Narrative Record of County Club Work

By MISS HELEN DRY

With the coming of cool fall days, the Home Demonstration women of Carteret County seemed to show more interest in club work. The clothing leader in each club was sent a copy of "The Pulse of Fashion" early in the month and each leader, with the exception of five, gave a very interesting report on "Fall Styles." The major Project for the month was "Window Treatments." This demonstration was given by the Home Agent at 17 meetings with an attendance of 218. Samples of chintz, theatrical gauze in different colors, cretonne, unfinished voile, and other materials suitable for curtains and draperies were shown. Miniature curtains, suitable for the kitchen, made of sacks were demonstrated. A copy of The Farmer's Bulletin on "Window Curtaining" was given to each Home Management Leader, 40 copies being distributed. The homes were visited by the Home Agent after club meetings, at the request of various club women, to plan the arrangement of curtains and draperies.

Naturally the sales at the Curb Market dropped considerably, due to the leaving of the summer colony, but they held up really better than the women had anticipated. Sales amounted to \$248.00. Flower sales have been good during September.

An all-day meeting of the County Council was held in the Home Agent's office on September 30th for the purpose of electing new officers and making plans for Achievement Day. The women, on their own initiative without any suggestions from the Home Agent, decided to get out a Home Demonstration Special edition of the Carteret County Herald on the 31st, which is Achievement Day. Mr. Salisbury, Editor of the Carteret County Herald, came over and talked to us about rates and made the offer so attractive that the women started right to work, electing an editor and regular newspaper staff.

An Agents Conference was attended at White Lake for the purpose of making plans for the coming year's

work. At this conference 8 meetings were attended with a total attendance of 176.

Fifty women have enrolled in the Fall and Winter Garden Contest.

You have probably seen his advertisement stating that he has lost his store and must close out every single item in his store, but unless you have been to his sale, you do not know what he has to offer. And in W. P. Smith's dry-goods sale are many bargains that can be purchased at almost any price. His sale started last Saturday and will continue until every item in the store is sold.
