The many friends of Miss Geraldine Haskett will be glad to know that after an illness of six weeks with the flu and pleurisy she is now able to be out again.

### MRS. A. J. LONGEST

After an illness of several weeks Mrs. Sallie Longest, wife of Mr. A. J. Longest, passed away January 10 at her home, about three miles from Beaufort on the North river road.

Mrs. Longest was a quiet and lovable character, well liked and highly esteemed by all her friends and acquaintances. She was a consecrated and faithful member of the Free Will Baptist church at Russell's Creek. She having joined that church when quite young.

Mrs. Longest was the daughter of Henry and Rachel Lawrence Dudley. She was born October 10, 1856, having attained the age of 76 years.

Funeral services were conducted at the home by Rev. Mr. R. F. Munns, pastor of Ann Street Methodist church, Beaufort and assisted by Rev. Mr. Warden Lewis, a retired minister of the Free Will Baptist church and friend and playmate of Mrs. Longest. "Abide With Me" and "In a Home Far Away," were sung at the home and "The Old Rugged Cross" was sung at the close of the service, at the grave.

She was laid to rest in the Riverside cemetery among the whispering pine trees and lovely floral offerings from loved ones and friends.

She is survived by her husband, a sister, Mrs. Crissie Evans and a brother Mr. Gene Dudley and the following half sisters and brothers: Mrs. C. T. Eubanks, Mrs. Dallas Sadler, Mr. G. W. Dudley and Mr. Robert Dudley, also several nieces and nephews.

### WHITE OAK SCHOOL NOTES

Miss F. Ray, state nurse, visited White Oak school January the sixth and seventh. She found in the first, second, third and first section of the fourth grades the following defects: five children with defective vision, fifty eight children with diseased or enlarged tonsils, forty-eight with symptoms of adenoids, twenty-five with defective teeth, eighteen with teeth needing cleaning by a dentist, thirteen with bad nutrition, and thirty-two under weight.

Edith Taylor, 8th grade.

### THE NAVY DIRIGIBLE

On Monday night January fourth the navy dirigible known as the Akron passed about two or three miles from Bogue post office. There were several of the White Oak School students who saw it. It was very interesting to see so big a ship sailing through the air with such a little noise, and with its red and green lights blinking around the ship and the bright lights shining in the cabin below.

Edith Taylor, 8th grade.

### OUR MAIL BOX

We high school boys have built and erected a mail box for the use of the school. We built it for the purpose of depositing the out going mail. By doing this we hope to save the teachers and pupils very much time and trouble.

### OUR FLAG POLE

We also have cut and skinned a very long pine. The part that goes in the ground is to be creosoted and the remaining part is to be painted white. We have a new flag to put on it.

### OUR BASKET BALL COURT

The same boys have built a basket ball court. We went out in the woods and cut two long, straight poles, and skinned them. Out of lumber bought from a nearby saw mill we made the backboards. The part of the poles that goes in the ground was creosoted. The remaining part and the backboards are to be painted white.

Our P. T. A. met for the first time

of the new year, January 5, 1932 with a good number present. A short program was rendered by pupils, which every one seemed to enjoy. The most interesting number of the program was a spelling contest between a number of parents from the old "Blue Back Spelling Book." Mrs. W. E. Baggs won this contest. After all the entertainments had been rendered hot chocolate and cake were served to everyone who would accept it. The evening was very enjoyable and successful, but we're looking forward for the best P. T. A. meeting ever at White Oak on Tuesday night, February 2, 1932.

We have had quite an interesting time since Christmas in reviewing and preparing for mid-term examinations, which will start next week. We are hoping everyone will be very successful in this half term's work.

A large part of the girls of White Oak were thrilled to have Miss Ann Mason to organize their 4-H Clubs January 13, 1932. Even though it is a little late to organize we are planning to do many interesting things this year.

Our meeting was called to order with Miss Mason acting as chairman. After a few club songs were sung, business matters were taken up between the two groups—junior and senior, the junior being taken from the sixth and seventh grades and the senior from the eighth and ninth grades. The officers of the junior were as follows:

President—Naomi Rhue.  
Vice President—Essie Russell.  
Secretary—Alice Beasley.  
Food Leaders—Cleo Smith, Mary Dennis and Pauline Parker.  
The senior officers are:  
President—Iris Brinson.  
Vice President—Sidney Taylor.  
Secretary—Annie Maye Gibble.  
Food Leaders—Nellie Taylor, and Thelma Jones.

### GRANDMOTHER'S BOOK

By DOUGLAS MALLOCH

Grandmother's finger yet tracing the verses line by line. The light was poor, the print was fine, The way the Bible once was set. But little handicaps she met. Spelled out the sentences divine, When thine was always printed thine In an old-fashion alphabet.

The Book was hard on ancient eyes But it was balm to hearts of old. Before the Story was retold And commentators grew too wise. So much we now philosophize, So much explain, so much unfold, We hide the fabled streets of gold. We shut the gates of Paradise.

Grandmother's Book is put away, Grandmother's faith is half-forgot, And if we're happier or not Perhaps is not for me to say. But I have just enough of gray, Have known enough the common lot, To long for—well, I don't know what, But something from Grandmother's day.

Despite a cut of 10 percent in acreage planted to cotton in Lincoln County in 1931, the growers produced 21,130 bales—the largest crop on record.

## Tots' Smart Togs Made of Kidskin

By CHERIE NICHOLAS

THREE, four, five, six, sixteen or sixty, when it comes to being style-conscious, the fair sex is ever thus regardless of age. Certain it is that the elite juvenile set in these modern times is developing an amazing fashion-awareness—a fact most amusing but which nevertheless flings a challenge to designers of clothes for the very young which must be reckoned with seriously.

This call of the hour for "style" is meeting with an especially happy response in the realm of leather and kidskin apparel for tiny tots. Just now the kiddies who know what's what in the mode, are all excitement over the new kidskin and leather togs which are now being featured and which are just too cunning for words. You will agree, after glimpsing the costumes pictured herewith, that they are all of that—so clever and winsome as leather artistry can make them.

During a recent fashion show, when the little girl pictured to the left stepped out clad in this striking outfit made all of bronze kidskin, her appearance created nothing less than a sensation. From her smart square-toed shoes to her perky little chapaneau she wears the ultra-fashionable bronze kid. The bronze kid coat has a modishly flared skirt and a voguish cape collar. Beige lapin cuffs the sleeves and lines the collar and a bow of a bit of the fur poses jauntily at the very top-notch of the crown of her hat. Of course the touch of fur is a note of supreme delight to this wee lady of fashion.

It is difficult to imagine anything more lovely and more modern than the adorable all-white kidskin ensemble shown to the right in the picture. This motor costume, as the designer chooses to call it, is the very newest of the new in little folk's fashions.

It includes slippers, hat, coat and pocketbook of soft-as-silk white kidskin. When springtime comes or in sunny climes where nightgales are singing their roundelays and the air is laden with the perfume of gay flowers, what more ideal than for her diminutive ladyship to wear this exquisitely dainty outfit styled all of fine snow-white kidskin?

However, there are kidskin fashions and kidskin fashions and some of them are decidedly practical as fashions must be for children who live in the north where tardy spring takes its own good time in arriving. The latest rage in wee folk's winter togs is leggings of kidskin. The "dear little dimpled darling," seated above in the illustration, is wearing brown kid leggings with a blue chinilla coat colored in brown beaver. The leggings fit snugly with zipper fastening and three straps above the knee.

As to older little girls, the lure of a smart leather jacket is something they simply cannot resist, especially if they go in for active sports. This year there is a greater variety in styles, and the colors are beautiful. Some models have round collarless necklines, fastening up the front with metal clips. Others have soft round collars.

There are also classic single or double-breasted types with wide collars that can be turned up around the ears. The latter are more practical for the girl who goes skating or snow-shoeing. Windbreaker types are also to be had, usually in suede, and there is an increasing call for suede jackets.
