## "Stag" saves \$25!

Knock off one-third your paint cost by using Stag semi-paste Paint. If it cost \$75 before to paint your house, you will save \$25 by using "Stag" now.

Just add a gallon of linseed oil to a gallon of "Stag." Have two gallons of better paint, fresh-mixed that spreads better and goes further. Your saving is in the low price of the linseed oil added for thinning. "Stag" won't crack nor peel. Bright, permanent colors. There's a "Stag" dealer near you. See him—or write us for literature and name of dealer.

Ask for color cards or booklet showing houses in colors.

## STAG semi PASTE PAINT

One gallon makes Two

Made by HIRSHBERG PAINT CO., Baltimore, Md.

Sold by NOE HARDWARE CO.

Chevrolet connecting rods are matched in sets of six to within one-quarter ounce, and are individually fitted by hand to the crankshaft. Bearings are of Bobbitt metal cast into the rods under heavy air pressure and at 800° Fahrenheit.

## Possessing the basic goodness of sound design and fine manufacture

From the selection of raw materials to the completion of the finished product, each process of building, assembling and checking the Chevrolet Six is marked by extreme care and precision. An exhaustive system of test and inspection makes certain that every part meets specified dimensions exactly. Many of these parts are held to limits of one ten-thousandth of an inch. No manufacturer in the industry uses more care or precision in building and testing than Chevrolet.

Just as every part of the car is soundly built, every feature is soundly designed. In planning

the motor, Chevrolet engineers were not content to offer the public anything less than tried and proved design. They knew that the only satisfactory way to get smooth, flexible power in a car is to use at least six cylinders. So they adopted the six-cylinder engine without compromise. And this is what you get in today's Chevrolet Six.

As a result of this sound designing and sound manufacturing, you can buy a Chevrolet and know you are getting a genuinely good automobile—soundly designed, soundly built, basically and technically right.

Twenty beautiful models, at prices ranging from \$475 to \$675

All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy C. M. A. C. terms.
