

Schools Will Open Here A Week From Next Monday

First Two Days Used For Registration; Teachers Have Been Selected; Two Male Members of Faculty In High School

On Monday morning, September 9th, at nine o'clock, for the third time a school year will begin in the new building. The first two days will be used for registration, classification, and going through the routine of the regular school day. On these two "preparatory" days all pupils should supply themselves with the necessary books. These books, however, should not be secured until the course of study and book list has been seen, due to the fact that all high school books have been changed and two, namely—reading and spelling have been changed in the grades. Pupils of the primary department will not buy books—these being furnished by the school for which fees of \$1.50, \$2.00 and \$2.50 will be charged in grades one, two and three respectively. These fees will be collected by the teachers on Monday. Likewise teachers of grades 4 to 7 inclusive will collect a supply fee of 50c from each child. These fees represent the total yearly cost for materials furnished by the school in the above named grades.

For the information of the parents who expect to enter their children in the first grade for the first time please note that no pupil will be accepted who does not become six years of age by February first. Likewise no new pupils will be accepted in the first grade after a period of six weeks has elapsed from the opening date. This being necessary because of the fact that they are beginners.

It is highly important that all pupils be entered on the first day of school and be kept in school every day throughout the year.

In order to facilitate the work of organization the first public chapel exercises will be held on Wednesday, September 11th at 10:40 o'clock. All parents and friends of the school are urged to be present at that time.

For the first time in some years we will have two men giving full time to high school work. Mr. Robertson is returning to us as teacher of Science and coach of athletics. He will be remembered by his good work, both in the classroom and on the athletic field. The second man is Mr. Harold Webb, who will teach French and English and conduct a school orchestra.

By reason of the good attendance in high school last year we are able to resume the department of Home Economics this year. Miss Anne Beatty of McKenzie, Tennessee, will have charge of this work. Miss Beatty comes to us highly recommended, as do the other teachers, having had college experience in her specialities.

The roster of teachers follows:

Primary Department
Miss Nettie Rice Conover, N. C., First Grade.
Miss Myrtle Lytle Old Fort, N. C., First Grade.

Superintendent.

Youth Gives His Life To Save His Brother

Last Thursday afternoon, returning from a fishing trip, Mr. Lloyd Guthrie of Stacy was drowned while saving the life of his little six year old brother. From what the News has been able to learn, the little fellow was in the bow of the boat with Loyd who was busy at work. Suddenly the little fellow fell overboard, and Loyd ran forward, shut off the engine, calling to his mates what had happened, and jumped overboard to go to his brother. The child had gone down, but Loyd dived for him, found him and held him up until the boat came alongside, when both went down. One of the crew dived for the two, found the child, but could not find the older brother. Not until they used their nets did they find the body of Loyd. All efforts at resuscitation failed. The accident happened at Thorefare Bay, near Atlantic.

Mr. Loyd Guthrie was just sixteen oldest son of Mr. and Mrs. L. J. Guthrie of Stacy. He was very popular and a fine young man.

The funeral was held from the home Friday afternoon, conducted by the Reverend J. P. Harris and was largely attended.

RALEIGH, Aug. 24—Almost one-third of the 16,810 criminal cases disposed of in North Carolina Superior courts during the fall terms of 1928 and spring terms of 1929 were for violation of laws concerning intoxicating liquors.

The report of the clerks of Superior courts of the state, made available today in the office of Attorney General Dennis G. Brummett, showed that 5,307 liquor law violations alone doubled the next highest total, larceny and receiving stolen goods, which totaled 2,874. There were 11,

DEER HUNTERS FINED FOR VIOLATING LAW

Bob Jones, Franklin Jones, and Jno. Mann all of the neighborhood of what is known as the Forks of Newport near the Craven county line were arrested Saturday August 24th for hunting deer out of season. The arrests were made by Game Wardens Warrington and Taylor. They were carried before Magistrate Gould of Forks of Newport who taxed them \$9.50 each. They were informed that their next violation of game law would probably bring a fine of \$200.

There were five others of that section that are reported to be violating the game laws whom the wardens came very near getting. Assistant State Game Warden Nicoli has made up his mind to make an intensive drive with the wardens of this section to break up hunting deer and other game out of season, and has instructed all wardens of his district to see that the heaviest penalty is imposed on all violations whom they arrest. The wardens of the surrounding counties will be ordered to band together and break up this unlawful hunting.

Squirrel Hunters will take notice that season opens October 15.

CITIZENS' MEETING CALLED FOR TOMORROW EVENING

In order to find out whether citizens of the county are interested in the plan of holding a Home Coming celebration here or not a meeting has been called to tomorrow evening (Friday) at the courthouse at 8 o'clock. The origin of the plan is due to the State Fair management at Raleigh. The fair is to be held October 13-19. It is proposed that as many counties as are willing to do it hold some sort of celebration on Saturday the 12th. County Superintendent J. H. Workman has issued a letter to a number of citizens asking them to attend the meeting which will be open to any one who may feel an interest in the matter.

Many Cases Continued In Recorder's Court

It required most of the day to dispose of the various matters that were considered in Recorder's court Tuesday. Several cases were continued until next week's session.

A case that excited considerable interest was that in which Misses Mamie Simpson, Madge Salter and Gertrude Salter were tried on the double charge of assault and trespass. Attorney C. R. Wheatly appeared for the defendants. The court decided that Mamie Simpson and Gertrude Salter were not guilty and that Madge Salter, being under sixteen years old, should be remanded to the Juvenile Court.

Charles V. Stevens charged with giving worthless checks was acquitted of the charge.

Harry Bell, a young man from Newport, was tried on the charge of driving a car while under the influence of liquor. Mayor Shull of Newport, Chief of Police Murdock and Will Jones testified that he drove his car in a wabbling manner on the streets and appeared to be somewhat intoxicated. Attorney Wheatly introduced the defendant and two other witnesses who testified that he was not drunk. He said the car wobbled because it was old and difficult to steer. Judge Hill decided that the defendant was guilty. Prayer for judgment was continued and Bell was required to pay the costs.

Cases continued were Aleck Taylor, violating prohibition law, Charles Howland assault with a deadly weapon, F. G. Davis, violating prohibition law, J. E. Lewis bad check charge, Roy Dickinson not stopping car after accident when property was injured, Aaron George, colored of Morehead City was tried for having whiskey in his possession. His attorney Luther Hamilton tried to get him acquitted as there were some extenuating circumstances. The court held the matter open for further consideration.

HIGH SCHOOLS GROWING FAST

Large Increase In Number Of Pupils In Last Five Years. Buncombe Leads

(State Superintendent)
Public Instruction
Raleigh, Aug. 26—Approximately 110,000 boys and girls were enrolled in the public high school of the State during the session just closed. It was learned today at the office of the State Superintendent of Public Instruction from a summary of the figures taken from the reports of these high schools.

A total of 96,739, or 88 per cent of the 109,975, were white boys and girls. The remaining 13,236 were Negro pupils, 3,779 in rural schools and 9,457 in city schools. More than 61,000 the white children attended rural high schools, and over 35,000 attended city schools.

Five years ago, 1923-24, there were only 32,415 rural boys and girls and 26,369 city children, a total of 89 per cent in number of rural boys and girls taking advantage of the opportunity of a high school education indicates, according to school authorities, the holding power of the recently erected rural high schools. "Formerly," they say, "most rural boys and girls left the elementary school provided for them without seeking the advantages of a high school education, whereas now these same rural boys and girls in increasing numbers go on to the high schools provided for them."

This past year, there were 35,410 white children in the eight grade, 26,383 in the ninth grade, 19,859 in the tenth grade, and 15,137 in the eleventh grade - total of 96,739, or nearly 7,000 more than in 1923-28.

Buncombe County leads the State in having the largest number of rural white boys and girls, 2,304, enrolled in public high schools. More than one-fourth of the rural white high school enrollment is in the following eleven counties: Buncombe, 2,394; Mecklenburg, 1,635; Johnston, 1,599; Union, 1,508; Guilford, 1,476; Rutherford, 1,451; Robeson, 1,308; Harnett, 1,159; and Forsyth, 1,131.

TEACHERS' CONFERENCE Very Well Attended

Representative teachers from county schools met last Friday afternoon with Miss Gustin, county supervisor of schools.

They decided on certain standards which they thought all county schools could reach and should reach. The members of the group expressed their belief that many of the improvements made and better care of grounds, buildings, and classrooms last year was largely due to the County Honor School plan. They decided that the plan should be continued for another year. Only a few changes were made. Those present at the meeting were: Myrtle Morris, Sealvel School; Margaret Hall, Atlantic School; Corbett Davis, Stacy School; I. W. Davis, Davis School; Josie Pigott, Smyrna School; Nellie Lewis, Marshallburg School; Leona Jarvis, Harkers Island; Lilian Pigott, Otway School; Flora Davis, Bettie School; Lydia Willis and Margaret Pierce, Newport School; Edythe Lewis, White Oak School; and Thelma Mason, Cedar Island school.

Fourteen teachers were asked to attend this meeting. Thirteen were present and the other teacher asked to attend was in Florida. That is an example of the professional loyalty which exists with Carteret county teachers.

Special examinations for promotions will be held at the supervisor's office on next Thursday morning September 5th at nine o'clock. An error in the article last week stated that the tests would be on Wednesday instead of Thursday.

In the absence of the pastor, who will be away in revival services the pulpit will be supplied Sunday morning and evening by visiting preachers. At the eleven o'clock hour Dr. H. A. Welker, pastor of First Reformed church Burlington, will preach. Dr. Welker is a very interesting speaker that the church going people of the community will be interested in hearing.

At the seven thirty evening service, Rev. J. L. Cauble, of Salisbury, will preach. Mr. Cauble is a student of the Lutheran Theological Seminary, Columbia, S. C., and will finish his theological work next year. He has been doing supply work at Blowing Rock during the vacation period. The public is cordially invited to hear these two interesting speakers.
