ment. He sets out that the movement is under instructions of President Roosevelt and that the State College extension division has been drafted to handle the campaign.

Also, Governor Ehringhaus was the first to sign the cotton reduction agreement, for application to State-owned farms. The 25 to 40 per cent of land to be cut from the usual cotton acreage is to be laid out by George Ross Pou, superintendent of State's Prison, convicts in which produce the cotton.

Meetings will be held on Wednesday, Thursday and Friday of this week for the purpose of furthering plans for consolidating the North Carolina Bank & Trust Co., the Page Trust Co., and the Independence Trust Co., Commissioner of Banks Gurney P. Hood expressing belief that a new bank to be formed from them will be in operation before or by the middle of July.

Electors representing depositors will meet in Raleigh June 28, those of the Page bank at 10 A. M. and the N. C. Bank at 2 P. M. in the Capitol to elect four representatives, the stockholders meeting the next day to elect two representatives, and the R. F. C. naming one representative, and the Independence Trust Co., electors and stockholders will meet in Charlotte on the same days. The representatives elected will meet June 30 to organize, name the new bank, fix the number and name the directors, select the place for the home bank, and perform other duties looking toward opening the reorganized bank, as soon as the details can be worked out and operation started.

Governor Ehringhaus has, at this writing, made most of his important appointments, but still has several others to make, especially the various examining boards and institutional trustees. More important ones are director of Conservation and Development, with five or six board members; director of purchase and contract, with two members at large of the Advisory Budget Commission; one Industrial Commissioner; three members of the Advisory Committee to the Commissioner of Banks, and two sets of railroad officers and directors.

MORE ABOUT RELIEF COUNCIL

(Continued from page one)

COUNCIL ENDORSES ALLEN
The following resolution was adopted

ed by a 7 to 4 vote of the council:

"Be it Resolved, by the Carteret County Relief Council in meeting duly called and assembled this the 23rd day of June, 1933,

"That the Council do hereby go on record expressing its deep appreciation of the untiring, unselfish, and capable services of J. G. Allen as di-

rector of relief in Carteret County;

"That we have found in him a man of decision, possessing the courage of his convictions—yet whom we as a Council have found to be considerate and cooperative in his attitude and dealings with others;

"That we have full faith in his integrity, good judgment, fairness, and concern for the best interests of re-

lief work in the county;

"That we recognize him as the responsible head of relief work in Carteret County and, realizing the necessity of each and every assistant being responsible to him only, we accord to him his right to employ or to discharge employees according to his best judgment."

Mr. Allen engaged W. L. Stencil, who began Monday, June 26, an accurate and complete audit of the records of the R. F. C. office from the beginning through June 30, and the report of this audit will be filed with the council.

The News understands that Mrs. Hilda Kite, who has been case worker for the council since some time last year has been removed from that position to take effect the last day of June.

HOSPITAL NEWS

George Lynch, of Smyran, is now improving after a recent operation for appendicitis at the Potter Emergency Hospital.

Joe Willis returned to his home at Harkers Island after receiving treatment.

Mrs. John Basden and baby returned home Wednesday afternoon.

Mrs. Roosevelt Whitehurst was taken to the hospital Sunday morning, but is now getting along nicely. Lucy Willis and Theresa Willis, two Williston girls, underwent tonsil operations Tuesday.

WANT NATIONAL FOREST IN EASTERN CAROLINA

IT'S HIGH TIME FOR GASOLINE ADVERTISING TO COME DOWN TO EARTH

THE STANDARD OIL COMPANY OF NEW JERSEY, as leader of the industry, is helping to bring it down—to put gasoline advertising on a sensible basis. You cannot clothe yourself—or buy food for yourself—or run a car—on exaggerated advertising claims or misleading ratings of gasoline efficiency. But, if you believe the nonsense that seems to be the fashion in today's gasoline advertising, you can surely let yourself in for disappointment—and waste your money. We guarantee smoother performance. And remember, this guarantee comes from the Standard Oil Company of New Jersey, the world's largest oil organization. From a company which has

pioneered in new developments and is fully aware of the importance of such a guarantee from a company which is the industry's recognized leader. This company stands squarely back of Essolene as a great advance over gasoline—a new goal for all gasolines to attain. We urge you to try it once—when your tank is cleared of other fuels. Do this—judge Essolene for yourself with no exaggerated claims and descriptions to confuse you, and we will rest our case on your decision. Essolene is sold at all Esso Stations and Dealers from Maine to Louisiana.
