**Ruins of Old Roman City**  
Timgad is a ruined city, 23 miles southeast of Batna, in the department of Constantine, Algeria. Timgad, the Thamugas of the Romans, was built on the lower slopes of the northern side of the Aurès mountains, and was situated at the intersection of six roads. The auditorium of the theater, which held nearly 4,000 persons, is complete. A little west of the theater are baths, containing paved and mosaic floors in perfect preservation. Ruins of other and larger thermae are found in all four quarters of the city, those on the north being very extensive. There are the remains of seven churches. Numerous inscriptions have been found on the ruins and from them many events in the history of Thamugas have been learned. Thamugas passed from history after the defeat of Gregorius, governor of Africa, by the Arabs in 647.

### HARKER'S ISLAND

Messrs. Neal P. Davis of Morehead City and Tilton Jarvis of Straits were here last Sunday in behalf of the Charitable Brotherhood Lodge. The spirit of the local lodge is to move forward. And from the best information we can get the Lodge here is climbing in popularity, and no doubt will soon obtain a greater membership than it has had in the past.

The worst blow upon the Charitable Brotherhood has been made by insurance men who endeavored to show that the lodge is failing, and that it will soon be a thing of the past with no other intention than to make their own sales.

There was a double wedding Saturday night at which time Miss Edith Rose became the wife of Mr. Andrew Guthrie, and Miss Lurena Rose became the wife of Mr. Abbott Salter. Miss Leslie Davis of Marshallberg spent the week end at the Teacherage. Mr. Schlect of Cape Lookout Radio Station, spent the week end with Miss Nannie Nelson. Mr. Franks, also of Cape Lookout Station spent the week end on the island.

The people here are very glad to welcome a new neighbor into the community; Mrs. Charlie Lewis who before her marriage was Mrs. Polly Smith of Lukens. We wish to Mr. and Mrs. Charlie Lewis much happiness and success in their marriage.

### WASHINGTON SNAPSHOTS

House Ways and Means Committee, advised by other party leaders and by financial experts. Before a gathering of forty prominent New Yorkers, J. P. Morgan, national executive chairman of the Democratic party; John J. Raskob, the chairman, and former Governor Alfred E. Smith outlined plans for the organization of the minute men, the national committee's continuous efforts since 1928 to build up a militant party headed toward victory in 1932 and beyond.

Governor Roosevelt and former Governor Smith spent two hours in secluded conversation over luncheon. The meeting was at the Governor's town house, where Mr. Smith called at the invitation of Mr. Roosevelt. Nothing of a really revealing character was said after the meeting by either of the two principals, of whom one, the Governor, is the outstanding candidate for the Democratic nomination for President, the other the titular leader of the national Democratic party. "We discussed State finances," said Mr. Smith.

President Hoover has penned part of his annual message to Congress—a document of painstaking writing and rewriting in which will be used facts from many sources. With only a few weeks remaining in which to turn out a finished work, the President is following a regular writing routine. Part of his material was gathered during the last three months. Some, upon shifting subjects will be collected at the last minute.

### ATLANTIC SCHOOL NEWS

Last month the third and fourth grades had a contest to see which grade could have the fewest number of absences and tardies. Our grade won so we decided to go to Steep Point for a picnic. We carried our Geography books, lunches and a volley ball with us. We had a very interesting geography lesson and then spread our lunches. After lunch we had lots of fun playing volley ball. We played until we had to say goodbye and come home. We all had a very pleasant time and hope to have another picnic soon.

### BOOKS I HAVE READ

There are many interesting books in our room library that I have read. I like the book called "The Sunbonnet Babies In Holland," best of all. I have read it over and over. I like best where the sunbonnet babies go to visit their dutch cousins, Betye and Hans. They sleep in little beds in the wall. One of the most amusing parts of the book is when Betye falls into the water. I am sure every little girl and boy would enjoy reading it.

### FIFTH AND SIXTH GRADES

With an aim for healthier bodies the pupils of the 5th and 6th grades are carrying out a health activity. The activity is outlined to last for one month and the results are to be closely checked by the aid of an individual chart to be kept by each pupil. Those pupils showing satisfactory results will be awarded in some manner not yet decided upon. If satisfactory results are produced the plan will be improved and planned for the remainder of the school year.

The 5th and 6th grade room was given a half holiday last Tuesday afternoon for having most parents out to the Community Club Meeting. Pupils worked very hard to get the club members out and this grade had 32 parents out to the meeting.

### SEVENTH GRADE NEWS

The members of the Seventh grade of Atlantic have been doing lots of

things since school started. They are making a scrap book of Asia. They are writing stories about the countries of Asia, and putting pictures in with them. The girls are making curtains for our room. They are white, trimmed in orange. The corners are hand-painted and have the blanket stitch around them. They are going to put them up Monday afternoon. The seventh grade won the half holiday for having the most parents to the Community Club meeting last Wednesday. The following were on the honor roll for the past month and made an average of ninety or more: Mildred Taylor, Pauline Nelson, Audrey Salter, Aljia Lewis and Olleeze Mason. Pauline Nelson, Reporter.

### EIGHTH GRADE NEWS

The eighth grade civics class, under the direction of Miss Davenport is enthusiastically at work on activity for betterment of home room condition and the play ground. The girls are busily engaged in the beautification of the home room while the boys are at work on the first playground project. The frame for a battery of swings for the little folks has been completed and the first of three swings has been hung. Teeter boards and a merry go round are planned and will be started as soon as the swings are finished.

### HIGH SCHOOL PLAY

The Atlantic High School presented a play at the school house last Friday night entitled "All a Mistake." It was an excellent play in which all was a mistake, even the setting which was next door to a lunatic asylum. All came out well however and lived happily ever after.

Miss Watson and Davenport coached the play. They proceeds are to go for athletic equipment for the High School.
