Agriculturally Speaking--

Production of millions of pounds of tobactos and cotton annually in the Carolinas is general knowledge. It is not general knowledge that these states produce millions and millions of d llers worth of other food, fruit and truck crops - all with a high, health-giving Icd no content, particularly the South Carolina vegetables. To mention only a few major crops . . . Feaches . . . Peanuts . . . Potatoes . . . Rye . . . Corn . . . Wheat . . . Fishous . . . Strawberries . . . Blackberries ... Dewberries ... Can'eloupes ... Cabbage ... Cucumbers ... Tomatoes ... Sweet Peppers ... Hot Papears ... Celery ... Lettuce ... Onions ... Apples ... Squari ... Ezons ... Broccoli ... Grapes ...

Carolina Climate is peculiarly adaptable for productly all types of agricultural endeaver, whether on large or small scale.
