HARKER'S ISLAND

Some Progress is being made in religious activities. The Church School work is much improved over last year. At the beginning of the fiscal year December 15, 1929 we were able to secure Miss Mary Lewis first grade teacher to teach our beginners in church school, which she did in good fashion, and enlarged the class greatly. And now see how nice it works. Just at the time public school closed here and Miss Lewis left for her home in Rutherford County. Miss Lois Yeomans one of our girls who graduated from Washington Collegiate Institute, came home and took up the duties of the beginners class and it looks as though the splendid activities of that department are going right on. Also where Miss Mattie Sue Allen, fourth grade teacher left off her work as teacher of junior girls, Miss Mary Frances Lewis also a student of Washington Collegiate Institute took up the work as teacher of the junior girls and it looks as if the activities among the junior girls are going to continue to progress.

Then too it might be said and can well be said that the senior class under the able leadership of Mr. Earl Davis, who didn't bury his talents, nor sleep and slumber with the foolish virgins, is making a record for the church and church school. Reverend Mr. Shankel filled his regular appointment Sunday. Messrs. Alton Willis, Theodore Lewis and Mervin Rose left recently for New York where they will enter Coast Guard service. In all thirteen of our young men have entered Coast Guard service within one year. Mr. Ralph Saunders, book-keeper on the dredge "Neverrest" which is working near Petersburg, Va., spent a few days here with his wife and friend.

Miss Gustin and three of her lady friends were in our midst Sunday of this week. They visited the various parts of the island, Harker's Point and Shell Point but perhaps missed some of the places of grater interest. Possibly they missed seeing the sand holes from whence the sand was taken to build old Fort Macon back in the sixties.

We want Miss Gustin and her friends to understand that they are welcome visitors in our community, so Miss Gustin with all good people are invited to visit Harker's Island. We feel highly honored to have had in our midst recently Prof. and Mrs. Randall, Professors Ward, Guy and Gilbert Tripp teachers in Washington Collegiate Institute and Miss Maud Cutler matron of the girls dormitory, Miss Odem and Miss Lewis of Washington, N. C. who recently accompanied by Misses Estell, Lois and Reva Yeomans and Mary Frances Lewis spent some time at Cape Lookout. They reported a good time and a store of generous hospitality from the various coast guardsmen of the Cape.

JIMMIE GUTHRIE STRONG FOR JOSIAH W. BAILEY
Harkers Island, N. C.—Pick ups are somewhat on the mend now. Saturday being somewhat of a busy day here the boys were speaking, some preaching and some doing most everything that one may think of. The boys from New Bern, Editor Kid Homan accompanied by Mr. Julian Brown of Marshallberg were here speaking in behalf of Senator Simmons but failed to leave any impression in that direction except that they caused several rough arguments. We did not pay any attention to every word they said, we are Bailey folks and speeches cuts no ice among us. We are all alive and up on the times. We need no speeches, cause we are fully informed on every topic of the day. We have nothing to say as regards the Senator's renomination cause we're voting for Democrats, the Republicans should see to it that their man gets his office back that is if he want him.

All this stuff they're talking on the outside is bunk, its scare crows, its only intended to lure off the so-called uninformed but everybody is fully informed on that subject. Senator Simmons informed us.

This now is our last week and let's go get Bailey as the primary is fast approaching we are truly glad, and we also can boast that we have thrown no deadly weapons in the midst of our friends either Democrats or Republicans in order to gain a single vote. We wish to have men always in the field whom the people want. Therefore we do not have to shoot poison gas in the masses in order to frighten them into an unwarranted vote. The whole reason in a nutshell why the Simmons boys have had to come out with so much fictitious stuff in every old pamphlet you see on the shore side or tacked about on the wind worn and sturdy old oaks, is simply because the people as a

whole do not want him, it takes a lot of barking to get 'em.

Mr. Bailey has done and is doing his own barking, nothing he's done in the past is why we want him, nor nor nothing he's going to do in the future, but just the upright, square, one hundred and one per cent Democrat who helped us when we could not help ourselves, that's Bailey. Of all the counties in the state of North Carolina, Carteret should give to Josiah William Bailey and Charles L. Abernethy every vote it polls.

The children need such men, and as we vote only for the betterment of our children then we ask you to cast a vote in their behalf. Vote for the children, the schools and the churches, these three being the most important of all factors. We think it our duty to highly regard such men as mentioned above.

OLD TIME GOSPEL MEETING IN PROGRESS AT DAVIS

An old time gospel meeting is in progress at the Baptist church at Davis. The Reverend J. B. Little of Pageland, S. C. is doing the preaching and good congregations have been attending. The pastor of the church Reverend J. F. Stegall is assisting with the services.

The meeting will continue through Sunday evening. The Hours for the services are 2.30 and 7.15 P. M. each day. There will be a meeting for men only Sunday afternoon. The subject to be discussed at this time is "Playing the Game of Life Squarely." A cordial invitation is extended to everybody to attend.
