in the other.

A wig store in New York employs three bald-headed clerks to exhibit wigs and toupees to customers.

### D. C. Boney Succeeds Commissioner Wade

RALEIGH, Nov. 3—The resignation of Stacey W. Wade, State Insurance Commissioner since January 1, 1921, was announced Friday by Governor A. W. McLean. The resignation is effective November 15, next.

Governor McLean announced the appointment of Daniel C. Boney, Deputy State Insurance Commissioner, to fill out the unexpired term of Commissioner Wade.

Commissioner Wade, one of the best known of the State officials, has accepted a position as vice-president of the Home Mortgage Company of Durham.

#### Official Statement

In announcing the resignation of Commissioner Wade, Governor McLean said he regretted very much to see Mr. Wade leave the State's official family. "You have served the State most faithfully, over a long period, and I am sure that the people of the State of North Carolina feel as I feel, that your retirement to private life causes a genuine loss to the State's service." The Governor wrote Commissioner Wade.

It was understood that Commissioner Wade will get a substantial increase in salary in his new position in Durham. The salary he receives as State Insurance Commissioner is \$4,500 a year.

#### DONATION DAY FOR LIBRARY.

Friday, November 4, from 3 to 6 was donation day for the Public Library. Quite a goodly number attended and enjoyed the tea and wafers served by the library committee. Donations of books and money were received from the following: Messdames John Humphrey, T. W. Brinson, Sallie Shelton, Hugh Overstreet, S. F. Hildebrand, J. P. Harris, Rev. J. P. Harris Mrs. W. H. Taylor Mrs. M. L. Davis, Mrs. Hal Potter, Mrs. Lilla Willis, Miss Emma Manson, Miss Etta Manson, Miss Doris Chapin.

The Library Committee wishes to thank each and every one who helped to make the day a success, either by donations of gifts or services or both.

According to the London Medical Journal in 1815, it was believed that a silver ring worn constantly would cure a case of epilepsy.

### FIRE FIGHTERS HOLD MEETING

Delegates From Various Towns Have Social and Business Meeting

The East Carolina Firemen's Association held its quarterly meeting here at the Inlet Inn Tuesday evening. About seventy-five persons were present but a much larger crowd was expected and preparations had been made for them. It is thought that some failed to come because of threatening weather. There are about 13 towns in the association.

The meeting was held in the spacious dining room of the Inlet Inn and was preceded by a sea food dinner which seemed to be enjoyed by visitors and the home folks too. After the dinner Mr. R. Hugh Hill of Beaufort, in the absence of President Manning, acted as toastmaster and called on a number of those present for speeches. Those who responded were Mr. M. Leslie Davis, who welcomed the visitors in appropriate words, and Messrs. E. Walter Hill, C. R. Wheatly, Reverend G. W. Lay, Reverend J. P. Harris and W. G. Mebane. The speakers expressed their pleasure at having the firemen meet in Beaufort and paid a tribute to him for the important service which they do for the commonwealth. After the speaking the reports of the Secretary, W. H. Gray of Robersonville and R. S. Peel of Kinston the Treasurer were made. Mr. Peel invited the Association to hold its next meeting in Kinston which invitation was accepted. The body adopted a rising vote of thanks to Beaufort for the entertainment which was given them. Delegates were present from Plymouth, Robersonville, Greenville, Kinston, Morehead City and Beaufort.

### Real Estate Transfers For The Past Week

Deeds recently recorded at the office of the Register of Deeds are as follows:

3:13 P. M.	9:20 P. M.

### OYSTER INDUSTRY SHOWS INCREASE

Business Has Already Exceeded Last Year's Record With Peak Not Reached

RALEIGH, Nov. 4th—With the first month of the current oyster season past, survey by T. R. McCrea, sanitary engineer of the Fisheries Division of the Department of Conservation and Development shows the volume of business in the oyster industry of the State greater than at any period during last season.

Observations by Engineer McCrea show still increasing business in each of the large producing and marketing centers. "Aside from the fact that the people of North Carolina are eating more oysters than ever before," declares Engineer McCrea, "the Northern markets are turning their attention to the North Carolina beds, and numerous concerns have established themselves along our coast investing a considerable sum of money in the industry."

The demand for oysters is greater in Washington than the supply, according to reports from that city, but with the addition of faster freight and oyster boats running from Washington to Pamlico Sound, it is expected (Continued on page five)
