## OVER 1,500 PERSONS ATTENDING DISTRICT CLUB CONVENTION

### Vets Of Carteret Share In Pay-Off

Nearly A Quarter of A Million In Bonus Paid This Week

U. S. TOTAL 1,800 MILLION

The biggest pay-off in the history of Carteret county has been underway this week. And the postmasters are the pay-masters.

Uncle Sam has been doing his bit for the boys who did their bit, over here and "Over There" in 1918... doing his bit to the tune of almost 18 million dollars in the United States. Almost a quarter of a million in Bonus bonds reached Carteret postoffices on Monday and the pay-off started almost immediately to nearly 400 ex-doughboys who are in the money now.

Bonus bonds started on their way this week to American veterans in every corner of the globe, from Singapore to San Francisco, from Zanzibar to Archangel, from Philadelphia to Pago Pago, from London to Rio de Janeiro. And here in Carteret county from Merrimon to Salter Path from Pelletier to Portsmouth, from Harlowe to Harkers Island and Cedar Island to Cape Lookout. No community is missed. It is a grand and glorious pay-off and for the time being at least, "Happy Days are Here Again."

In the first shipment to reach Beaufort on Monday there were nearly 100 bonds. Bill Skarren local postoffice employee was the first man in Beaufort to get his bonds. He did his bit, several months of bit over in the mud of France. Bill's boy John, graduated from high

**Fishing And ALL OUTDOORS**  
 By AYCOCK BROWN

THE STORY ABOUT the first catch of dolphin in the Gulf Stream off Cape Lookout this summer was printed in dozens of newspapers from New York right on down the coast. It is great publicity for this area and mark my words, this sport of Gulf Stream fishing is going to forge ahead of all other kinds of sports-fishing along the Carolina coast in another season or two. The wise boatman will equip his craft now for taking parties to Blue Water off Cape Lookout.

AT THE PRESENT time there are only a few boats, including the Flying Dolphin, and Buccaneer of Edgewater Club, the Piggie, Capt. Guy Lewis, (headquarters at Carteret Hardware) and Capt. Jess Pagel of the boat Jesse, of Beaufort catering to Gulf Stream parties. There should be 15 or 20. More requests are coming from anglers on the interior this year for this type of fishing than in any previous year. As this column is written a request has just come in to Carteret Hardware for the use of the

Presented Visitors

Mrs. Estelle T. Smith

Mrs. Estelle T. Smith, district agent of Raleigh played an important role during the annual convention of Twelfth District home demonstration clubs in The Casino at Atlantic Beach today. Mrs. Smith was everywhere among the delegates and it was her job to present the visiting home and farm agents to the convention.

### SUNDAY MOVIE AND DANCE FOR LEGION

Crusades Will Be Presented By Beaufort Theater; Atlantic Beach To Give Dance

Carteret Post 99 of the American Legion is sponsoring a junior baseball league. Funds are needed in outfitting the youngsters and how to raise the funds was considered a sort of problem until Bob Lang of Beaufort Theater and Aubrey Shackell of Atlantic Beach came to the rescue. As a result two benefit affairs will be presented.

On Sunday afternoon June 21, at 3:30 o'clock and Sunday night at 9:15 o'clock The Crusades, one of the better talking pictures of recent years will be presented at The Beaufort Theater. All proceeds above expenses will go to the American Legion for the purpose of outfitting their junior ball team.

### HUNTLEY BUILDING APARTMENT HOUSE

Work will begin within the next few days on Beaufort's first all-brick apartment house. It will be located at the corner of Fulford and Front Streets and will cost the builder, George W. Huntley Jr., approximately \$70,000 which is financed by the FHA.

The building will have among other modern conveniences, steam heat, something that few homes boast of in this coastal area. Completed the building will have four separate apartments, two of four rooms, two of five. It is expected that the building will be ready for occupancy in about three months.

### FIRST N. C. TOMATOES MOVE FROM CARTERET

The first North Carolina tomatoes to be shipped this year moved out of Carteret county on Monday from the leased farm lands of J. H. Kinsey of Ft. Myers, Fla. The initial shipment consisted of 696 lugs (or crates) and were consigned to northern markets where the average price this week is \$2 per lug. The Kinsey interests are using the Hill warehouse near Lenoxville Road and Atlantic Highway as a packing center season. There will be an excellent yield of tomatoes this year unless the bottom drops out, the prices being paid should make a profit for the planters.

Principal Speaker at District Convention

Col. J. W. Harrelson of State College

Col. Harrelson, dean of administration of State College made the principal address to The Twelfth District convention, North Carolina Federation of Home Demonstration Clubs in The Casino at Atlantic Beach today. Widely known throughout North Carolina and a splendid speaker, Col. Harrelson's address proved to be the highlight of the fifth annual convention.

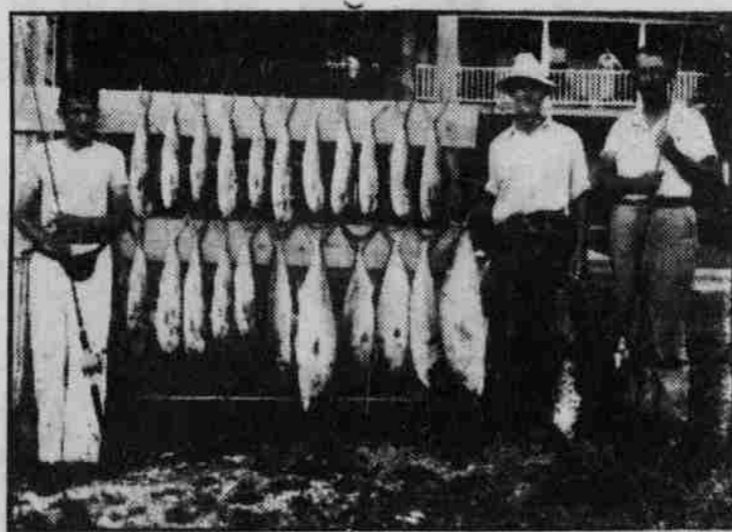

### Menhaden Crafts Load To 'Gunnels'

Menhaden fishermen have been making better catches during the past two weeks than in many years. An average of over a million fish per day have been coming into port for Beaufort Fisheries Inc., and that has meant a daily pay-roll of approximately \$750 per day to those engaged in this fishery. Similar good catches are being made by the boats supplying the fish factories of Morehead City and an unofficial estimate of the total catch since the run of menhaden first started is over 50,000,000 fish. Factories are working day and night, and many carloads of fish scrap are moving marketward over the Norfolk Southern and A. & N. C. tracks daily.

### Bind Over Alleged Potato Purloiners

Cecil Peterson and Milton Philips who were apprehended in Baltimore last Thursday on a charge of stealing about 50-barrels of potatoes from a local freight car the previous day, were brought back to Beaufort for trial by Chief Walter Longest and his assistant Gherman Holland. They were given a preliminary hearing before Mayor Bayard Taylor in City Court Monday. Probable cause was found and each were bound over to superior court on a charge of grand larceny. Unable to raise their respective bonds of \$500 each, both young men were still incarcerated, when this story was obtained from Chief Longest.

### Successful Anglers And Their Guide

Dolphin and Amberjack Landed on June 12, 1936

Eighteen dolphin, (first to be landed in Gulf Stream off Cape Lookout this year) and five amberjack, shown in above photo were taken by Ritchie Perry, (extreme right) of Tazewell, Va., and Aycock Brown, (on left) editor of The Beaufort News. Guiding the party was Capt. Jess Pagels, who in photo is holding a 36 pound amberjack taken by Mr. Perry. The largest dolphin weighed 17 pounds. Dan Caffrey who ably assisted Capt'n Jess is not shown in the picture. (Eubanks-News Photo.)

### First Dolphin Of Season Were Caught In Gulf Stream Friday

By Aycock Brown  
 The distinction of hooking the first dolphin of the season to be taken in the Gulf Stream off Cape Lookout goes to Dan Caffrey, Capt. Jesse Pagels' mate aboard the blackfish boat Jesse of Beaufort. I had turned my rod over to Dan, with the thought in view of taking a short nap while the Jesse at almost top speed made the trip from Knuckle to Lightship Buoy, eight miles farther out in the Stream. Dan's shout that something had struck, quickly drove away my drowsiness and he handed me the rod so that I could fight the mad gyrations of the first dolphin of the season. (Continued on page two)

### Col. Harrelson And Dr. McKimmon Speak

Reviews Club Work

Dr. Jane S. McKimmon

Dr. Jane S. McKimmon, assistant director of Extension at State College in Raleigh made one of the principal addresses today at the Fifth Annual meeting of the Federation of Home Demonstration Clubs in The Casino at Atlantic Beach. In her address she summarized the club work of farm women in North Carolina for the past quarter of a century.

### Farm Club Members Of Six Counties Are Meeting Today

SESSIONS IN THE CASINO

Col. John W. Harrelson, head of State College, told members of the Twelfth District Federation of Home Demonstration Clubs today that the agricultural industry stands up better, is safer, is more depression proof than city and manufacturing industries, and has a much brighter future. He delivered his address in The Casino of Atlantic Beach this morning where nearly 2,000 club members had gathered for their fifth annual convention.

Dr. Jane S. McKimmon Assistant Director of Extension at State College in an address to the gathering gave a review of 25 years of club work in North Carolina. Both speakers were scheduled to talk again this afternoon to the second annual meeting of the 12th District 4-H Club members. The morning session was presided over by Mrs. Clyde Banks, district chairman, and the session started at 10:30 o'clock.

Just as we go to press, the delegates present are enjoying a picnic luncheon, prepared by club members. Counties in the district include, Jones, Lenoir, Craven, Carteret and Onslow. Col. Harrelson's speech was one of the highlights of the program: (Continued on page eight)

### HONORED BIOLOGY CLASS AT PICNIC

Citizens Here Give Welcome Party to W.C.U.N.C. Group At Community Center

A picnic was given by the Woman's Club, Rotary Club, Business Association and Chamber of Commerce at Beaufort Community Center late Wednesday honoring Dr. Archie Shaftesbury and his biology class at the W. C. U. N. C. marine laboratory. It was the first official gathering of citizens on the Community Center property since the WPA sponsored recreational project was started last year.

Dr. Shaftesbury and his class from the Greensboro unit of University of North Carolina were gratified at the honor shown by the citizens of Beaufort who staged the picnic. They said as much Wednesday night when calling on The Beaufort News editor at his office.

(Continued on page four)

**TO PAY DIVIDENDS**  
 Hugh Davis, liquidating agent for The Bank of Beaufort and the Beaufort Banking & Trust Company, announced this morning that each of the defunct institutions would pay a 10 per cent dividend or around July 1. Checks for these payments are now being drawn.

### QUEEN MARY'S YOUNGEST PASSENGER VISITS BEACH

Miss Daphne Mack and her parents, Mr. and Mrs. Reginald Mack of London, England have been the guests of the W. C. Paxtons of Wilson at the Atlantic Beach Hotel this week. The Macks came to America aboard the Queen Mary on the liner's maiden voyage. Miss Daphne had the distinction of being the youngest on the passenger list on that cruise and she came first on the international radio program from the vessel.

### Wainwright Slough Is Getting Lights

The absence of beacon lights at Wainwright Slough has caused considerable trouble during recent years, especially to the sink-net fishermen going to and from Hatteras and Ocracoke and Carteret county ports. The matter was taken up with Congressman Graham A. Barden, who in turn took it up with the U. S. Lighthouse Department. The Lighthouse Department informed Congressman Barden this week that the lights are now being built.

### Covering The WATER FRONT

By AYCOCK BROWN

IF WEATHER CONDITIONS are right, the chances are that Morehead City Boat Club will have their annual regatta on July Fourth in the Ocean this year instead of on Bogue Sound. If the ocean is selected as the location, the triangular course will be directly in front of Atlantic Beach, and so located that observers may view the entire event without moving from one place.

GORDON C. WILLIS a Boat Club member believes it would be a splendid idea to stage the regatta in front of Atlantic Beach on the ocean, if weather conditions are right. He said as much by telephone just before this column was written. We heartily agree with Mr. Willis, that a small 16 to 20 foot boat would fare badly out there if the wind was too strong, but that is a chance all regattas have to take. If there is too little wind or too much wind, the chances are that the event will be unsuccessful.

YOUR COLUMNIST IS of the opinion that if Morehead City Boat (Continued on page three)

### TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the heads of the estuaries.
