SHERIFF SOLVED STORE BREAKING IN RECORD TIME

Lynch and Ipock Taken In Wilson Following Tip By Chadwick

Congleton and Johnson Are Sentenced To Lengthy Terms on Roads

Harry Lynch, sometimes referred to as Carteret County Public Enemy No. 1 as the result of his various escapades which usually center around sensational and otherwise robberies was arrested a few days ago in Wilson, within 36 hours after Louis Smith's store in Smyrna was entered by robbers. Woodrow Ipock of New Bern was captured with Lynch and both are held in jail here in default of bond to answer the charges of committing the robbery.

In Recorder's court Tuesday, they both waived examination on the charges and were bound over to superior court in June under bonds of \$1,000 for Lynch and \$300 for Ipock. Unable to raise same, they were placed in their cells. It was a clever piece of detective work that captured the two suspects in this robbery. Sheriff Chadwick was notified about 6 o'clock the following morning. He went to Smyrna, did quite a bit of detecting but could get no lead.

WOMAN CAUGHT HER WEIGHT IN C. BASS

Mrs. Carl Ruskin, weight 92, of Gastonia landed three channel bass at Drum Inlet Wednesday, the largest weighed 42 pounds and seven ounces, the three totaling 97 pounds or more than her own avoirdupois. Capt. Ammie Willis was guiding the party of three which included Mrs. Rustin. And nearby, Edward G. Fenwick and Edward T. Fenwick, Washington, D. C., patent attorneys and Rev. Lawrence Fenwick of Beaufort, fishing with Minor Davis landed eight, the largest 30 pounds and a 42 inch shark.

Fishing And ALL OUTDOORS

By AYCOCK BROWN

WHAT WILL PROBABLY be the national channel bass record during the current year is the 64 1-2 pounder taken in the surf near Frisco on Hatteras Island last week by F. A. Mitchell-Hedges. The English explorer who now lives the year round in the tiny village sent your columnist an account of the catch, which was wired immediately to the State newspapers and the Associated Press. The stories, if you read them were cut by the state editors to read "caught near Beaufort," instead of giving the Hatteras Island surf the distinction as the news correspondent had reported. Mitchell-Hedges's letter describing the catch follows:

"MY SON JAMES, aged 13, and I were fishing this morning on the

Springtime Has Been Riding Time For These Youngsters

The Pupils At Hayne Riding School Ride Banker Ponies

But these Banker ponies have been trained for saddle use. In the above picture are the following persons: Mounted: (left to right) Miss Elizabeth Thomas, Miss Carolyn Wheatly, Miss Johnnie Dill and Miss Helen O'Bryan. Standing: (left to right) Yancey Mobane, Miss Margaret Rumley, Miss Maude Bloodgood, Miss Bettie Rumley and Taylor O'Bryan. Squatting in the foreground is S. E. Hayne, expert horseman and riding master, who with his ponies cater not only to local riders, but vacationists coming to the coast this season. (Eubanks-News Photo).

SEASIDE BOUTS

Addison (Kayo) Warren

Addison (Kayo) Warren, boxing and wrestling instructor of Duke University, was signed Wednesday by the management of Atlantic Beach to stage weekly bouts or matches in the Casino each Friday night during the season starting June 26. Incidentally John Long and his 14-piece Duke University orchestra will play for the opening dance in the Casino on Saturday night May 30, it was announced.

Democrats Convened Here Last Saturday

Without any opposition whatsoever, Luther Hamilton was re-elected chairman of the Executive Committee of Carteret county at a Democratic convention here last Saturday. This move was made after the convention adjourned and following such highlights as an address by Mr. Hamilton and short talks by prominent Democrats, Jim Morris, Atlantic; Will Webb, Morehead City; Fred Seeley and Walt Longest Beaufort and Will Bell Newport. The temporary organization was made permanent, and a roll call of precincts showed delegates from each present for the convention. Rodney S. Prescott, Morehead City, was secretary of the convention.

Barden Recommends Phillips

Representative Barden advised The Beaufort News today that he had recommended H. O. Phillips, acting postmaster of Morehead City, for a permanent appointment.

Harker's Island Ferry Is Undergoing Repair

Following the noon schedule yesterday (Wednesday) the Harker's Island ferry was taken to Morehead City where it is undergoing necessary repairs. "The ferry will be out Thursday and Friday but will be back in service Saturday, May 23, in time to make the noon trip or any other trips necessary to take people over to the island," said Roy J. Hart, district engineer of the S. H. and P. W. Co., in a communication to the Beaufort News. The repairs are being made at Bell-Wallace Marine Railways.

Poppy Day Will Be Observed Saturday

Poppy Day will be observed in Beaufort and other towns throughout the nation on Saturday, May 23, when memorial poppies to be worn in honor of World War dead will be offered for sale on the streets by volunteer workers from Legion Auxiliary Units and co-operating organizations. You will be approached by one of the young "Poppy Girls" on Saturday and if you don't buy the first time you will probably be approached again. Everyone should buy a poppy.

Political Round-Up

Dissension in the Democratic ranks of Carteret (especially the mechanical division) has been brought about lately because Atlantic's political kingfish, Jovial James R. Morris is telling the world that he is for Doctor McDonald, the favorite of many, if straw votes tell a true story, in the Gubernatorial Derby. . . . And that is not according to the political machine scriptures sent to the coast from headquarters. . . . What has the active mechanics in Carteret sweating is that they fear and know that Jim Morris can carry a ticket his way in the county's "far-east" . . . In the meantime Tad Davis gets mail from McDonald Hdqrs. marked "County Manager" . . . That was the BIG STORY which was going to get Tad's name in the N. & O. but so far I have failed to see it published. . . . The Republicans are perfectly satisfied with their soft talking and likable candidate Gilliam Grissom. . . . While the vote that Alexander Hawkins Graham,—"Sandy" to you—will carry all over the State including Carteret is going to be surprisingly higher than the hayloft prelims have given.

Officials Give Report Of WPA Women's Work

Two Candidates Have Withdrawn From Race

Judge Paul Webb, a candidate to succeed himself as County Judge, is nominated. This matter was assured during the latter part of the past week when Tommie Wade, former Carteret representative to the Gen'l. Assembly withdrew his name from the ticket. And early today Samuel H. Thomas, among those running for Sheriff under Republican colors announced his withdrawal, for obvious reasons which were not classified. That leaves Republican candidate J. Walter Hill, opposing Democrat's Paul Webb in the Recorder's matter—but as for the Sheriff's race, there are so many candidates out for the office that an occasional drop out, regardless of who, is hardly noticed.

TOBE SALTER'S COW IS VERY PROLIFIC

Tobe Salter's cow, mostly Jersey, gave birth to three calves, mostly heifers, down at Davis a few days ago. And that is news. County Farm Agent and Veterinarian Hugh Overstreet, commenting on the bovine event said that it happens approximately once in 10,000, and possibly not that often. The prolific cow and her calves are getting along nicely, except one, which died shortly after birth. Remaining is one heifer and one of the other sex.

SEES HER FIRST TALKIE

Mrs. Nannie P. Geffroy saw her first talking picture Monday. It was "The Life of Louis Pasteur." The title held a special significance for her—because the famous Louis Pasteur was her distant cousin.

Morehead City Exhibit May 25-30 Will Show Work Being Done

Carteret Has Received Thousands Of Garments

E. J. Hill, Director Works Progress Administration, District no. 2 at New Bern, has announced that an exhibit will be held at Morehead City Library, Morehead City, N. C. during the period beginning May 25 and ending May 30. The purpose of this exhibit is to give the general public in Carteret County an idea of the work being done by the Women's Division of WPA. This exhibit will show the scope of work being carried on in Carteret County under the direction of Mrs. I. P. Hodges, Supervisor Women's Activities and Professional Project, WPA Dist. no. 2.

Since WPA projects began in November 1935, the Women's Division has operated sewing rooms in Newport, Morehead City, Beaufort, Williston, Marshallburg, Stacy, Sea Level, Atlantic, Harkers Island, Cedar Island and Bogue. During that period 218 women have been given employment on the sewing room project and each has had a monthly income of from \$20.90 to \$29.70, depending upon her skill in sewing. WPA has expended for sewing room projects in this County in labor and material \$28,434.48. All textiles used on these projects have been furnished by the Federal Government. The Board of County Commissioners has however, furnished space for the sewing rooms, all fuel, light and water necessary and has made contribution in thread, needles, etc. The operation of this project would have been impossible but for the loyal support of the Board of County Commissioners, City Board of Aldermen and other interested citizens.

The sewing rooms have made 30,973 articles; Since this project is sponsored by the Board of County Commissioners all articles made from the sewing rooms are property of the County

THOSE BONES WHICH Mr. Rogers plowed up on his farm in the Russell's Creek area a few weeks ago have been identified partly by Curator H. H. Brimley of the State Museum. He wants more information. While one of the larger teeth apparently belonged to some member of the horse family, two other teeth indicated different species. He is sending them to Washington for identification and he will advise The Beaufort News when something definite
